## Nomination for Queen Elizabeth II Diamond Jubilee Medal

Brenda Stella Armstrong a lifelong resident of the Village of Petitcodiac, NB is nominated to receive the Diamond Jubilee Medal for her outstanding service to her Community.

Brenda Armstrong retired from the New Brunswick Telephone Company after 33 years of service. From that time on she has continued to tirelessly donate her time to a number of Community Organizations. She has been a Captain in the Girl Guide program, as well as Worthy Matron of the Easter Star.

Her dedication to the local Legion Branch Number 41 has been outstanding; she has been Secretary/Treasurer for an 8 year period, as well 2<sup>nd</sup> Vice for 1 year and Vice President for 2 years. She took the responsibility for the kitchen in the Legion and guided a group of volunteers to present numerous dinners, banquets, and socials too numerous to count over a 12 year period. During the September through June time period Wednesday luncheons are provided for a reasonable price where the banquet hall is full. She developed the Diamond Ring Fund raiser which is a major funding avenue for the Branch. This was all done with no remuneration for herself.

Brenda Armstrong since 2000 has been the driving force behind the Downtown Business Association acting as Secretary, Treasurer and for the most part carried all the duties of this organization. Her efforts in this area allow for normally 2 summer students to be hired to water the flowers that she has purchased through the Association funds as well as do general clean up duties around the Village. She has been proactive in purchasing park benches, maintenance of the Village Clock on Main Street as well as the annual display of large flower pots. Her attention to detail and extraordinary sense of Community Involvement deserve some special recognition.

Everyone is ready to get settled back into their regular routine for the fall, back to school, hockey, figure skating and such. As I was coming into Petitcodiac from Pleasant Vale I notice that the trees are already starting to turn color.

The Hall of Fame will have a booth on September 9<sup>th</sup> in the car show at the Balloon Festival; hope to see some of you there. We are really pleased with the number of people that came to the Hall Of Fame over the summer. People are starting to know that we are here and coming to tour the Museum.

### Every Day People

A visit with Fern Stoham, (Garland) a 92 year old Navy Veteran

With the support of a cane Fern manages fairly well most days but she does need the help of a homemaker to clean her house, prepare meals, and take her shopping or to doctor's appointments. The highlight of her week is when she is picked up by a member of the River Glade Baptist Church and taken to the Sunday morning service.

Ferne has two cats, one is her own and the other is a visitor who has pretty much decided that he would like to make his stay permanent. She enjoys feeding the birds so her yard is a gathering place for fat blue jays and I suspect they provide company for her.

Ferne grew up in Gallagher Ridge; her father was a railroad man. There were six children

in her family, four boys and two girls. Fern was nine years old before she attended school. After finishing school she joined the Navy in St. John then went for her basic training in Ontario. She was posted as a nursing assistant to the HMCS Naval hospital in Scotland. She was in charge of the sick-bay and cared for mostly non-surgical illnesses. If the sailors were badly injured they were sent home in a special ship with a Red Cross flag. She didn't have a problem with dealing with serious injuries and was able to help a doctor remove a young man's leg. She and another nurse were called to help, upon seeing the badly injured leg the other nurse fainted and had to be removed from the scene. Fern held onto the leg while the doctor amputated it.

In 1946 She was discharged from the Navy and returned east where worked in the Moncton hospital, and then the Harvey Station Red Cross Out Patient's hospital. Later she went to Port Alberni, British Columbia where she worked at the West Coast General until she contracted polio and she had to return home. She returned to work at the Harvey Station Red Cross Hospital for a time then decided to join a friend and go to Ontario. She worked at Sick Children's hospital; there she met an Air force man. They were soon married. This man had two boys needing care and her husband wanted her to continue to work. The marriage didn't work out so they were divorced.

Ferne came to River Glade to care for her 80 year old mother who had Alzheimer's. For 10 years she dealt with the many difficulties and problems that arise in caring for an Alzheimer's patient. Her mother would run away often and Fern had to go after her by foot because her mother had no idea what she was doing and she would run in front of the car.

Fern enjoyed her Navy Days and has many pleasant memories especially her posting in Scotland. She still corresponds with her friends who live there.

For 35 years she has been a member of the Salisbury Legion. When she was able she worked selling poppies and participated in the November 11th program. Her name is on the War Veteran's plaque in the River Glade Baptist Church, to be honored among her peers and remembered for her service during World War 2. I am impressed that at the age of 92 and suffering with arthritis she makes the most of each day doing all she can for herself and her pets. In my busy life I would do well to take time to visit her and gather some life lessons.

**ELGIN COMMUNITY PARK  
OFFICIAL OPENING**

Elgin:- It was a great day in Elgin on Sunday August 19 as a large crowd was on hand to witness the ribbon cutting ceremony as MLA Wayne Steeves and Moranda VanGeest, president of the Elgin Ego Association, cut the ribbon to officially open of the Community Park.

Mr Steeves also announced a contribution of \$9000.00.

It was a fun day as a basket ball clinic, organized by Joanne vanGeest, was held for the children, then after, there was a Moms and Pops game that turned into much more as the children joined the parents and the girls played against the boys.

The smaller children enjoyed the art of face painting.

The musical entertainment was by Bryan Crandall, Amanda Greaves, Bartlett and Kenny Fawcett. Because of the uncertain weather the music had to be moved into the Seniors Hall.

Everyone enjoyed the Hot-dogs, Hamburgers, cupcakes and Ice-cream.

Many of the trees have memorial plaques by them to represent that the tree has been purchased as a memorial for someone. There are still trees available for memorial purchase.

Appreciation Certificates were presented to the many Volunteers that helped with the construction and anything else that had to be done to make this a success.

Many thanks go out to MLA Wayne Steeves, MP Rob Moore, the Department of Culture, Tourism and Healthy Living, Health & Wellness, Jim Sackville, Dave Fulton, F.Y.CAP, Eric Gogan, Wal Mart, as well as anyone who helped in any way, without all of their help this would not have been possible.

This Park proves what can be done when everyone helps.

## Comedy at Large

by Laurie Blanchard  
Salisbury, NB

A pregnant lady in New York suddenly had an insatiable craving for escargot, which is a french snail, and told her husband that she just had to have some. She insisted that he must go get some for her or she was going to be in a very nasty mood and it would linger on for a long spell! The hubby didn't want to see that happen at all, so he quickly headed out to find a delicatessen which would carry them, knowing these would be pricey but wanted to please the better half at any cost.

He walked into the first delicatessen and they had none available. It was a rather hot day but he pressed on to the next one, no luck! Finally, after trying 5 or 6 places, he found some about 15 blocks away from home. The clerk packaged them up in a thick brown paper bag and the relieved husband started walking quickly towards home. About 2 blocks down, he bumped into an old friend in front of a pub. Hey Charlie! How are you? Long time no see. Why don't you come into the pub with me and I'll buy you a beer! Oh, said the fella, I got to get this package home to my better half and quickly. Oh, come now Charlie, just one beer! So he decided to take up his friend on the offer. Well, that beer was stretched out to 6 beers and he came out of that pub a half hour later with a bit of a glow!

He began making tracks for home only to fall into temptation again and going into another pub with 3 of his bowling buddies he ran into on the sidewalk.

He came out of that pub about one hour later and he was 3 sheets to the wind! He slowly staggered his way home and finally arrived only to see his wife on the front steps waiting for him and she was not a happy camper!

Where the heck have you been? she hollered. I've been waiting!

Just about that time, the bottom of the brown bag gave way and all the snails fell out on the sidewalk! Still staggering and swaying, he looked down at the snails and said----c'mom, c'mon fellas, hurry, we're almost home!

Thought for the day ---- If lawyers get disbarred and clergymen get disroffed, do electricians get delighted?

How many phyciatrists does it take to change a light bulb? Only one, if the light bulb WANTS to be changed!

## "SEEING RED INSTEAD OF BLUE"

How often have you seen a vehicle traveling on our streets or roads with a blue Handicap/Disabled Placard (hereafter simply referred to as a Placard) hanging from the inside rearview mirror? What about vehicles with no visible Placard/Identification parked in a blue Disabled Vehicle parking spot? Or people you know using someone else's blue Placard for that special parking in a Disabled spot?

The New Brunswick Motor Vehicle Act is very specific on the use of blue Handicap/Disabled Placards and you can check it out on pages 142/143 of the Act, under sections 193.1, subsections 1-4. To obtain a Placard, a person must meet the requirements of the MV Act, have a doctor's recommendation, and sign a legal document that they will follow the regulations. And as a reminder to all persons legally applying for, and receiving a Placard, a summary of the regulations is printed boldly on each blue Placard. Here is that summary:

1. The Placard must **"face the windshield"**, allowing the registration number and expiry date to be visible.
2. **"It must be displayed."**.....*self explanatory.*
3. **"Person with disability must exit vehicle."** *It's not for anyone else on board!!!*
4. **"Placard for use ONLY by person for whom it was issued."** *Just because Grand-dad let you use his car, you can't use his Placard as well.....sorry!!!!*
5. **"Placard must be returned to the Registrar of Motor Vehicles on demand or upon expiration."** *And that expiration is not just the date on the front, it also includes if the person to whom it was issued passes away.....*
6. **"Mutilation or misuse of placard may result in recall and loss of privileges."** *That includes punching out a future expiry date and filling in the past one.....*
7. And last but not least, the most important one...**"Remove Before Driving Vehicle"** in bold, at the top so it is the first thing a driver should see! *Guess what? It blocks your vision....as does all the other trinkets and trash people hang there which is also a violation of the NB MV Act.....*

Now what about consequences? Other than #6 above which covers almost everything, a check with the Codiac RCMP reveals that costly fines are also associated with any infractions of using, or lack of use of Handicap/Disabled Placards. Leaving a Placard hanging from the mirror while driving (and any other junk) can result in a fine of \$172.50.....and that is the same amount for any of the other regulations listed above. And what about parking in a blue Handicap/Disabled Parking Space without a placard, or failing to display it? Again, the fine is \$172.50 and the vehicle may be towed at the officer's discretion..... If more of this was done, less violations should occur.

In closing, the US has an interesting web site for dealing with offenders. You can check it out at "handicappedfraud.org" where citizens can post the licence plate number etc of the offending vehicle and driver. I couldn't find a similar one for Canada, however hopefully we'll have one soon..... Maybe in time for offenders to "clean up their act" and improve the situation for those requiring these simple, but important benefits.

....Rick

## **ATLANTIC INTERNATIONAL SCHEDULE OF EVENTS**

27TH ANNUAL

### **The History of the Atlantic Balloon Fiesta**

In 1985, several people in the local area were presented an opportunity to extend the local tourist season, by hosting a Hot Air Balloon Event. As local pilots knew of the great flying in the Sussex Area it was suggested that the Sussex Balloon Festival Inc. be started. Balloonists were invited to the area for a weekend, and although it was rather informal, it was to become the first annual Hot Air Balloon Festival.

The Sussex Balloon Festival Inc. is run by a volunteer committee.

The event first consisted of regular hot air balloons and the first shape balloon to attend was the House Balloon.

SUSSEX - Pilot Doug Shippee is the man who introduced Sussex to the sport of hot air ballooning.

The Pink Elephant, The Cow, The Dragon, The Mountie, The Yellow Pages Directory, The Monster Truck, The Maple Leaf, The Canada Flag, The Hawaiian Tropics Fish, Tony the Tiger, The Cow, Green Dragon and The Purple People Eater, Tree Bird, Octopus, have all flown our skies!

The Atlantic Balloon Fiesta proved to be a success and on ground and in the air activities were added to keep people in Sussex even when the hot air balloons were not flying including children's activities and games, skydiving demonstrations, helicopter rides, live entertainment at the bandstand, and amusement rides.

A Craft Fair was added eventually and proved to be a tremendous success! The Craft Fair features all handmade crafts and runs the entire weekend. The Craft Fair currently boasts over seventy crafters from all over Atlantic Canada. In 1990 an Antique & Classic Car Show & Shine was added to the growing list of activities during the Atlantic Balloon Fiesta weekend. This car show features antiques, street rods, bikes and trucks. It currently has over five hundred cars. The Bandstand features three days of continuous live entertainment. Lots for the whole family to do.

On the weekend after the Canadian Labour Day, this festival has been a tremendous success. It draws many people to the Sussex Area and the motels, hotels and camp parks are filled quickly. Balloonists come from all over the world to fly our inviting skies and peaceful valleys.

"Always the weekend after the Canadian Labour Day in September."

The Atlantic International Balloon Fiesta Committee, 100's of volunteers with the support of the community at large, combined with the business community, corporate sponsors and various organizations, work year round making this event possible.

## OBITUARIES

**Helen Irene Stewart**, 94, of Petittcodiac passed away surrounded by her loving family at the Moncton City Hospital on July 28, 2012 after a brief illness. Born in Drury's Cove on November 5, 1917, she was a daughter of the late

Richardson) Anderson. She was the last surviving member of her immediate family. Always a ready volunteer, Helen worked with the Girl Guide movement (Brownies, guide and ranger). She was a lifetime member of the Royal Canadian Legion, Branch #41 Ladies Auxiliary, and also a member of the Petittcodiac Baptist Church. She was a former member of the Eastern Star as well as the Women's Institute. Helen spent several years as a NB Tel operator, first in Sussex and then in Petittcodiac. She was predeceased by her much loved husband, Charles on May 22, 2012, and cherished daughter, Shawnie Lynn Hicks in 2009. Helen is survived by son-in-law, Brian Hicks of Moncton; grandson, Scott and his wife Jaimie and their children, Gracie and Madelyn of Moncton; granddaughter, Katie Doyle and her husband Brett and their daughter, Hannah of Moncton; special nieces: Audrey Jones (Ron) of Sussex, Shirley McEvoy and Marlene Hueston; as well as several other nieces and nephews. Besides her parents, husband and daughter, Helen was predeceased by sisters: Myrtle Eveleigh, Gladys Crothers and Freda Mason; and brothers: Ora, John, Leonard and Nelson Anderson. One of Helen's favorite pastimes was crocheting and knitting for family and friends as well as preparing for special projects for the Westmorland County Fair where she won many treasured ribbons. Even this year her dining room table was covered with articles she had prepared for the fair. Always an avid Bingo player, she and her faithful friends travelled to Waterford to play Bingo all the time. Helen loved to get out, talk and meet with people. She could always be seen at the Wednesday legion dinners and in recent years always accompanied by her faithful friend, Loretta Leaman, who has spent many years helping Helen and Charlie live in their own home. Helen and Charlie always welcomed everyone into their home where many have lived with them over the years, enjoying their friendship and the many wonderful meals cooked by Helen. There was nothing she could not cook. Helen also had a special place in her heart for animals having had many over the years, but none so loved as her special Maggie who has been by her side constantly, especially since Charlie was not at home. She was nana's special "girl." Helen's greatest joy in life was spending time with her grandchildren, Scott and Katie, and in her later years loving her visits from her three special great-granddaughters. Visitation was held on Tuesday from 2-4 & 7-9pm; the funeral service was held on Wednesday, August 1,

## News From The Maritime Motorsports Hall Of Fame

**EUGENE PETTIPAS**  
Competitor/Various Motor Sports/  
Builder, Promoter  
Inducted November 15, 2008

Eugene started his racing career in 1969 in Drag Racing; he Drag raced a Stock class 1969 Big-Block Corvette roadster at Drag City, Sackville, NS. He had multiple class wins. 1970 his first foray in road racing with a 1969 Corvette. 1981 -82 Raced Go-Karts with Atlantic Motorsport Karting Association, Shubenacadie, NS.

1989 decided to live his dream and give road racing another, better financed shot, so purchased his 2nd 1969 Corvette, this one a L-88 (Big Block) Coupe race car with an extensive Canadian endurance and SCCA Trans-Am history.

The following nine years he was a fixture in Canadian historic road racing with the Ontario based Vintage Automobile Racing Association of Canada, garnering many class wins at various upper-Canadian tracks, including the famously daunting Mosport Park, Ontario. Also a regular in Maritime road racing with the Atlantic Region Motorsports TRAC Tour series. Highlights include GT-1 (V-8, closed wheel) Championship in 1991, many GT-1 and Unlimited class wins at AMP.

1991-93 Eugene entered his thundering red Corvette in the Halifax Moosehead Grand Prix in the Dairy Queen-sponsored TRAC Tour with a crowd pleasing 2nd in GT-1 and an overall in '91.

At the end of 1997 Eugene retired from competition to devote more time to his son's, Leigh and Aaron, racing career.

1986-88 Eugene the Builder, Promoter constructed (with the help from many racers) Maitland International Raceway. It opened officially June 24, 1986. He was Owner, President and race day Director of Competition until sold in '88. It was the only facility of this calibre in the Maritimes until well into the '90's.

1991-92 Track President, Atlantic Motorsport Park.

He sponsored many well-known racers and series/organizations through his businesses, Heritage Cedar Homes and Dairy Queen. To name a few:

Greg Nickerson, Ray Ingrahm, Vince Hazel, David Smith, Paul Machan and his sons, Aaron and Leigh, through their racing career and the Pettipas Racing Team (PRT) that was born in 1994.

Eugene has been and continues to be, even in his late '60's, an avid supporter of both local and national road racing - the discipline closest to his heart - and drag racing for 4 decades, as an owner and/or sponsor. During this time, he has also been a proponent of local go-kart, stock car and motorcycle racing (Eugene's motorcycle racing roots - as an owner - reach back to the early 1960's).

With such a history of Motor Sports it was only fitting that Eugene Pettipas be inducted into the Maritime Motorsports Hall Of Fame.

### Aug 2, 2012. A testimonial from the Petiscodioc Boys and Girls Club

Four years ago the Petiscodioc Boys and Girls Club, held a Youth Engagement exercise at the Petiscodioc Regional School. Over 150 youth took part in the engagement exercises. From that group of youth, an organization was formed called P-FAB-C, "People for a Better Community." The group kept very busy holding fundraisers to purchase supplies they needed, also they partnered with the Village Works crew to help clean up the streets, make repairs etc. They were involved with several youth groups in Moncton, including the Moncton B&G Club. These youth, from our rural community began to grow in stature, not height. They learned by being with youth from other cultures and diverse backgrounds.

Two of the youth went on a TYPS (Town Youth Participation Strategy) conference, one in Ottawa and one in Fredericton. The experience from having this opportunity changed one girl's life forever. Her name is Kelsey Hicks, (no relation.) Kelsey graduated this year. She made a decision to join up with The Canada World Youth Program. (This program is delivered as an International Education program for youth aged 17-19, focusing on volunteer work and community development. Kelsey needed \$3,000.00 plus expenses to be involved in this experience. With determination, she held bake sales, knocked on doors, wrote letters to business, and did what was necessary to join up with the Canada World Youth Program. She finally had the funds she needed. A thank you letter was delivered to the Club, which reads as follows:-

"I just wanted to thank the Petiscodioc Boys and Girls Club for all the help you have given me. All of those things with P-FAB-C and for the experiences that I gained. All of these things built my character and made me into the person I am today. They have shaped this young girl who is going to AFRICA, and later to Canada's far North."

The Youth Engagement Program lives on, and Kelsey is a living testimony that Boys and Girls Clubs do shape the lives of our children and youth.
