It's Show-time at Petitcodiac District Figure Skate Club

The skaters at Petitcodiac and District Figure Skating club have been working hard all season and have been having great results.

The Learn to Skate and Can-skaters have all been working hard in their lessons and there have been many ribbons and badges passed out to them as they have mastered new skills. Well done!

The older girls have been working hard too. The first competition of the year was in Bathurst, where Meline Richard received a merit assessment in Star 1, Cassandra Taylor received a bronze assessment in Star 1, Breanne Wesselius received a silver assessment in Star 4, Allison Brewer won gold in Star 5,

Malin Smith won silver in Pre-Juvenile Women Under 11, Kristin Berry was 16th and Laura Wesselius was 3rd

in Pre-Novice Women and Angel Howatt was 4th in Junior women.

The Sectional competition was next and Malin Smith won gold in Pre-Juvenile Women Under 11, Laura Wesselius was 4th in Pre-Novice Women and qualified to compete in the Skate Canada Challenge event in Manitoba, Kristin Berry was 13th in Pre-Novice Women and Angel Howatt was 2nd in Junior Women. Kelsey McNeil trains in Ontario now, but still skates for PDFSC. Kelsey won bronze at Octoberfest (Ontario) and was 4th in Central Ontario Sectionals in Senior Women. Kelsey also qualified to compete at the Skate Canada Challenge and at that competition qualified for the Skate Canada National Skating Championship.

From the editor

Let us think of something fun and happy. Enough with the shoveling, snow blowing and plowing. Oh and getting stuck!

I think we should get out the seed catalogs and at least dream.

We have had some good luck at the Olympics, what great athletes.

You have been busy in this area with figure skating, hockey and basketball.

There was even snow for snowmobiling and the Winter Carnival.

Another enjoyable thing is go to the Petitcodiac Legion for lunch on Wednesdays.

St. Patrick's day, March 17, can be a fun day as well, when we can join the Irish and the little elves.

March 21 is the Maritime Motorsports 4-wheeler draw. Just a reminder: the dinner and draw will take place at the Petitcodiac Legion. Tickets are on sale at the Motorsports Hall at 5 Hooper Lane.

It has been brought to my attention that some would like to have a Games Day at the MMHF on Wednesday afternoon, if this is something you would like to do please call us at 756-2110. This is a possibility if enough people are interested. Also when you call let us know what game you enjoy.

We would like for the many organizations in our paper area to give us information about what you are doing and what you are going to do. Tell people about yourselves and maybe get some more members.

Here is hoping March is a better weather month.

Your Editor,

Winona McLean

Daylight Saving Time
Begins March 9

Mark your calendars: Time will spring forward an hour for most of you soon, robbing you of an hour of sleep but guaranteeing more sunlight during the day.

Daylight saving time officially begins at 2 a.m. on Sunday March 9 when you change your clock to 3 a.m.

Also remember to change your batteries in your smoke alarms and test them to make sure they are working properly.

The Doctor Game W. Gifford-Jones M.D.

The Airplane Cold :Fact or Fiction?

"Did I catch this infection on the plane?" I wondered. I'm sure, like me, you have often asked yourself this same question, particularly if you've landed in a tropical paradise and a cold is the last thing you need. So what is the risk of picking up a bug on a plane and how can you avoid it? And should airlines add something to a certain door?

Dr. Jessica Nutik Zitter, a researcher at the University of California, San Francisco, studied 1,100 passengers travelling between San Francisco and Denver, Colorado, on planes that had newer air recirculating systems and those that use fresh air for ventilation. 21 percent of passengers aboard fresh air planes reported colds within one week, compared to 19 percent of those breathing recirculated air.

Dr. Derek Johnston, a specialist in pediatric allergy and immunology at Temple University in Philadelphia, says, "It doesn't matter if you're breathing recirculated air or fresh air. If the germs are there, you're going to get sick and it's due to confined space".

Airline officials agree the risk is proximity, and if you had 400 people sitting close together on the Trans-Siberian Railway the same number would catch colds, namely about one in five who travel in confined space.

So what can you do to avoid being the one in five that wished they had stayed home in the safety of their bed? Dr. Charles Gerba, at the University of Arizona, is an expert on what the medical community labels "fomites", namely objects that are liable to carry germs. He says the first thing to remember is that bugs are everywhere on the plane.

I always ask for an aisle seat as it's easier to get up and walk around. But Gerber says that's my first mistake, as it's the seat most likely to be contaminated. Just watch people going to the bathroom and later touching every aisle seat as they steady themselves walking back to their seats.

Gerba relates the story of one flight. Passengers afflicted with norovirus caused such a lineup at the bathroom the flight had to make an emergency landing. Later, a study conducted by the Center for Disease Control, showed that those sitting in aisle seats were the ones more likely to have contacted a virus.

But there is a ground zero" on every plane. The toilet. It warrants the analytical eye of a Sherlock Holmes. Next time you're on a plane do your own count, but normally there's one toilet for every 50 passengers, and on some flights one for 75. Moreover,

these toilets are used by hundreds of people daily. What awaits you are fecal bacteria, norovirus, seasonal flu and the common cold.

Moreover, toilets in planes are small, making it even more difficult to perform routine hygienic measures. In fact, today with the epidemic of obesity it's hard for some people to even squeeze through the door. Add to this small sinks which make it tedious to wash hands. Besides, Gerba cautions, even the sink may be contaminated.

Fecal bacteria can also contaminate your complimentary pillow and eating tray. In one study, Methicillin resistant Staphylococcus (MRSA), a deadly superbug, was found on 60 percent of airline trays. On a recent flight I noticed one couple cleaning their pull-down tray with Clorox wipes along with hand sanitizers.

You have to conclude that boarding a plane carries infection risks. But it's not just the fault of airlines. Humans can be their own worst enemy by failing to wash hands after a bowel movement. In one study, medical students were stationed in a public washroom during a medical convention. They reported that 50 percent of physicians left the washroom without even turning on the tap! And the convention was about infectious disease!

Here's a suggestion for airlines to help eliminate the one in five of us who develop a cold. In all my travels I've yet to see a hand sanitizer outside the plane's toilet door. Surely it would remind those who do not wash their hands to do so. It would also make my aisle seat much safer.

Elgin Women's Institute Enjoys an Olympic Friendship Dinner

Members and guests of the Elgin W.I. sat down to a delicious and diverse Friendship Supper on Thursday, February 20th at the Seniors' Centre. On the menu were such internationally flavoured entrees as East Indian-inspired chick pea casserole, Middle Eastern tabbouleh and hummus, homemade pitas, Chinese sweet and sour meatballs, and local favourites such as maple baked beans. Desserts included chocolate and English trifles, German elderberry coffee cake, South African milk tart, and tempting cookies and squares.

As a tribute to the Sochi Olympics, our own Team Canada and The World raced, tossed and juggled their way to gold and silver medals. A rousing version of 'O Canada' concluded the competition. Must we really wait another four years? This was much more entertaining than shovelling snow!

A brief meeting was held to review lunch plans for the International Women's Day event to take place on Saturday, March 8th at the Fire Hall Community Centre from 1 to 4 p.m. Ever inspired, the local organizing committee has invited Mrs. Rhonda Alward as special guest in this 2014 edition.

It was agreed that the date for the May auction and country music night would be determined at the March meeting . . . Work will begin soon on renovations to the W.I. Hall kitchen floor . . . Alice Crandall and Evelyn Beaman volunteered to serve on the nominating committee in preparation for the annual meeting in April . . . Zaheera Denath is currently working on the 2014-15 programme books.

If you would like to see what the Women's Institute has in store, please feel free to drop in to the March 20th meeting, or call our secretary at 756-8260 for more information.

INTERNATIONAL WOMEN'S DAY – MARCH 9, 2014

The community of Elgin is holding their 12th Annual International Women's Day Celebration on Saturday, March 8, 2014 at the Elgin Community Center, Elgin, New Brunswick from 1-4 p.m.

March 8 is designated as International Women's Day and is celebrated in various ways around the world with the United Nations choosing a 2014 theme of "Inspiring Change." Reaching out to ladies all across southern New Brunswick, the organizing committee in Elgin has put together a program that will honor and celebrate who we are as women in a positive, lighthearted and entertaining fashion.

With eleven years of experience in planning this event, the afternoon line up promises to have something for everyone of all ages and interests. The agenda includes music, games, information, displays, door prizes and activities. Special guest for the day will be Mrs. Rhonda Alward. For the social time you will be treated to a delicious lunch served at intermission.

Everyone is welcome to this fun event. This gathering would be a good group outing for your Red Hat Society, your Branch of the Women's Institute or any ladies group in your community. Or perhaps you would like to spend some special time with your mom, sister, friend or neighbour. Please plan to attend and bring a car load of friends. There is no admission charge but donations are welcome to defray the cost of rental, etc. If you would like more information or have any questions please call 506-756-2531 or 506-756-2518. This event will be held rain/snow or shine. See you there!

Moncton Kiwanis Minor Basketball Association

Congratulations to the Petitcodiac MKMBA Bantam Boys for winning the silver in the Finals.

Congratulations to the Salisbury Jr. Minis boys basketball team for winning the gold medal in the Championship game.

To the Petitcodiac Mini girls you may not have brought home any medals this year but you all played a great season! We are all very proud of the outstanding basket ball you played as a team this year. Great job girls.

It's Show-time at Petitcodiac District Figure Skate Club continued from pg 1

Winterskate was held last month in Sackville. At that competition, there were four skaters in Star 1 - Katelyn Wood, Callie Stevens, Cassandra Taylor and Melina Richard all received bronze assessments. In Star 2, Goldini Tissera also received a bronze assessment. Ali Mann and Tuscan Tissera competed in Star 3 with Tuscan getting silver and Ali getting bronze. Breanne Wesselius received silver at Star 4. Allison Brewer was 4th in Senior Bronze Ladies, and Malin Smith was 4th in Pre-Juvenile Women under 11. Malin also qualified to be on the Skate NB team for the Skate Atlantica competition in Nova Scotia the end of March. Laura Wesselius was 4th and Kristin Berry was 9th in Pre-Novice Women.

So now the skaters are working hard on their ice show numbers and we are sure they will put on an excellent show. The theme this year is "It's Showtime @ PDFSC" and they are putting together numbers based on many award winning movies. The ice show is March 22, with shows at 2:00 pm and 7:00 pm and we hope to see you there, enjoying the show!

PDFSC skaters enjoying time on the ice with Kelsey McNeil, visiting her home club on a break from training in Ontario.

The Petitcodiac Stars (35 division) Won the Monctonian Slowpokes Hockey Tournament February 14-16th. They were the only undefeated team with 4 wins! The final game was between them and Dieppe, Petitcodiac won 3-1.

Air Show Atlantic comes to Dieppe for 2014

Dieppe, New Brunswick (February 17, 2014) - The Atlantic Canada International Air Show (Air Show Atlantic) will be holding its 2014 Air Show in Dieppe on the weekend of August 23 & 24, 2014 at the Greater Moncton International Airport.

Plans for this year includes a dynamic weekend of family entertainment. The Air Show will take place Saturday and Sunday at the airport in Dieppe featuring ground displays including a variety of static aircraft and the air display will be headlined by the Royal Canadian Air Force (RCAF) Snowbirds. This will be the first major air show at the site in over four decades. Executive Director, Colin Stephenson says: "We have been working for many years to get our event to this region and with the cooperation of the Airport Authority and the support of the City of Dieppe, we are finally seeing it happen. Our organizing team staged a smaller-scale over-the-river Show during 2007 in downtown Moncton, but this year's event will be our 'full-up' production with approximately three hours of flying displays by military and civilian performers."

The 2007 site at Riverfront Park in Moncton will be used on the Friday before the full, weekend Show. A special Friday evening "Teaser" Show, the only portion of the weekend which will be free to the public, will have aircraft start their flying at twilight and then into the darkness for an amazing set of night performances including both single and multi-aircraft displays, kicking off the full weekend of entertainment. Added Moncton Mayor, George LeBlanc: "The City of Moncton is always pleased to support great activities, and the Atlantic Canada International Air Show will be a welcome addition to our 2014 summer fun calendar of events. We especially look forward to hosting a terrific community show along the Petitcodiac River on Friday, August 22!"

Air Show Atlantic is the largest event of its kind in Atlantic Canada and is one of the top air shows in the country each year. The organization has produced Shows in all

three Maritime provinces over the past ten years and is completing a business model that will see it rotate to a select number of locations regularly throughout the region. The challenge is for the communities to support the event in several areas to ensure its regular return. Factors which contribute to the success of a given location will include: airport facilities and cooperation, community resources such as hotels, transportation and other services, community support in both volunteer and corporate sponsorship aspects, and government support at all levels to ensure success in the logistical and financial aspects.

The City of Dieppe is a committed partner and is offering cash and in-kind support to stage the Air Show at the airport. The site will be centered on the South side of the property along Champlain Street and will minimize effects on commercial flight operations. Having staged shows at the Halifax Stanfield International Airport in the past, the organizers are very familiar with the challenges of hosting a Show at an international airport and are forging agreements with the Airport Authority and all users of the facility to minimize the Show's impact on all operations.

The weekend Air Show at the Greater Moncton International Airport will feature: RCAF Snowbirds
RCAF CF-18 Hornet Demo Team
Canadian Army SkyHawks Parachute Demonstration Team
... and other local & regional RCAF aircraft such as the CH-124 Sea King, the CP-140 Aurora, the CC-130 Hercules, the CH-149 Cormorant and the CH-146 Griffon, if they are available
Civilian performers already booked for 2014 are:
Team Rocket - with their two-plane, high-performance aerobatic display
Dan Buchanan - with his inspiring hang-glider performance
Gary Ward - with exciting "extreme" aerobatics in his MX2 aircraft
Manfred Radius - with the silent and graceful manoeuvres of his Salto sailplane
... and the dynamic, low-level, historic war-bird aerobatics of Bill Leff in his T-6 Texan
And more to be booked as the season progresses!

The organization has produced air shows in the region since 1981 and is a not-for-profit society existing solely to produce an annual event to entertain and educate the public through aviation, while delivering economic impact and a quality-of-life experience to its host communities and attendees. "With the Atlantic Canada International Air Show coming to the Greater Moncton International Airport in August, it will boost tourism and generate an economic impact in the Greater Moncton region," said Economic Development Minister, Bruce Fitch.

The Air Show Atlantic web site, www.airshowatlantic.ca, which is the hub of all Air Show information, will be launching in the coming weeks in both official languages.

We encourage anyone interested in the Show to sign up for our eNewsletter and become an "Insider" where the organizers share details and special offers before they are released to the general public.

Is This Your Year To Explore, Discover And Grow?

By Carol Harper

Well although there is still a good amount of snow surrounding us, it is always a good time to travel. Whatever you are looking for is probably happening now somewhere in the world; something unique, inspiring and just plain wonderful, just waiting for you to discover.

The importance that you place on travelling is to a large extent dependent on your personal interests and passion. For some people the love of travel is heredity. For others, it may only be discovered once they have journeyed to a foreign land. It is really just a mind-set. If you have not decided to make travel a priority then there is a good chance that you probably never will take that dream vacation of a lifetime.

You do not have to travel to a foreign land. Just decide that you will start by taking day trips out exploring our own province. We have many places to visit such as the Acadian Village in Caraquet and Kings Landing above Fredericton, both very historical and educational experiences. If you love gardens, plan

to visit Kingsbrae Gardens in St. Andrews or the New Brunswick Botanical Garden in Edmundston. Visit studios to appreciate the great works of our own potters. We have very talented artists who with a brush and paint can bring a canvas to life and photographers whose photos are a feast for the eyes. For the adventurous traveller, take a visit Cape Enrage where you can zip line as well as do repelling. Moncton Centennial Park offers treego and in Saint John you can also zip line or take a ride in a jet boat at the Reversing Falls. Just hiking or biking in the Fundy National Park and Trans Canada Trail is a great day out. The possibilities are endless. So when I say to explore, discover and grow in 2014, I do not mean you have to travel miles to have an adventure. A quote by Miriam Beard says "Travel is more than the seeing of sights; it is a change that goes on, deep and permanent, in the ideas of living."

So above all, remember that Travel is a gift you give yourself, whether it is in your own back yard or a thousand miles away. And who deserves it more!

St. Patrick's Day in Canada

St Patrick's Day is a public holiday in the Canadian province of Newfoundland and Labrador on the nearest Monday to March 17 each year.

This event commemorates the life of St Patrick, a missionary who worked in Ireland and is said to have died on March 17 in the fifth century. He played an important role in converting the inhabitants of Ireland to Christianity. Now, his feast day is an opportunity to celebrate Irish culture.

What do people do?

In some cities, notably Toronto and Montreal, large scale St Patrick's Day parades are held, often on the Sunday closest to March 17. The parade in Montreal has been held every year since 1824. However, the first recorded celebration of St Patrick's Day was in 1759 by Irish soldiers serving with the British army following their conquest of part of New France, a French colony in North America. In some places there are Irish cultural events. For instance, the Irish Association of Manitoba organizes a three-day festival of Irish culture in the week of St Patrick's Day.

People who have an Irish background or enjoy Irish culture may hold Irish themed parties and serve traditional dishes, such as Colcannon or Irish stew. Colcannon is a dish of mashed potatoes mixed with kale or cabbage and Irish stew is traditionally made with lamb and root vegetables. Traditional Irish drinks include stout, a dark beer, and whiskey. Other parties may be themed around the color green. Guests may be expected to wear green clothes and only green food and drink is served.

Public life

St Patrick's Day is an official holiday in the province of Newfoundland and Labrador. It is observed by the provincial government, but post offices, stores, many schools, businesses and other organizations are open. Public transport services run on their regular timetables.

St Patrick's Day is not a public holiday in other parts of Canada. Schools, organizations, businesses, stores and post offices are open as usual. Some organizations may arrange St Patrick's Day parties, but these do not usually disrupt normal affairs. Public transport services run on their regular timetables. In cities, where parades or large public events are held, there may be some congestion or road closures.

Background

St Patrick's Day marks the feast day and anniversary of the death of a Christian missionary known as Patrick. He was born in the year 387, probably somewhere near the present day border between Scotland and England. At the age of 16, he was captured and taken to Ireland as a slave. During this period, he became very religious and after six years he fled back to his family.

Later in his life, he returned to Ireland as a missionary. He is said to have played an important role in converting the inhabitants of Ireland to Christianity and in ridding the island of snakes. However, there is no evidence that there have been any snakes in Ireland in the past 10,000 years. The "snakes" he drove out of Ireland may represent particular groups of pagans or druids. It is believed that St Patrick died on March 17 probably in the year 461 or 493 (according to different sources). St Patrick is buried under Down Cathedral in Downpatrick, County Down, and is one of the three patron saints of Ireland. The other patron saints are St Brigid of Kildare and St Columba.

St Patrick's Day celebrations were brought to Canada by Irish immigrants. The day is a bank holiday in Northern Ireland and a public holiday in the Republic of Ireland. In the rest of the United Kingdom, the United States, Australia and New Zealand, it is celebrated, but is not an official holiday.

Symbols

The most widely-seen St Patrick's Day symbols are the colors green, and sometimes orange, and the shamrock. The shamrock is a symbol of Ireland and a registered trademark of the Republic of Ireland. It is the leaf of the clover plant, which grows on the ground, often among grass and an Irish Catholic symbol of the Holy Trinity. It is sometimes confused with the four-leaf clover, which is a variety of the three-leaf clover and is thought to bring good luck.

Everyday People

Submitted by Sheila Boissoneault

The way we have been exploded with snow this winter the last thing on our minds is going out for ice cream; but as I start this story I'm reminded of the ice cream stand in Salisbury. It was there a friend introduced me to June Wilson Blakney, the lady who served us our chocolate ice cream cones.

June was born in Salisbury and she graduated from the Salisbury High School. She married and moved to Ontario, after ten years she returned home. She raised up eight children, four of them were her brothers. She worked for 30 years in the restaurant business; while her mother took care of the home. Her mom was a good cook and a seamstress, making all their clothes including snow suits. She also knit their mittens, hats and scarves. Between the two of them they got all the children through school and they did well. They all live nearby and visit often.

June was a bar keeper at the Legion many years. She was a member for 30 years. Her husband was military; he died when he was 60 years old.

On Seniors Day you will see her helping with the meal; she helps whenever and

wherever they need her. Look for the lady with the red hair streaked with a wisp of pink in front.

June has a heart for animals, particularly cats. She supports Karma and enjoys taking care of cats. She said that people get these animals, they're so cute; but they don't realize the cost and care they are, so most abandon them. June has two home cats, Sassy and Kitty; and there's the stray cat George, he weighs 22 lbs. Then there's the four that come daily for a meal.

Well now about the ice cream; you probably won't see June at the Salisbury ice cream stand anymore, her daughter Sandra Wilson runs it. June remembers when it was the old Tingly house, and the day it was burnt down; she was on the way to school. It was too bad, she said, it was full of lots of antiques. June told me she has some books about the history of the town of Salisbury; maybe I would find some interesting tidbits for this story. But, I never got around to stopping by.

June's dad was a hockey player; he was 80 when he died. Her mother attended Seniors in Salisbury for years. June may have left Salisbury for a time but her roots are definitely deep.

•Many years ago when I was vending at a flea market, a lady approached my table and was wearing a very striking lime green T-shirt with two black letters in the center which were N and V. She purchased some items and I felt the need to inquire about the T-shirt. May I ask what the two letters stand for? Do they represent a brand name, a sport, a rock band? She replied she was making a statement. She explained that some people have won big money in the lottery and she had not, therefore, she was green with N-V. All rightie !!

•A husband and wife team opened up a small Mom & Pop Restaurant. It wasn't very big but was neat and tidy inside and outside. Much to their disappointment, not one customer entered the premises after they had been opened for one week. They asked a friend of the family if he had any idea why no one was coming to the restaurant. They were told that the name of the diner need to be changed. OBITUARIES

It is with great sorrow that we announce the passing of our beloved Benjie Lee Alward at the Jordan Life Care Center on Tuesday, January 28, 2014. Born on

August 27, 1978, he was the son of Gerry and Carol (nee Steeves) Alward. Besides his parents, Benjie leaves behind several aunts, uncles and cousins, as well as his lifelong friend Angie, and his very special aunt Linda who brought so much joy to his life. He also leaves behind his caregiving family at the Jordan Life Care Center who took care of him with love and devotion. A great pastime of his was listening to country music with his dad and caregivers. Benjie also enjoyed listening to his mom reading him stories.

Those who knew him well treasured his beautiful spirit. He taught us about life, unconditional love and compassion. He will live forever in our memories for his unique sense of humor and his exemplary life. Benjie was an incredible teacher; teaching patience, humor and devotion without saying a single word. We are so fortunate to have had him in our lives. Dear Benjie, thank you for 35 years that we were blessed to have you.

Benjie was predeceased by his maternal grandparents, Charlotte and Lee Steeves and paternal grandparents, Donald and Eva Alward.

Arrangements were entrusted to Armstrong's Funeral Home, 33 Russell Street, Petitediac, from where the family received friends on Thursday, January 30, 2014 from 6:00 to 9:00 pm. The funeral service was held at the Petitediac Baptist Church on Friday, January 31, 2014 at 2 pm with Pastor David Woodworth presiding. Donations to the Jordan Lifecare Centre or to the donors' choice would be appreciated by the family. On-line condolences are available at www.armstrongsfh.com.

OBITUARIES

Madeline Joy Power: From the time of Madeline's perfect creation, her mommy and daddy allowed her to make all the decisions. She made a dramatic

entrance into our arms on February 4, 2014 at the IWK in Halifax. In her short time here she was constantly held, loved, and surrounded by family. She is such a blessing and we could not have asked for a better gift. She is loved beyond measure by her parents Jonathan and Alison (Walter) Power, big sisters Annabel and Juliana, as well as grandparents, great grandparents, aunts, uncles, cousins, extended family and many friends.

We are thankful for answered prayer in that we were able to meet her and get to know her, hear her cute noises, kiss her sweet face and hold her tight for three whole days. We are so proud of her and of what she has accomplished. We are honoured that God trusted us with her until He called her home. She went peacefully from Mommy's arms into the arms of Jesus on February 7, 2014. We miss her so much already and she will always be part of our family.

Visiting hours will be held at the Salisbury Funeral Home, 3350 Salisbury Road (372-4800), on Thursday February 13th from 2-4 pm and 7-9 pm. A celebration of Madeline's life will be held on Valentine's Day, Friday February 14th at Kings Valley Wesleyan Church in Quispamsis at 2pm. In lieu of flowers or gifts, donations in Madeline's honour could be directed to the IWK Pediatric Palliative Care Service, the IWK NICU, or the Ronald McDonald House. www.keirsteads.ca

Poems

Away

I cannot say and I will not say
That she is dead, she is just away.
With a cheery smile and a wave of hand
She has wandered into an unknown land;
And left us dreaming how very fair
Its needs must be, since she lingers there.

And you-oh you, who the wildest yearn
From the old-time step and the glad return-
Think of her faring on, as dear
In the love of there, as the love of here
Think of her still the same way, I say;
She is not dead, she is just away.

James Whitcomb Riley, American poet
(1849 - 1916)

News From The Maritime Motorsports Hall Of Fame

RAYMOND ROACH
Competitor Drag Racing

Raymonds interest in cars started when he was only a young boy. At age 15 Ray drove the ever famous mopad. Then at the ripe old age of 16 he got his own car, a '55 Mercury. He traded that for a Falcon that most remember him for.

His interest in Drag cars really became an obsession.

Ray's first big trip was to Esta Safety Park, New York in 1970 with a '57 Chevy he called Poison Ivy. People told him that name wasn't original because there was another car with that name, so he changed it to "Mouse Trick." He won the trophy Championship.

1975 he moved back to New Brunswick and began racing in the Maritimes. While racing in Oyster Bed Bridge, PEI he rolled his '57 Chevy.

In 1977 he first run with his '67 Camaro at Oyster Bed Bridge, on Thanksgiving weekend.

HEADLINE - "Roach impresses Pen-nfield crowd" - The '67 Camaro of Raymond Roach, Saint John proved to be top car of the day taking the "King of the Hill" title at the fourth weekend of competition at Pen-nfield Dragway.

Roach also took first in the super-pro class in an all-chevy final."

In 1987 he was Maitland Track Champion for Firestone Series in Pennsylvania.

In 1988, in "Mouse Trick 2", he raced at Miami Hollywood Dragway where he was excited that he even qualified, but to make things even better he won the first race.

1988 Most Dedicated Drag Racer in Atlantic Canada from Maitland Dragway.

In 1980's & '90's Championships at different tracks.

Raymond and Susan were married at Maitland Drag strip.

In 1989 the headlines in the newspaper read "Couples roar into matrimony at raceway".

The article went on to say "MAITLAND, NS (Special) - The crowds at Maitland International Raceway near Truro, NS, got to see more than fast cars Saturday. A large billboard at the raceway barn announced "Congratulations Bruce, Sharon, Ray and Susan." At 4pm the race cars were shut down and the double wedding took place. In 1998 he received the ADRA's Presidents Award for positive attitude to the sport. In 2000 & '07 he was Miramichi Track Champ

In September 2004 at Oyster Bed Bridge, Ray Roach and his daughter Mary Elizabeth were the first ever father-daughter class winners at Raceway Park. Ray took top honours in the prestigious super pro class and Mary Elizabeth won the hotly-contested junior dragster division, she also became the class champion with 182 points.

In 2008 he was the winner of Top Sportsman and King of the Hill at the Scoudouc Reunion Race at Miramichi dragway.

In the Turkey Trot Nationals at Raceway Park on the Thanksgiving weekend 2010 Ray was 1st on Sunday in the Box Division in his 1967 Camaro.

Raymond is still competing in the Drag Racing.

Raymond has always helped and encouraged other racers. When listening to the drag racers that know Ray they tell stories of how many he has helped.

At this time I would ask Raymond Roach to come forward and receive his induction into the Maritime Motorsports hall Of Fame.

Presenting his award is Pat Donovan the chairperson for drag racing.

Salisbury Elementary School will be selling Vessy Bulbs & Seeds for the next two weeks in order to raise money for the school gym.

The gym is going to be painted, a winch installed for the Basketball net, the floor refinished, and new floor mats purchased to cover the floor once it is refinished. This project will cost about \$20,000. Anglophone East School District has committed to paying for the refinishing of the floor for a total cost of \$10,000. The gym is used every day and 5 nights a week so it is a very busy spot. This is a huge undertaking for the staff and students at SES and you will be hearing lots more about this project in the next few months. Our community has always been supportive when it comes to our schools and students and responding to their needs and we are expecting our Vessy Seed Campaign to do very well.

If you are interested in seeing the catalogue please contact the school and one will be provided at 372-3207.
