Happy Valentines Day!

Valentines Day – Time to treat your sweetie!

Remember the restaurant certificate you got for Christmas that is still in your pocket or drawer? Well now is the time to get it out and treat her/him.

The Maritime Motorsports Hall Of Fame wishes to "Thank" everyone that bought tickets and will be attending the Diamond Ring Dinner.

For those of you that enjoy touring Museums there is a great deal for you, or you could even make it a gift to someone. It is called "PASSPORT TO HISTORY" and may be purchased here at the Hall of Fame for the price of \$10.00 per person or \$20.00

per family. This passport allows the bearer to visit once, the participating Museums of the "Museums of South-Eastern New Brunswick". There are approximately 15. That means that the person holding the Passport can tour all of them for just the one time fee of \$10.00 in that year. There are two right here in Petitcodiac.

I have heard it said that if Easter is early then spring will be early. Hope so! Don't forget the Petitcodiac Winter Carnival being held February 16th. It will be lots of fun.

Have lots of winter fun!

Elgin W.I. Holds Meeting

Hazelanna Carter presided over the January meeting held at her residence. Roll Call was answered with "Why is education is so important." 10 members were present. A lovely letter was sent from Bertha Babcock thanking the W.I. for the lovely Christmas Mystery Basket. Bertha was the lucky winner of the basket. Petitcodiac District bus tour choices were read, our group chose two 1 day trips. The W.I. Group will be selling spring flower bulbs for a fundraiser. International Women's Day will be held on March 9th at the Elgin Community Center. Karen Davidson had the program on "Culture and Education." Each member had to read a poem from the books Karen had. She stressed reading is very important for everyone from young children to Adults. This is a great learning experience. Following the meeting lunch was served. The February 21st meeting will be held at Elgin Laurie Bishop Hall. Pot luck supper.

"Maritimer of the Week"

November first was an exciting day in Elgin when CTV came to the park for us to present Moranda vanGeest the award of "Maritimer of the Week". Moranda is the President of the Elgin Eco Association.

To quote Moranda – "I was completely taken by surprise." "Never anything like that has happened to me –ever".

Eileen (MacCallum, Ingraham, Lounsbury) Bell, mother of Darien and Neil Ingraham and Susan Lounsbury, celebrated her 93rd Birthday December 22 with great grand- daughters, Geneviève, Madelaine, Véronique and Gabrielle Côté at Salisbury Lions Villa. The children passed out gifts, and helped blow out candles!! Prior to the picture, Eileen was three weeks in hospital, but has recovered nicely with appreciation to her Doctor and Moncton Hospital staff.

Her family wishes her Good Health and Happiness in her 93rd year!!

LAYERED JELLY SALAD

(For a Diet Salad use the "No sugar added Jello" and "water packed fruit".

First Layer – 1 package lemon Jello, bring to boil in 1 cup water –stirring.

Remove from stove and add 1 cup of ice cubes OR ¾ cup cold water

Pour into oiled mold – chill until firm.

Second Layer – 1 package lime Jello – bring to boil in 1 cup of water –stirring.

Remove from stove and add ½ cup ice OR cold water, let cool.

Add ¾ cup cottage cheese. When mixture is cold, not firm spread over lemon layer – chill to set.

Third Layer – 1 package cherry Jello – bring to boil in 1 cup water – stirring.

Take the juice from a 398 ml can of fruit cocktail and enough cold water for ¾ cup and add to Jello – let cool and then add the fruit. Let it get cold then add to top of other layers – chill until set.

To remove from mold place the mold in hot water a few seconds – go around with a knife to loosen then turn unto serving plate. Decorate to suit.

•Did you hear of the young lady who repeatedly tried to break up with her boyfriend, the bungee jumper? Everytime she dumped him, he kept bouncing back !!

•The local tennis club is now accepting new applications. Memberships will be on a first come first SERVED basis. Due to low ceilings, members are asked to keep their racket down !

•The optimist club is holding a fund raising drive to expand it's facilities, however, they don't think they will reach their goal.

•Did you hear of the hard luck gambler that went to Las Vegas on a gambling trip ? The first day he lost all his money, the second day he lost his house, and on the third day he gambled away the Chev Impala and Hertz rent-a-car was not impressed ! But wait, it gets worse. He then lost his shirt at a coin laundry !

•Definition: Arbi-trator.....One who leaves Arby's to cook for Wendy's.

•Thought for the day People getting married in this modern day and age should do so no later than 6 o'clock in the morning, then if it dosen't work out, they haven't wasted the whole day ! They can go staggering that night for a new partner !

GROUNDHOG DAY

Groundhog Day is a day celebrated on February 2. According to folklore, if it is cloudy when a groundhog emerges from its burrow on this day, then spring will come early; if it is sunny, the groundhog will supposedly see its shadow and retreat back into its burrow, and the winter weather will continue for six more weeks.

Groundhog Day

Old Groundhog stretched in his leafy bed.
He turned over slowly and then he said,
"I wonder if spring is on the way,
I'll go and check the weather today.
If I see my shadow between eleven and noon,
I then will know that I'm out too soon.
I'll crawl back in bed for six weeks more,
Pull up the warm covers and snore and snore.
But if no shadow gives me a scare,
I know that spring is in the air,
I'll wake my friends and wish them cheer,
With glorious news that spring is here."

Move over for emergency vehicles... It's the law!

Emergency responders work hard to keep us safe, and we need to make sure they can work safely as well. **As of Jan. 1, 2013, under the Motor Vehicle Act:**

When an emergency vehicle is stopped on the highway and has its flashing lights on, New Brunswick drivers MUST:

- Slow down and proceed with caution;
- Make sure it's safe to proceed, then move over to the left, away from the vehicle.
- If there are two or more lanes of traffic, the driver must move into another lane if it can be done safely.

This will ensure that drivers won't collide with an authorized emergency vehicle, or endanger anyone outside the emergency vehicle.

What is an authorized emergency vehicle?

- a vehicle operated by a police officer or designated peace officer
- a fire department or fire fighting vehicle
- ambulance

What penalties are involved?

The fine for not slowing down and moving over for an emergency vehicle is \$292.50 and three demerit points.

Don't Become A Diabetes Statistic In 2013

When a man applied for a job at the railway station, he was asked, "Suppose you saw a train coming from the east at 100 miles an hour. Then, you noticed a train coming from the west at 100 mph. The trains are both on the same track and just a quarter of a mile apart. What would you do?" The man replied, "I'd run and get my brother". "Why would you ever do that at such a critical time?" he was asked. The man replied, "Because my brother's never seen a train wreck".

Today, diabetes and its complications make a perfect medical train wreck. According to The World Health Organization every 40 seconds a new diabetic is diagnosed in North America. Can you imagine the hue and cry if there were a new case of SARS or measles every 40 seconds?

The figures are appalling. 50 years ago, 90 percent of diabetes was the result of inheriting bad genes (Type 1 diabetes). Now 90 percent is due to obesity (Type2)! Five percent of North Americans are diabetic. One child in five born today will become a diabetic. The dollars required to care for these patients is mind-boggling, eventually decimating our health care system. So can you decrease the risk of becoming a diabetes statistic?

First, everyone must get "scared as hell" about gaining weight. Excess weight not only sets the stage for diabetes, it also triggers a series of other health problems. For instance, heart disease is listed as the number one killer. But often it's sheer fat that's killing them.

Next be "scared as hell" about packaged foods. Since most of us are no longer down on the farm, packaged foods have now become a way of life. So, develop the habit of never buying packaged food without looking at the label. You will be surprised at the number of calories present per serving. Until everyone starts thinking calories, the battle of the bulge will never be won. Most people need about 1,800 calories a day.

Also get "scared as hell" about other calories, the 14 teaspoons of sugar present in a piece of cherry pie, eight teaspoons of sugar in a soft drink. I'm sure readers would conclude I needed a psychiatrist if I poured this amount of sugar into a glass of water. But this is what kids have been drinking for years. And since many morning cereals contain 50 percent sugar, I tell my grandchildren it's safer to eat the box!

It's naive to expect that the epidemic of Type 2 diabetes will suddenly end. That would require either a famine, a major public health assault on obesity, or millions of people getting "scared as hell". I don't see this happening.

The great tragedy is that too many people look on diabetes simply as a problem with an excessive amount of blood sugar. They fail to realize the primary cause is narrowed atherosclerotic arteries that gradually choke off blood supply to vital organs.

The most appalling example of tragedy is what is happening to aboriginal patients in Manitoba. Because of diabetes and reduced blood supply to the legs, 90 percent of leg amputations are performed on aboriginals!

But looking at other diabetes patients in North America, diminished blood flow makes them 25 X more prone to blindness and 17 X more likely to be attached to renal dialysis machines due to destroyed kidneys.

Narrowed arteries in diabetes patients also carry less blood to the heart's muscle. This is why 50 percent of diabetes patients die of coronary attack.

Aging is also responsible for narrowed atherosclerotic arteries. But Dr. Sydney Bush, an English researcher, has shown that diabetes patients and the rest of us can restore normal blood flow by taking high concentrations of vitamin C and lysine. It's recently become available as a powder called Medi-C Plus and is available in Health Food Stores.

Unfortunately, neither diabetes patients nor others are aware of this product since its proven results have gone unrecognized by doctors.

Everyday People

Submitted by Sheila Boissonneault

When driving the country roads I'm always exclaiming about the peaceful scenery. The cows, steers, and sheep grazing lazily bring a feeling of serenity to my soul; but I know that behind that serenity are farmers that work from sun-up to sun-down. One of those farmers, George Pickett, (of Corn Hill) told me that he said to his young wife that he couldn't remember a time that he didn't work. He wasn't sure at that time if she believed him; later on she saw the truth in his statement.

George said there was always work to do on the farm, even as a young lad, before he attended school, he had the chore of filling the wood box every night. The children always helped with the chores. School was one and a half miles to walk each day; in the winter George said it always seemed that when he walked west, the wind blew westward and when he walked east it blew eastward and it seemed that he never had a rest from that wind.

He finished grade 9 and went on to agricultural school for two years, then worked at home and for the neighbors. In the winter he worked in Moncton for a contractor, boarding in the city and attending Highfield Baptist Church Youth Group. It was there that he met his future wife Gladys.

In the fall of 2012 George spent a few days in the Moncton Hospital and memories of his time working in Moncton came to mind; in particular a warm, sunny Saturday afternoon in April of 1952. He was hanging around the garage with nothing much to do when a truck came in with a load of heavy machinery. He remembers that Hal Arseneault, Earl Wilson and he were asked to take it to the site. They drove on Mountain Road past houses, barns and fields. Then they turned off onto a dirt road onto a field.

George remembered noticing that this field hadn't been plowed and the brown grass showed up against the melting snow. In on that road a construction company was building the new Moncton City Hospital. The young men wondered why they were building the hospital way out there. George exclaimed that today the city now surrounding the hospital!

Gladys and George were married in September of 1956 and George went to work for his Dad. He built a house for him and his wife. In the 60's he brought the farm; in the beginning they had milk cows, then beef cattle and later on sheep. He told of a night he was plowing a large field at the bottom of the valley with his big John Deere tractor. Finally on the last furrow the tractor stopped, it had run out of gas. He walked back the half mile in the dark, resulting in wading through a brook then arriving home so cold that he ended up getting sick.

Gladys and George had four children Beth, Bill, Robbie and Penny. They all sang and played instruments and enjoyed many evenings singing in the parlor. He worked long hard hours and he said he regrets not spending enough time with his wife and children. Sunday was the only day he took some time off. He would get up early start his chores, and then have breakfast after

which he would take his family to Sunday school then return to finish the chores. Then he would get dressed and go back to church for the service, after all he was a deacon he said with a smile. He told me of a Sunday morning that Robbie decided that he would stay home and help his dad instead of going to Sunday school. That bothered George and gave him sleepless nights trying to figure how he could get the work done and go to Sunday school with his family, and figure it out he did, from that time on he went to Sunday school and got involved. He taught the young adults which he said was one of the joys of his life. As a family they enjoyed visiting friends and family and they looked forward to an annual trip to the fair in Fredericton each year.

George wanted to teach his children the importance of working and he did just that. In the summertime people would call and ask if his sons could work for them. Soon George had to hire people. He remembers one boy, a minister's son who worked three summers for him. They became good friends and they still keep in touch. This lad earned a Master's Degree in Weed Science and was greatly sought after, he worked for the New Brunswick government, for The Nova Scotia government and finally the University of Ohio hired him.

George involved himself in The Christian Men's association and the Ministerial association for 20 years. In 1970 he came down with Hepatitis and was terribly sick. It was Christmas Eve and the snow had drifted from the house and across the road. It took the plow eleven times to get through that drift. In January it seemed the snow was going to stop so George hired a man to clear the lane from the house to the barn, it took him four hours. After he finished he told George not to call him if it drifts over again. George got better but never seemed to get completely well. He said he was x-rayed in every position except standing on his head. After many blood test the doctor said it is probably just nerves. As time went on he failed physically and he tried not to let people see how weak he was. He had to sell his cows, but he kept a few sheep and he delivered eggs.

After 24 years finally it was discovered

what was wrong with him. While talking to a farmer friend on the phone, this friend asked George to do him a favor. George said not to make it too tough because he didn't have much strength left. His friend told him that the next time he saw a doctor he should ask him to send him to a specialist. He saw this doctor in March and this doctor remarked that a second opinion never killed anybody. He went through many tests and it was found that he had Celiac disease. He had to go on a special diet, no more of Gladys's wonderful bread and rolls, now he had to eat rice bread which is like eating sand. But Gladys learned how to cook for him even though it became quite expensive. In two weeks he already felt better and in six months he improved much.

Then the time came when Gladys needed him and he had to stay close to home. Finally he had to put her in a nursing home. At first she wanted to return home with him when he visited her and that was very difficult for George, but as time went on it got somewhat easier. George needs a homemaker now and he doesn't get out to church regularly. A lady in church asked him how young he was. He answered 28; she looked at him then laughed and said oh I know now, your 82.

I asked George if he had a word of advice for the youth of today, times are hard for them. He said.

"Get yourself to a church where the Bible is preached and Jesus Christ is honored and follow hard after Him."

"The Petitediac Boys & Girls is a good place to be."

Children of all ages, here at the Club have and will be enjoying several activities.

The month of January the children have been going to public skate, bowling, playing bingo, scavenger hunting and creating unique & beautiful crafts.

The staff at the Club work closely with the staff and students at the Petitediac Regional School. Club staff are involved in several programs at the school, such as "The Youth" of the 21st Century", a program for middle school students, a program based on self awareness and being the best you can be. "Thumbbody", a program for grade 3 students, a Canadian Mental Health Association, this program is based on self-esteem, the Club staff received their training from mental health. On February 27, it is Pink T-Shirt day, anti-bullying. The Club staff will be participating with the teachers and students K-5 on this

day at the school.

The Club holds Preteen Dances on a monthly basis, next dance is on February 15 from 7-9pm. Every Wednesday night the club doors are open for teen drop-in center from 7-9 pm This program is secured and supervised within the confines of the building.

The Club will be hosting St. John Ambulance Babysitting Course on April 20 from 8:30 to 4:30. For registration call 756-2841.

On April 20, we will holding our biggest fundraising event, our annual Bowl-A-Thon. We would like to invite anyone and everyone to come and participate or donate to our event, for further information you can contact Deb or Clayton at 756-8810. Andy donations for this event would be greatly appreciated.

Thank You from S.P.O.T

On behalf of the board of directors and executive of S.P.O.T we would like to thank the churches, service groups, schools, business, families and individuals who have donated during 2012.

Whether your donation was food, monetary, or clothing all is greatly appreciated through out the year many groups organize events that benefit S.P.O.T such as the annual Santa Clause Parade, Fill the Bus campaign, annual panther prowl, or the Thanksgiving Fall Harvest these are just a few of the many wonderful events held.

It takes a lot of volunteers to help S.P.O.T function properly, so a "Big" thanks to each of you.

To the customers who patronize our business a big thanks, it's because of you that we keep going.

As you know S.P.O.T has plans to move in the near future, our new building will be the former rangers station. We will let you know by means of our local paper, the Sussex Herald and Local News and Views. So keep watching for dates.

S.P.O.T will also be holding our annual meeting Feb 7, 2013 at the Petitediac Menno-nite Church at 7:30 pm. All are welcomed.

So once again a Big thanks to all of you for making our job a lot easier.

All the best in 2013 S.P.O.T

New Meal Service in Salisbury-Havelock-Petitcodiac-Elgin-Glades area

Meals and More! has been delivering quality frozen meals in Greater Moncton and Southeast New Brunswick since 1996. Susan Kastuk-Ridlington, Registered Dietitian, is pleased to announce they are now able to expand their delivery service to the Salisbury-Havelock-Elgin area. Meals and More! has a menu with a wide selection of main meals, soups, desserts and breakfast items to choose from.

Customers are from nineteen to ninety-nine years of age. Many customers have a physical or mental challenge which makes meal preparation difficult. But Meals and More! also has customers who, living alone, are not interested in cooking or just have busy lives and want a nutritious, tasty, and easy to prepare meal. Meals and More! welcomes all customers; many will enjoy the meals regularly; while others may only order occasionally.

Customers choose from the menu of over forty main meals; each main meal consisting of meat or fish, a serving of potato, rice or noodles and a vegetable. When wanting to enjoy a meal, the customer selects their meal from the freezer and heats the meal in the dish provided in a regular oven or microwave. All the meals are identified with the name and ingredients, heating directions and nutrition facts table. The menu also in-

cludes individual portioned soups, desserts and breakfast items.

Meals and More! is pleased they can meet most dietary needs including customers wanting meals suitable for diabetes and sodium restricted (low sodium/low salt) diet.

Kastuk-Ridlington, brought the concept of frozen meal delivery service to the Maritimes in 1996 after attending a national conference of the Canadian Association of Community Care. She started with just herself and a family van. Today, Susan's team provides a delivery service in Greater Moncton (two days a week), Memramcook, Dorchester, Sackville, Shediac to Cape Pele, Amherst, Nova Scotia and now expansion brings the service to the Salisbury, Havelock, Elgin, The Glades and Petitcodiac area.

Delivery will be available directly to homes every second Thursday via Randy Matheson of Senior Moments, Life Tasks Agency. Customers may pay upon delivery; others may qualify, after assessment, for financial assistance.

The meals from Meals and More! makes a special, practical gift for any occasion. Meals and More! can easily arrange for a gift pack or gift certificate.

See their website www.mealsandmore.ca for more details or call 506-536-8102 and arrange to have a menu mailed directly to you. (If long distance, Meals and More! will immediately return the call.)

News From The Maritime Motorsports Hall Of Fame

KEVIN BURNS
Inducted November 14, 2009
Competitor, Builder/Drag Racing/Truck
Pulling

His interest in cars and drag racing began in his High School days. In November of 1965 he purchased a 1965 Pontiac GTO. This car was the Eastern Canadian C Stock Champion in 1966 & 1967. With this car he held both ends of the record at the four strips where he ran. In the early 1970's he enjoyed Drag racing a 1955 Chevy. In the mid 1970's he began showing the '65 car at local car shows. From the local shows he went on to compete in his first ISCA show in 1976. His 1965 GTO earned top points in its class for 1976-77 & 1977-78 in the Eastern Canadian Championships Series of shows associated with ISCA. He was a guest Judge for ISCA at a major competition in Las Vegas, Nevada.

While competing in Drag Racing and Car Shows he expanded his personal collection of Pontiac GTO's. His cars took him

and his family throughout Canada and the United States. They traveled to GTO Conventions in Indianapolis, Indiana and Kalamazoo, Michigan.

He raced and worked at the Pennfield track when it was known as Atlantic Dragway. In the 1980's he took over as the Track Operator of then Pennfield International Dragway. This track was host to Nostalgia meets, all Bike Weekends and the All Truck Weekend.

In the late 1980's early 1990's he branched out into Truck Pulling. He ran a 1952 Mack truck known as the MACK ATTACK which was always a crowd favorite. The Truck Pulls took him on several Maritime Tours as well as many a trip to the State Fairs of the United States.

He organized groups of Pulling Trucks to tour around putting on exhibition pulls. These included; Minto, NB (Coal Mining Festival), Newcastle, NB, Digby, Sydney and Halifax Nova Scotia. At every one of his events he ensured there was a souvenir stand. He wanted the spectators to have the opportunity to purchase t-shirts, hats and dash plaques to remember their favorite event, truck or car.

In the mid 1990's he drove the Official Pace Car at the local stock car track known at the time as New Brunswick International Speedway.

He decided he wanted to get back into drag racing again. He purchased a 1968 Pontiac Acadian. He enjoyed building and tuning the engine (Pontiac of course). He spent a great deal of time preparing the car which he called the Super Chief. He completed and ran the car in 2002.

He loved his cars, his Drag Racing and having the support of his family every step of the way.

His wife received his reward

launch of the new model motorcycles, scooters and ATVs is always highly anticipated by riders and enthusiasts in the Greater Moncton and Atlantic Canada region, but this year's Show promises to be much more than just a showcase, it is a fun filled event that the whole family can enjoy", says Neil Fardy, Show Manager.

The 2013 Moncton Motorcycle Show turns their focus to women riders on Friday, February 15th with SHE RIDES NITE. This female friendly evening provides ladies half price admission after 5:00 pm and offers a number of ladies only features, demonstrations, educational experiences, and prizes. The evening is a celebration of women who ride, or are considering taking up the sport.

The Yamaha Kids Riding Academy continues to be a family favourite. This is a one of a kind opportunity for kids aged 6-12 to receive an introduction to off-road riding right at the Show. Under the supervision of certified instructors participants will receive

instruction, get geared up in the latest safety equipment and then take to the track on a Yamaha off-road motorcycle.

Throughout the weekend, the show will offer interactive features, special guests and unique sale items that will keep biking enthusiasts coming back for more. Daily, weekend and family passes are available.

Produced by Power Sport Services, the Moncton Motorcycle Show boasts an impressive line-up of manufacturers, including Arctic Cat, BMW Motorrad, Can-Am/BRP, Ducati, Harley-Davidson, Honda, Kawasaki, KTM, Polaris, Suzuki, Triumph, Victory and Yamaha.

To the Editor RURAL NEW BRUNSWICKERS SHOULD BE OUTRAGED

As I looked at the new boundaries that have been drawn up for the Ridings in rural New Brunswick, I asked myself, has this committee followed the proper guidelines or was their only concern to make an even number of people in each Riding with no consideration for the area that would be covered by 1 MLA? It is evident that the difference in issues that Rural MLA's must deal with in comparison to Urban Ridings were not taken into serious consideration. All municipalities look after streets and all services such as NB Housing, Social Development, Education, Post Secondary Training and Labour and Health are at the constituents finger tips in Urban New Brunswick. A huge contrast in the case of our MLA's who work in a rural setting. They are the front line people who work tirelessly for rural constituents to help those facing issues and contact departments for us. They get numerous calls relating to the Department of Transportation for bush cutting, potholes, bridges, culverts, trees that are too close to power lines and those of us who see safety issues on our rural roads, naturally, call our MLA. If the proposed

boundary changes were to be implemented, rural New Brunswick is completely left behind. With the size of what would be our new Riding, our MLA would be now serving Burton, Gagetown, Kars, Hatfield Point, Bellisle Creek, Head of Millstream, Anagance, Pollet River, Petitcodiac, The Glades, Colpitts Settlement, Salisbury West, Steeves Mountain, New Canaan, Cumberland Bay, Youngs Cove, Cambridge Narrows and all the area inside this huge area. How could one MLA look after all of this area and our needs in a timely manner and do the work that would be required? One option might be to open satellite offices and hire staff but that would soon eat up the proposed 3 million dollars that government hoped to save. This is not good news for Rural New Brunswick! We are being left out of a very important picture and will not receive the necessary attention we too deserve as New Brunswickers. For more information you can go to <http://www.gnb.ca/elections/boundaries/maps/-PEB-e.asp>. There will be meetings held to voice our concerns so be sure to attend.

THANK YOU

SMITH - The family of the late Nelson Smith would like to thank everyone who sent memorials, flowers and the gift of food. Kathleen (Kay), Dennis, Reginald and Berry appreciate all the support they have received during this difficult time.

The family would also like to give a special Thank You to the staff of the Jordan Life Care Center for the wonderful care they have provided to Nelson. Also, Thank You to the staff of Fairhaven Memorial Gardens and Keith Adams, and the choir and organist for their music, and the St. James United Church for providing the lunch.
Family of Nelson Smith

The Family of the late Lona McCully Want to say Thank You to everyone who supported us during this difficult time. Thank you to friends and neighbours for the food you brought to the house, the phone calls, cards, condolences, memorial donations and for the many hugs and shoulders to cry on.

A very special thanks to the people who worked in the Oncology, Rehabilitation, and palliative Care Units at the Moncton Hospital for the care and kindness shown to her. It will never be forgotten. Thank you to Dr. Silver, Dr. Assi, Dr. Kenny, Dr. Mansfield and Dr. Pike. Also a special thanks to the Petitcodiac Extra mural and staff at the Jordan Memorial Home for your excellent care and compassion. Thank you to David Keirstead and staff of the Salisbury Funeral Home for your kindness and guidance you provided us that helped so very much. It was much appreciated.

In lieu of individual thank you cards, a donation will be made to the Friends of the Moncton Hospital and The Canadian Cancer Society.

The family wish to thank family and friends for their kindness during this difficult time. Thank you for the visits, flowers, food, cards, phone calls, condolences, and memorial donations. Thanks to the staff of 6600 Unit for their professional care of our father.

Also, thank you to Dr. Silver, Rev. Jacob Ebbett and David Keirstead and staff of Salisbury Funeral Home for your kindness and guidance. The McKnight Family

Robert James McIntyre, 74, of Salisbury passed away Thursday January 3rd, 2013 at the Moncton Hospital, surrounded by his loving family, following a brief illness.

Born in

Moncton, he was a son of the late William J. and Marjorie (Cameron) McIntyre. He was a retired purchaser for CNR with over 30 years service. Robert was a harness racing owner and an avid horseman. He loved spending time with family and friends and a favorite past-time was playing horseshoes. He loved taking drives with his wife Louise in Albert County on Sunday afternoons.

He is survived by his wife Louise; children Michael (Penny) of Riverview and Heather LeBlanc of Moncton; step-children Stirling Steeves (Denise), Janet Savary (Phil), Bonnie Steeves (Darryl), Richard Steeves (Erla), and Diane Prosser (Dale); brothers Ronald McIntyre, David McIntyre (Barbara), and Edison McIntyre (Geraldine) and sisters Ethel McKay (late James), and Dorothy McConnell (James). His precious grandchildren Patrick, Christopher and Hannah, step-grandchildren Troy, Zack, Ben, Clayton, Joel, Callista, Ashley and Nikita, several step great grandchildren, many nieces and nephews and also dear friend Bernie Landry. Predeceased by infant sister Donna McIntyre, infant brother Jimmy McIntyre and sister Gloria Fenton (December 2012).

In keeping with Bob's wishes there will be no visitation. The funeral will be held at Salisbury Funeral Home, 3350 Salisbury Road (372-4800) Monday, January 7, 2013 at 3 p.m. Reception to follow in the parlour. Interment at Fairhaven Memorial Gardens at a later date.

If desired, donations to the Alzheimer Society, Cancer Society or donors choice would be appreciated by the family.

OBITUARIES

Rev. Bertram Manford Hicks, 95, of Sussex and formerly of Havelock, died Friday, December 28, 2012 at the Sussex Regional Health Centre. Born in Hicks Settlement, he was a son of the late

Harley and Edith (Killam) Hicks. He was born a farmer and remained one at heart, but was called of God as a young man to be a preacher. In 1946 he graduated from the Canadian Nazarene College in Red Deer, Alberta with a Bachelor of Theology degree. He was a pastor with the Reformed Baptist (now Wesleyan) church, serving in Westchester NS, Woodstock, NB, Truro and Londonderry, NS, Havelock NS, Hartland, Lower Brighton and Victoria Corner, NB circuit, and Sandford, NS churches. He also taught and served as college pastor at Bethany Bible College in Yarmouth, NS.

He became pastor of the Woodstock church at a very critical period in its history. Holiness Bible Institute (Bethany Bible College - now known as Kingswood University) had just relocated from Woodstock to Yarmouth, leaving the church with a very small congregation and an expensive church plant to maintain. Mr. Hicks faithfully shepherded this, the Mother Church of the Reformed Baptist denomination, for seven years. When he tendered his resignation in 1955 to join the faculty of Bethany Bible College in Yarmouth, it was said of him that he was "faithfully devoted to the work of the kingdom... (and) people did not want him to leave."

He held a number of denominational offices over the years of his ministry, including president of the Young People's Association, treasurer of the Ministers' Insurance Fund, and denominational Sunday School Purchasing Agent. His ministry found expression in many different forms, but he stated that the most satisfying aspect of his calling was preaching.

At retirement in 1982, he built a home in Havelock, NB near his birthplace, where until two years ago he enjoyed working in the woods, gardening, hunting and spending time with his extended family.

He is survived by his wife of 66 years, Avis (Flemming); sons Ross and Brian (Fern) of Sussex; daughters Joan of Sussex and Janice Thomas (Reg) of Perth-Andover; grandchildren Sarah, Timothy, Tricia, Emma, Ethan, and Kiera, and great-grandson Connor. Also survived by brothers Leslie (Aleen) of Moncton, and Floyd (Alice) of Ontario, and many nieces and nephews. Besides his parents he is predeceased by brothers Lee, Sterling, Gordon and Cecil and sisters Iva, Hilda, and Zora.

Resting at Salisbury Funeral Home, 3350 Salisbury Road (372-4800) visiting will be Monday, December 31 from 1:30 p.m. until the service at 2:30 p.m. with Rev. Reg Thomas officiating assisted by Pastor Jacob Ebbett. Interment at Havelock Wesleyan Cemetery at a later date.

We do not mourn as those who have no hope (1 Thess 4:13), for we know our dear husband and dad is free of pain and in the presence of Jesus, whom he loved dearly, and we shall see him again some day.

If desired, donations to the NB Extra Mural Society or a charity of choice would be appreciated by the family. www.keirsteads.ca

OBITUARIES

Kevin Leigh Tomilson, 55, of Havelock, passed away at his residence Sunday, December 30, 2012. Born in Woodstock, he was the son of the late Leigh and Pauline (Donnelly) Tomilson. Kevin worked as an LPN at Jordan Life Care

Centre for twenty-five years. He loved cooking, cross-stitch, going to auctions, refinishing antiques and was quite a prankster.

He is survived and missed by his wife Joanne (Pratt); son Dain (Erin Dunfield) of Penobscus; cherished granddaughter Savannah; sisters Betty Prosser (Stanley) of Centerville, Carol Cronkhite (Ronnie) of Nackawic and Linda Steeves (George) of Florida and several nieces and nephews. Predeceased by his birth parents Harold Parson and Joan Clark; sister Penny Morrisette and brother Timothy Cosman.

Resting at Salisbury Funeral Home, 3350 Salisbury Road (372-4800) with visiting Friday, January 4, 2013 from 1 p.m. until the service at 3 p.m. with Rev. Chris Hayes officiating. Interment at Woodstock Rural Cemetery at a later date.

If desired, donations to the St. Andrews Anglican Church or charity of choice would be appreciated by the family. www.keirsteads.ca

Iona May McCully, 53, of Petitediac, passed away at the Moncton Hospital Friday, December 28, 2012 with her daughter at her side. Born in Sussex, she was a daughter of the late Thomas and Nellie (Read) Brown. Iona worked at Cement

Cartage, in accounting, for thirty-three years. She was a dedicated volunteer for the Canadian Cancer Society, a member of the Petitediac Golf and Country Club and was an avid golfer. Iona graduated from the Petitediac Regional High School.

She will be missed by her beloved husband of thirty-five years Mike; children Christopher (Stephanie) of Riverview and Michelle of Cardiff, UK; cherished granddaughter Katie; sisters Bonnie Rae Macaulay (Wayne), Burma Limoges (Mike), Margaret Mann (Gordie) and Joan Adair (Brian); brothers John Brown (Darlene) and Michael Brown (Connie) and several nieces and nephews.

There will be a private family service, officiated by Rev. Chris Hayes, at Salisbury Funeral Home, 3350 Salisbury Road (372-4800). The family will receive relatives and friends Monday, December 31 from 11 a.m. - 1 p.m. at the funeral home. Interment will be at Maplewood Cemetery at a later date.

If desired, in memory of Iona, donations to the Canadian Cancer Society would be appreciated by the family. www.keirsteads.ca

It is with great sadness that we announce the sudden passing of Michael Todd Kierstead, of Havelock, on January 19th, 2013 at the Moncton City Hospital. Born on June 12, 1962,

Mike was a son of Vera Viola (nee Keith) Kierstead of Havelock and the late Murray Wallace Kierstead. He is survived by his loving wife, Sharon (nee Middleton), as well as by his two wonderful boys: Rily & Murray. Mike is also survived by his Mom, Vera Kierstead; his brothers: Paul Murray, Lance Dale and Danny Lynn; his sister Shawna Lisa Sheri; parents-in-law, Norm & Wendy (nee O'Blenis) Middleton; several nieces and nephews and a large number of extended family and friends. Besides his father, Mike was predeceased by his brother, Kevin Clay and his sister, Misty Leigh.

Mike graduated from Petitcodiac Regional High School in 1982. After a severe accident in 1991, he became a stay-at-home Dad to Rily & Murray. Family was the most important thing to Mike and they were his pride and joy. He loved his cars and was an avid motorsports enthusiast. He enjoyed gardening, barbequing, entertaining, and was known to always have more than enough food cooked to feed everyone. Mike was the king of one-liners, loved to joke around and was very quick-witted. He will be greatly missed by all who knew him.

Arrangements were entrusted to the care of Armstrong's Funeral Home, 33 Russell Street, Petitcodiac, from where a celebration of Mike's life was held, Wednesday, January 23, 2013 from 3-4:30pm and 6-8:30pm. A private graveside service will be held at a later date. In lieu of flowers, donations to a Living Memorial would be appreciated by the family. On line condolences are available at www.armstrongfh.com.

CALEB DUNN MEMORIAL TO HIGHLIGHT 2013 SCHEDULE AT PETTY

RIVER GLADE, NB (January 19, 2013) - The owners of Petty International Raceway are proud to announce the inaugural Caleb Dunn Memorial weekend, to be held at the facility August 3 and 4. The event will pay homage to local racing legend, the late Caleb Dunn - an inaugural member of the Maritime Motorsports Hall of Fame, and is expected to be a highlight of the 2013 season which will include 11 race dates spanning seven weekends between May and September.

"We're please to be able to do this for the Dunn's and for our racing community," said Craig McFetridge, co-owner of Petty International Raceway. "It's important to honour our stock car racing heritage in the Maritimes, and we're extremely proud of what local guys like Caleb Dunn accomplished in their racing careers."

The Caleb Dunn Memorial weekend will see all four of Petty's regular racing divisions featured (GT Enterprises Sportsman,

Days RV Bandolero, C-Max Paint and Body Shop Supplies Street Stock) and culminate with a 200-lap GT Enterprises Sportsman race on Saturday August 4 - the longest (lap count) sportsman race in the Maritimes.

The longest running stock car race in Canada, the 49th River Glade International, is set for August 23-24 and will again see two segments: one on Friday August 23 that will feature the Jones Auto Body Twin 75s for the Sportsman, and one on Saturday August 24 featuring the Parts for Trucks Pro Stock Tour.

Two other double-header weekends are also on tap for the 2013 season: May 31 and June 1 featuring a Sportsman 100 on Friday and the Parts for Trucks Pro Stock Tour on Saturday; and June 29-30 when the Parts for Trucks Pro Stock Tour will visit on the Saturday and Sunday will see a Canada Day celebration featuring a Sportsman 100.

The season will kick off May 18 with a \$2,500-to-win Sportsman 150; two more events will complete the 2013 schedule, one on July 13 featuring a Sportsman 100,

and the season finale on September 21 with details to be announced.

A more detailed 2013 schedule is available at www.pettyraceway.com.

Caleb Dunn, from Salisbury, competed for more than 30 years (1951 to 1989) at tracks all over the Maritimes, the eastern U.S. as far south as Florida, and in Ontario. He earned more than 200 wins in his legendary No. 12. Mr. Dunn passed away May 28, 2012; he was 84.

Petty International Raceway is located on Highway 106, just 40 km west of Moncton, New Brunswick. To learn more about Petty International Raceway, its location, admission, policies, history, and more, please visit www.pettyraceway.com or call the event hotline at 506.372.8080. DID YOU KNOW.....the Utility (Sewer) Operating Account is self sustaining, meaning it is completely separate from the General Operating Account and receives no grants? Its only sources of income are the annual sewer fees of \$300/unit. That's less than \$1 a day! At that price, it's difficult to believe that as of December 31, 2012, there is a total of almost \$150,000 in outstanding sewer accounts.

GENERAL OPERATING ACCOUNT

Council was forced to increase the 2013 tax rate for village residents from 89.88 cents to 92.45 cents per \$100 of assessed property value. This means a house valued at \$100,000 will pay \$924 in tax.

Even with a tax base increase of \$10,239,450 (total tax base \$155,329,200), the increase to our tax rate was still necessary due to the following increases above and including our every day operating costs.

Unconditional Grant - \$ 91,643 (A decrease of \$6,953)

Province of New Brunswick (RCMP) - \$351,219 (An increase of \$100,791)

Cost of Assessment - \$ 30,134 (An increase of \$1,987)

Planning Costs - \$49,914 (An increase of \$10,296)

Winter Maintenance - \$53,000 (An increase of \$3,000)

Garbage Collection - \$71,603 (An increase of \$1,603)

Landfill Fees - \$53,411 (An increase of \$1,883)

Accounting Disclosures - \$17,000 (A new PSAB requirement)

UTILITY (SEWER) OPERATING ACCOUNT

The sewer rate for 2013 remained unchanged at \$300.00 per unit. Due to increased costs, the discount for 2013 will be \$10 per unit on current year charges if paid in full before MARCH 1, 2013. After March 1st, interest of 2% per month will be added to all overdue accounts beginning in January.
