I would like to take this opportunity to Thank All of our contributors, advertisers and readers to the Local News & Views and for supporting our Monthly Bulletin.

Wishing you a Merry Christmas and Happy New Year from the Staff of the Local News & Views

The fourteenth annual Induction Ceremony was held, to a sold out crowd, at the Wingate Hotel in Dieppe on Saturday, November 16th. The ten new inductees brought the total number of inductees to 142. They were Joe Baker (NS) Competitor Stockcar Racing; Tom Borcherdt (NS) Competitor Motorcycle; Paul Chenard (NS) Automobile Artist; Trueman Copp (NB) Recreational Snowmobile; Ken Cunning (NS) Motorsports Builder; George, Ruth, Allan, Roy & Rae O'Brien (O'Brien Auto Body, NB) Motorsports Builders; Bill Sheppard (NS) Competitor Drag Racing; Bill Snowdon (NB) Motorsports Builder; Wendell Taylor (PEI) Competitor/Builder Stockcar; Greg & Claudette Turner (NB) Motorsports Promoters/Competitors. Each inductee received a personal plaque; a Maritime Motorsports Hall Of Fame cap and pin; and a ring sponsored by King Racing. The principle sponsor for

the event was Atlantic Tiltload Ltd. The weekend began on Friday afternoon, November 15th with an Open House, everyone welcome, to celebrate the 10th anniversary of the Museum. The formal evening event was by invitation only, with just under a hundred guests attending. Earl Doucette was Master of Ceremony. Opening speaker was Managing-director, Winona McLean, with a brief history of the length of time it took to bring the project to completion. They first approached the Village of Petitcodiac in October 2003 for land to

build on. The building was completed and the ribbon cutting ceremony was held on October 16th, 2009. She thanked everyone that had taken part in helping to achieve this success. Ten years has passed and the enthusiasm is even greater now than at the beginning. MP Rob Moore, MLA Honorable Ross Wetmore and Mayor Gerry Gogan each congratulated them on their success. The guest speaker was Garry Sowerby, a 2012 Inductee for "Road Challenge", telling the crowd of his interesting trips around the world setting World Records in his vehicles. He had the crowd spellbound for over forty minutes, receiving a standing ovation at the finish. Many finished the weekend with a Sunday morning brunch at the Maritime Motorsports Hall of Fame.

From the Editor

December 2019, we start a new decade next month, I remember when there was crazy thought's about starting 2000, and here we are ready to start 2020. So much has happened. There are so many things happening this month, what with shopping, cooking, decorating and visiting. I am so happy that my family that is away is coming for a visit. The Maritime Motorsports Hall Of Fame will be closed between Christmas and New Years. Don't know what to get someone that is living away? The Local News & Views would make a nice gift; it will help keep them up to date on the happenings back here at home. We are looking forward to getting a new exhibit at the Museum in the New Year; it is a hand on experience. The Petitcodiac Fire Department, in conjunction with the Petitcodiac Boys and Girls Club, will present the annual Santa Claus Festival of Lights Parade, Friday, December 6, 2019 at 7:00 PM. Remember the Christmas Bazaar December 7th at the Maritime Motorsports Hall Of Fame, 5 Hooper Lane, Petitcodiac. Hope to see you there. Wishing everyone a Very Merry Christmas and Happy and Prosperous New Year (2020)

Tests That Prevent Severe Disability or Death

It's been said that if the U.S. Constitution were rewritten afresh, it would not stress the pursuit of happiness, but the pursuit of health. Today, when people get together, discussions eventually turn to health concerns, such as losing weight, blood pressure, bone density or other issues. Now there are tests to indicate the condition of your health. And if tests show an early abnormality, rule #1 is prevention. Rule #2 is never forget rule #1.

Blood Pressure
 Hypertension is one of the main causes of heart attack, so what number should you try to maintain? Dr. William Dale, spokesperson for the American Geriatric Society, says "regardless of age, North Americans should shoot for a blood pressure of 130/80. But if you're over 65 then 150/90 should be fine." Over this number does not always mean medication.

Dr. Steven Nissen, chief of cardiology at the Cleveland Clinic, suggests it's prudent to first change your lifestyle such as losing weight, exercising 90 minutes weekly, and reducing salt intake below 1,500 milligrams daily. He adds a diet of more fruit, vegetables, high fiber cereal, fish, and poultry

may lower blood pressure as much as medication.

As I've advised for years, good health is all about lifestyle. Or as a Chinese proverb says, "He who takes medicine and neglects to diet wastes the skill of his doctor."

Blood Sugar
 Today 25% of North Americans over 65 suffer from Type 2 diabetes (better called Lifestyle diabetes). Years ago, Type 1 diabetes, due to genetics, was the main problem. The Diabetes Association recommends everyone should be screened at age 45. A test called HbA1c evaluates what happens to blood sugar over a long period of time. Levels below 5.7 are considered normal. So what should you do if it's higher?

You must lose weight and the reward is significant. Dr. David Lam, medical director at the Mount Sinai Diabetes Clinical Diabetes Institute in New York, writes in Consumer Reports on Health that patients with pre-diabetes who

Giving Green During the Holidays

By Mark and Ben Cullen

Mark Cullen is an expert gardener, author, broadcaster, tree advocate and Member of the Order of Canada.

His son Ben is a fourth-generation urban gardener and graduate of University of Guelph and Dalhousie University in Halifax. Follow them at markcullen.com, [@markcullengardening](https://www.facebook.com/markcullengardening), and on Facebook.

There are a lot of things that a gardener might wish for, which you are not able to give, during the holidays.

Perfect weather, ideal soils, 100% germination and a permanent solution for the neighbourhood squirrels. We have talked to a lot of experts on these topics, but there is no quick fix.

We can, however, help you find something else the gardener on your list might be wishing for, with our 2019 Holiday Gift ideas:

-Garden Clogs. Yard activity of any kind can require good "garden footwear". A good garden shoe or boot has a comfortable sole, is water-proof and easy on-and-off. The on-and-off is important because it makes it that much easier to step outside when you just need to deadhead for a few minutes, or even for bringing out the trash without bringing the dirt on your shoe back into the house. Sloggers (<https://www.sloggers.com/>) are a popular Made-in-USA brand available online and at many garden retailers, or you can do like Ben and opt for the Birkenstock "Super-Birki", a waterproof clog designed for chefs who are on their feet all day. We note that many professional gardeners prefer wearing Blundstone boots. Made in Tasmania (of all places), they are waterproof, easy to slip on and off, comfortable and they are available in a steel-toed version.

-A New Lawnmower. If you love someone enough to spend a few hundred dollars on a gift and it you love our planet, consider an eco friendly lawn mower. We only recommend an electric lawnmower for most sized lawns even while Ben sticks to his all-manual Mark's Choice reel mower. Cordless electric lawnmowers have come a long way in recent years. Like your cellphone or Mark's new Tesla, electric mowers on the market now employ lithium-ion batteries, which are lighter and more powerful than the old nickel-hybrid units. We have both tried

and like the Stihl brand of lithium-ion cordless mowers, which are available only through their dealers. If you're a real "techie", check out their iMow robotic mower - no gardener required (and therefore no boots).

-A Potato Bag. No, not a "bag of potatoes". Growing potatoes in a reusable container eliminates the need to find yard space for them. It works remarkably well. The potato bag has a "trap door" which makes harvesting easy. It also warms up quicker than the potatoes in the ground due to its' dark colour. A wallet-friendly gift item that really makes growing one of our favourite vegetables a joy.

-New Pots. Too often we see beautiful plant material in garish-looking plastic pots. It's easy to cheap out on pots, but there are better quality alternatives out there. At craft fairs across the country there are local potters cranking out stunning pottery. Any natural material - clay or wood - is an improvement over the plastic alternative.

-Green Orgs. Why not donate in the name of a family member or friend to an organization that is committed to changing the world. There are many not-for-profit organizations that are dedicated to planting trees in the urban environment. Check out Tree Canada <https://treecanada.ca/> and our favourite Highway of Heroes Tree Campaign (www.hohtribute.ca). In addition, consider World Wildlife Fund <http://www.wwf.ca/>, Nature Conservancy Canada <http://www.natureconservancy.ca/>, Nature United Canada <https://www.natureunited.ca/> and ICFC (International Conservation Fund of Canada) <https://icfcanda.org/>.

If you are interested in saving the planet by conserving the ever-decreasing Amazon rain forest, our favourite charity is ICFC or International Conservation

Fund of Canada. They partner with the native Brazilian people of the Kayapo nation to protect Amazon land that is legally theirs.

Now is a great time to act when celebrating a green holiday.

Season's Greetings
&
Happy New Year

From the Desk of Your MLA

Hon. Ross Wetmore, Gagetown - Petitcodiac

On November 19th Lieutenant Governor Brenda Murphy delivered the Speech from the Throne, prefacing another legislative session and outlining the goals of our government. The speech highlighted the road map for the future of our province and the six priority areas we will be focusing on, namely:

- Affordable and responsive government.
- Dependable public health care. ...
- World-class education. ...
- Energized private sector. ...
- Vibrant and sustainable communities.
- High-performing organization.

New Brunswickers can look to our first year of government for positive action on several of these priorities.

With his keen eye for finances and with a cooperative essence to his personality, Blaine Higgs stated early that we needed a more transparent government body, one that included the people being able to see how he was working for them, how he would use their hard earned dollars to make life better for today and the generations to come.

Our PC team wasted no time zeroing in on healthcare by wrangling the Ambulance issue, creating a separate service for transfers freeing up bilingual paramedics for emergency calls with a goal of reducing response times.

We are removing the physician billing numbers to allow an easier flow for movement of physicians within the province.

In July we released a nursing resource strategy focused on recruitment, retention, promotion of the nursing profession, and enhancing nursing education and employment and work-life balance.

On November 18th it was announced the provincial government reached

10-year funding agreements with the University of New Brunswick and the Université de Moncton to implement bridging programs for licensed practical nurses (LPNs) at those institutions. The programs help train LPNs to become registered nurses.

Seeing our future generations have a "world class" education was demonstrated through the Education green paper and following summit. Your government wants education to be at the centre of everything New Brunswick does. That means including citizens in the process of developing new ways to manage our education system

We didn't stop there, for the first time in almost thirteen years New Brunswick has a balanced budget and has made a payment on our provincial debt.

Energizing the private sector means reducing red tape, making it easier for entrepreneurs to expand and flourish in their businesses, further growing the economy. Our PC government also acted immediately on crippling increases to WORKSAFE premiums while remaining mindful of the rights and needs of injured workers.

Premier Higgs and our PC team made great headway this past year and we acknowledges there is a lot more to be done.

As always, I remain grateful for your feedback, encouragement and support. I hope you have the opportunity to visit my Facebook page to stay current with goings-on in our riding and in our provincial legislature.

It is hard to believe that the next time I put together an update we will have celebrated Christmas 2019.

In closing, I wish you and yours a peaceful and blessed Christmas season.

Seasons Greetings

ELGIN NEWS!

As the 2019 calendar year draws to a close, the **Elgin Women's Institute** year continues until the end of March 2020. But it seems appropriate to comment and reflect on the past year because most of our events take place between April and the end of October. It is our hope that we will soon be able to install a source of heating that will allow us to open earlier in the spring and function later in the fall.

But let's catch up on 2019. Our Branch attended and supplied lunch for the Elgin International Women's Day event in March. We decided to participate in the **Milk Bags** for Mats project. (Check out www.milkbagsunlimited.ca). A drop off bin is located in the Maple Tree Café. Other area communities have collection boxes as well.

The Hall was the headquarters for the Elgin Eco Association summer youth camp which was very well attended by area kids enjoying the outdoor activities and building friendships. Great job kids and dedicated volunteers.

Another popular event was **Elgin Day**. Folks enjoyed music and barbeque at the EEA Park and then gathered at The Hall to hear Eleanor Goggin (Facebook page **Elgin Yesteryear**) detail the location and history of some of the Elgin homes from the early days to the present.

Turkey supper 2019 was one to remember. It was a beautiful fall day and attendance was up. A huge THANK YOU to everyone who donated food, money and time. Great team effort.

Other highlights include information and demonstrations on topics such as Soap Making...Seed Saving...Compassion Honduras....Learn to Sew Class for boys and girls. We will continue to find ways to learn about our culture, health and environment as well as other contemporary issues for women locally and around the world. Please consider coming to a meeting to find out more about the Women's Institute. Meetings are held on the third Thursday of each month. Phone 756-2531 for more information.

Wishing everyone the very **MERRY CHRISTMAS** and **HAPPY NEW YEAR!**

The Elgin Eco Association will celebrate 15 years anniversary on January 10, 2020. We will start with cutting our first cake at our first meeting of the year January 7, 2020. Meeting to be held at the Maple Tree Café in Elgin.

November is gone, I don't know where it went. The Elgin Eco Association certainly has not sit still. At our last meeting a committee was formed to investigate the revamping of the playground in the Elgin Eco park. This is very exciting for the community. We are currently looking for grants to write proposals. It will take considerable dollars to create a new and exciting playground for all to enjoy. The plan is to create a natural playground that appeals to the eye and goes with our mandate to be environmentally friendly. It will also educate those that will use the playground. As we slowly move forward this winter with the proposals, we hope that next summer we can actively work to install these new features and make some changes to the park. We will need volunteers to, at that time. There are also plans to install historical plaques plus enlarging the old maple sugar making pictures. If you are one of those people that own these types of photographs, we would love to hear from you. Elgin is full of interesting history. You must just follow our newsletter where every month Idella Lazar {our historian} writes a piece of history concerning Elgin and surrounding areas. Instead of a wishy-washy winter we hope for a steady winter. We have invested in a tarp for the rink to help with holding our ice on the ice rink in good condition most of the winter. Looking ahead to next year we expect many exciting and promising new things to happen. Next year is our 15th year of incorporation. We will celebrate with every event we host. If you like to be part of our organization please contact our membership director Jocelyn Steeves, she can be reached at 756 8211. Of course we have a website eeanb.com. We are a community development group that likes to work in an environmentally friendly fashion. Everybody is welcome to join, have their voices heard and take part. Just recently on a very cold day we helped the Nature trust put up no hunting signs on the nature preserve in Mapleton. We were unable to finish. Another day will be chosen to try and finish. The Bird migratory research has shut down for the winter. We urge our members to promote the Mapleton trail as it is wonderful during any season of the year. Our next meeting will be held on January 7, 2020. 2020 is a year we will celebrate our official 15 year since incorporation. Before we celebrate this milestone, we will first celebrate Hanukkah and Christmas. All of us at the Elgin Eco Association wishes everybody a wonderful holiday season and thank you for your support all this past year.

Once in a while, when you read the articles for sale in a newspaper's classifieds, something catches your eye and makes you wonder ----- what's that one all about? Such was the case on this item. Large watercolor of boats in a harbor. Asking \$ 50. each. Truth be told, I'm thinking.... ok now, someone with a sharp pair of scissors is going to cut out each of the boats and sell them separately . Would that not ruin the watercolor? Then again, maybe someone forgot to put an S at the end of watercolor to make it plural. Who knows? It's only fair to fess up that perhaps I should be in the salvage business. I love picking stuff apart !!

Now, how about this ad seen a long time ago. Coffee percolator. Makes 10 cups. Good condition. Asking \$ 3.00 OBO. Hmm.... something of that value should be going to auction, no reserve. Bidding starts at 10 cents ! Do you detect a slight air of sarcasm?

Two crows are flying side by side, over a country back road. One crow says to his chum gee Charlie, haven't seen a windshield for quite a while! Says Charlie.....well then, you'll just have to hold it a bit longer!

A sign seen many years ago in Kansas City, USA in the downtown area.

If you park here you will find your ride at the Kansas City auto compound upon your return. Be sure to bring your wallet! Hmmalmost begs the question - what's in your wallet ?

A Moment in December

Take a moment in December
To reflect on yesteryear
Camel caravans advancing
Over desert sands appear
From the Eastern hills they're riding
Following a starry glow
Through the night that maps their
journey
Wise Men, "Steady as they go"

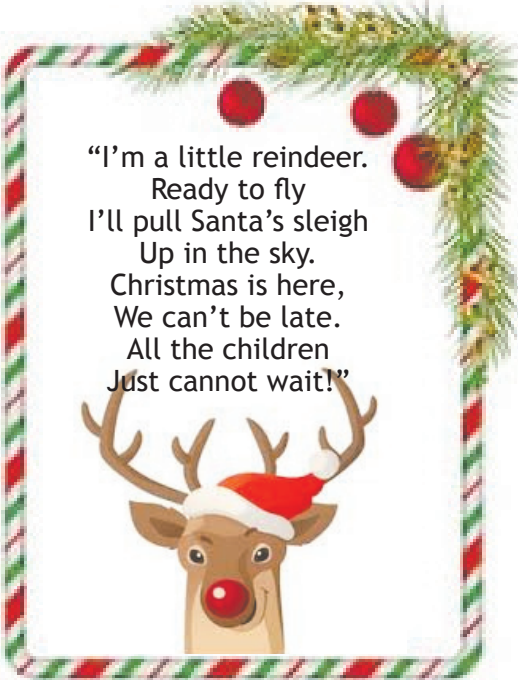

Take a moment in December
Hills just outside Bethlehem
Sheep in awe, while shepherds saw
A host of angels greeting them
Hallelujahs from the heavens
Trembling hearts of humble men
Drop in homage, run, announcing
Birthday news of where and when

Take a moment in December
Joseph, Mary in a stall
Love was born to grace a manger
He, the greatest gift of all
Bringing light to worlds of darkness
Touching hearts with love anew
So much Hope in two small hands
Reaching out to me and you

Take a moment in December
Nothing promised was withheld
Jesus came, just as predicted
God is faithful - Time would tell
For He sent a star to wise men
And a prophet to the Jew
And the Book of Revelation
As the last to me and you

Take a moment in December
Ponder how He'll come again
Not a baby in a manger
Nor a cross to bear our shame
Every eye on Earth will witness
Every ear will hear Him then
Someday (Maybe in December)
As a King, He'll come again.

By Gloria Scribner

Always Evergreen

by Gloria Scribner

In parlours, hallways, windows and front yards across the nation stand these symbols of the yuletide season. Some with twinkling lights, blue, yellow, green, and red glowing from among branches of (would-be) evergreens, announcing the age-old warmth and message of Christmas.

In this land where spruce, fir and pine are abundant we're all familiar with that intoxicating, pungent aroma. I imagine the log cabins of long ago settlers, hewn from the forests, lulling young and old asleep each night in the safety of those

sturdy little moss stuffed walls. I feel the warmth of old field-stone alive with the leaping orange, yellow, and red of wood carried from the "chopping", adding its own comfort to those long winter nights; Nights of the hoot-owl, the wolf and the winter winds.

I see the table and sturdy benches, the remnant of "the old country", gone forever yet kept alive in memory on the face of mantle-clock, a treasured desk or ornate armoire as necessity unites with the familiar and time marches on. Cedar shares her insecticidal potency

with hope-chests. The country is built of wood and stone, and the sturdy backs of men and women who shaped their dreams into handles for axes and cross-cut saws; Everything from cradles to flag-poles harboured dreams of a country whose future they may never see yet began with a dream and a single tree; Hardwood, softwood, river reeds and roots all played a part in the building of a nation.

Each year the symbolic branches wreath our doors and windows. Strands of garland join tinsel and ribbon to adorn

an age-old tradition as sparkle and light remind us that Christmas will always be, as we with our neighbours and families share a common thread, woven by kinship, hardship and hope, love and laughter, memory and music and candlelight, togetherness, timelessness, feast during famine, vibrant colours of red and green during the greyest of days of winter as our mourning (if only for a few days) is turned to rejoicing.

The Christmas tree has come a long way from the forests of Germany to the "new" land; from New Brunswick tree lots to

the palm lined streets of Florida; from hospital corridors to roof-top displays; from immaculate mansion, to desolate tenement; from hotel to hostel. The Star of Bethlehem, be it a tree-topper or a shortbread masterpiece will be remembered forever as having ushered in the "promise". Wars may rage, evil make the headlines, complacency step to the forefront, but as at this Blessed Memorial, time stands still for a few days, eyes and hands are opened, arms reach to embrace, old grudges laid aside as carols once again resound as they have for centuries. And as Christ himself in one beautiful moment stated, when Roman soldiers asked Him to order his friends to be silent, "If they were to be silent, the rocks themselves would cry out". Today the trees still announce His coming.

Over the centuries trees were used as stakes to burn the martyrs, one was used to crucify the Son of God himself; but today His most persistent creations still "cry out" in the celebration of Christ. "An evergreen" - maker of cradles, cradler of nests, summer shade, shadow of moonbeams, beams for foundations, from forests of sustenance, from ploughshare to yuletide - portrays His blessings as a reminder that "There'll always be a Christmas".

A song was heard at Christmas
 To wake the midnight sky:
 A saviour's birth, and peace on earth,
 And praise to god on high.
 The angels sang at Christmas
 With all the hosts above,
 And still we sing the newborn King
 His glory and his love

A Blessing of blessings and Happiness.
 A time of caroling and songs.
 A time for giving thanks.
 A time for presents for all.
 A time of good cheer and friendship.
 A time of love for all.
 A time for helping others.

May your holidays
 be happy days,
 filled with love
 and laughter,
 And may each day
 bring joy your way
 in the year
 that follows after!

Tests That Prevent Severe Disability or Death

dropped 7% of their weight, slashed their risk of diabetes by 50%. This should make everyone take notice, as it means a decrease in the risk of coronary attack, blindness, kidney failure and amputation of legs.

Bone Density

Women 65 and older and men 70 and older should have a bone mineral density test done. Your doctor can determine whether your bone density is normal, shows a slight decrease in density (osteopenia), or looks like Swiss cheese (osteoporosis) with risk of fracture.

The American Journal of Nutrition advises women older than 50 and men older than 70 to take 1,200 milligrams of calcium daily, 600 IU of vitamin D daily and follow a diet rich in fruits, vegetables, fish, high fiber cereals, skim milk, and nuts, along with 30 minutes of lifting weights and walking more. This will slow bone mass loss within a year and decrease the risk of a broken hip and possibly spending the rest of your life in a wheelchair, or death.

Colonoscopy

Large bowel malignancies are the third most commonly diagnosed cancers today.

So it's prudent to give colon cancer your attention, and earlier is better than later. If you wait for symptoms, you may already be in serious trouble. My advice is to get a colonoscopy as early in your midlife as possible. The fecal occult blood test (FOBT) detects blood in the stool, the signal of a problem, but this test can miss an early cancer.

It's been said if you don't take care of yourself, the undertaker will. We must all remember that the greatest wealth is our health. And that looking after yourself is not being selfish. It's a matter of survival.

Mark Stephen Tingley of Dorchester, formerly of Colpitts Settlement and Berry Mills, passed away peacefully on Monday, November 4, 2019, on his own terms,

with his family by his side, after a long and courageous battle with cancer.

Born August 3, 1956 in Moncton, Mark was the youngest child of the late Ivy Rita (Mesheau) and James Arthur Tingley. OBITUARIES

Deborah "Debbi" Lou Wood

Deborah "Debbi" L. Wood, 65, of Moncton, passed away peacefully at her residence on Thursday, November 21, 2019.

Born in Truro, NS, she was the daughter of the late Vincent and Florence (Campbell) Steeves.

Debbie was a graduate of Harrison Trimble High School and attended her first year of university at Mount Allison in the science program. In 1974, she was accepted into Dalhousie University's B.Sc. Pharmacology program where she obtained her Pharmacy Degree in 1977. Early in her career she started working at Shoppers Highfield where she was chief pharmacist and later franchisee at their Highfield Square store for over 30 years. When the Highfield location was demolished, she built the new Shoppers on Vaughan Harvey Blvd. Debbie retired from Shoppers approximately 10 years ago but couldn't leave her joy of helping clients for more than a couple of weeks. So, she spent a few years as a relief Pharmacist traveling to stores in Moncton, Rexton, Sackville, and Riverside-Albert.

Over the years she perfected her enjoyment with gardening and maintaining the "Wood Family Estate"! Planting, pruning, and picking flowers was her passion.

She became an avid sailor and earned her "Advanced Pilots Designation" from the Canadian Power and Sailing Squadron. She and her husband Richard were an accomplished rally and motorsport team in the seventies and eighties.

A "lover of all animals", she always said she should have become a Vet so all the stray, injured, and orphaned critters could find a safe, new home at her place.

After more than 50 years together, Debbi will be greatly missed by her husband and partner Rick.; sisters, Carol MacWilliam (late John) of Woodstock, ON and Dawna Lund (Jim) of Charlottetown, PE; brother, Keith Steeves of Cornwall, ON and numerous nieces, nephews and many friends throughout the Maritimes.

A gathering to share memories and celebrate Debbi's life will be held at Fergusons Funeral Home Reception Centre on Wednesday, November 27, 2019 from 2:00 to 4:00 pm. Private family service will be held at Fernhill Cemetery, Saint John.

In memory of Debbi, donations to the Luxor Shriners Transportation Fund would be appreciated. Online condolences for the family may be shared on Fergusons Funeral Home Facebook page or at www.fergusonsfuneralhome.com

In Honor of Dad - Stuart F. Thorne
 June 16, 1932 - May 28, 2019

loved her egg salad sandwiches! I think her secret ingredient was red peppers. After losing our brother, Robin, last Christmas, Dad was never the same. Although he was getting old and worn out, I think he died of a broken heart as well. We will miss his laughter and his teasing. The great grandchildren will miss the candy he always had in his pocket for them..... All in all, "he had a good run".

I found this poem in his Bible recently. It seems very appropriate as Dad passed away just 2 weeks shy of his 89th birthday.

"Eighty"

Today, dear Lord I am 80 and there's much I haven't done.
 I hope dear Lord, you'll let me live until I'm 81.
 But, if I haven't finished all I want to do,
 Would you please let me stay until I'm 82?
 So many places I want go, so much I want to see,
 Do you think you could manage to make it 83?
 Many things I may have done, but there's so much left in store,
 I'd like it very much to live to 84.
 And if by then, I'm still alive,

This will be our first Christmas without Dad. He once told me that when his father died at age 91, he had him for a long time, and that was why he would really miss him. And that is exactly how I feel. My head knew he would not live forever, but, my heart thought he just might. He was well loved by his children (and their spouses), grandchildren and great grandchildren. He was an uncle, a cousin, a brother, and a friend to many. He was especially fond of his friend and neighbour, Sandy. She was not only a friend, but sometimes even had to put on her nurse's cap! And he

Then, I'd like to stay to 85.
 The world is changing very fast, so I'd really like to stick and see what happens to the world I'm 86.
 I know dear Lord, it's a lot to ask and it will be nice in heaven,
 But I'd really like to stay around until I'm 87.
 I know by then I won't be fast and sometimes I'll be late,
 But it would be oh so pleasant to be around at 88.
 I will have seen so many thing and had a wonderful time,
 So I'm sure that I'd be willing to leave at 89 (well, maybe).

Thank you Dad for all that you did for us. We will be forever grateful and miss you always.
 Love, from your family.

Village of Salisbury Wastewater Treatment Facility, 47 Government Road (in designated area).

Tree bags, tinsel, ornaments, nails, tree skirts, string, stands, etc., must be removed before disposal. Christmas wreaths will NOT be accepted.

HAZARDOUS WASTE

Southeast ECO360's Mobile Eco-Depot will be in Salisbury for two days in early January - on Wednesday, January 8th and Thursday, January 9th from noon-8:00pm both days. They will be set up in the parking lot of the Salisbury Baptist Church at 3128 Main Street. For more information, visit them online at www.eco360.ca.

WINTER PARKING

Just a reminder that for the purpose of snow-removal, no person shall stand or park a vehicle on any highway or street within the Village of Salisbury between the hours of 1:00am and 7:00am from the first day of November in any year until the first day of April in the following year.

BE 72-HOURS READY!

Winter weather has arrived, and it's important that all of us be prepared in the event of storms that result in power outages. In partnership with the New Brunswick Emergency Measures Organization, the Village of Salisbury urges its residents to be 72-hours ready; that is, be prepared to manage on our own for at least 72 hours while NB Power works to restore service. Have an emergency plan and a storm kit covering the needs of your family (including pets!). The Village of Salisbury diligently monitors weather conditions, keeping in close communication with NB EMO in preparation to respond in times of emergency. With the environment changing, it should be noted that storms are increasing in intensity, if not frequency, further underscoring the importance of being 72-hours ready!

Look at that smile, it says it all!

If you watch basketball in our neck of the woods, you are probably no stranger to Bill Agnew. This man does all the scheduling for referees in our area. He never misses a beat and always makes sure someone is there, and when no one can show up he steps up!

Salisbury Petitcodiac Minor Basketball thanks you, Bill, and all your fellow referees.
