

Habitat For Humanity

Shelby Murray is a young musician who lives just outside of Salisbury, New Brunswick. If you are familiar with Bluegrass, country or gospel music then you have probably heard Shelby play her accordion, piano or harmonica. Shelby has also shared her talent for fundraisers for other

people and now it is our turn to help her. Habitat For Humanity has very graciously agreed to build Shelby a new home. While Shelby does work, despite the fact that she is blind, her income is irregular leaving her unable to gualify for the usual means of financing a home. Habitat For Humanity is a registered charity that provides new homes at cost or below cost for their clients but these homes are not free, they come with a mortgage. We would like to keep Shelby's mortgage as low as possible and for that reason a gofundme account has been set up to collect donations on Shelby's behalf to offset her mortgage. All donations collected will be given Habitat for Humanity to purchase supplies for her house. People can also make donations directly to Habitat for Humanity either online at https://www.habitatmoncton.com/home/ or in person at their new location at 950 Mountain Road. Just be sure to mention that you would like the donation to go towards Shelby's house. Habitat for Humanity will also allow tradespeople to donate their time, expertise and skills to build their homes. This too reduces the size of the new homes mortgage for the homeowner. So we are also looking for volunteers to help build Shelby's

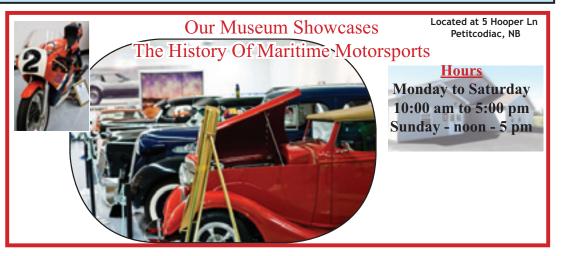

house. Shelby's house will be built on donated land located at 219 Scott Road. Drop in to Habitat for Humanity if you would like to donate your time and skills towards this project.

We are so thankful for the work that is being done by Habitat for Humanity in our community. We also hope that our community will be generous in their support for this community project.

From the Echtor

Another busy month behind us, the scholars back to their school, gardens gathered, moose season over for another year,

(congratulations if you filled your license), fall and winter games started, and the Elgin Turkey Supper done.

Who said there would be nothing to do as we prepare for the October festivities? Just to name a few local ones: the Elgin Bike Race October 1st, Thanksgiving October 10th, and last but not least Halloween October 31st.

A few other dates to mention in the month of October are: it is "Bullying Prevention Month", seems to me every month should be, and it is "Positive Attitude Month" so keep that in mind. October 5th is "World's Teacher's Day", a day to show your appreciation for all the help your teacher gives you.

October 10th is Columbus Day, held the second Monday of October in the United States.

October 16, 2009 was the ribbon cutting ceremony to open the Maritime Motorsports Hall Of Fame building to the public. Many people, from far and wide, have toured the museum, many functions have taken place. The past seven years has come and gone so fast. Upcoming events for the Hall of Fame is its eleventh annual Induction ceremony, being held this year at the Crowne Plaza Moncton on November 19th with Brunch at the Hall Of Fame, 5 Hooper Lane on the 20th; November 25th is the Christmas Bazaar, a one day event this year. Now on closing, on behalf of all our Members, I want to wish everyone a Very Happy Thanksgiving and Safe and Happy Halloween!

Your Editor, Winona McLean

OCTOBER 2016

Hazelanna Carter presided over the September meeting held at the Elgin W.I. Hall.

Meeting opened with "Mary Stewarts Collect".

Roll Call was answered be a favorite Pianist, 12 members were present. Plans were made to hold a turkey dinner for the W.I. Ladies to try some of the changes made in this years menu for turkey supper on September 24. 400 flyers went out to mail boxes in the area telling about the turkey supper. The canvassing lists were counted and the remaining food needed for the supper was divided among the members to prepare.

Elsie Steeves and Linda Jonah gave their card reports.

Four members attended the District Convention and reported the

information. The bus trip committee members are Blanche Prince, Noreen Cooper and Debbie Smith. District Treasurer is Debbie Smith.

The Fall Rep meeting being held October 5th, at Havelock W.I. was discussed. It was noted that the Mini Libraries are being well used. There is one located at the Elgin Eco Park and one at the W.I. Hall. Meeting closed by adjournment.

EEA Elgin Eco Association

Great News from the Elgin Eco Association.

A Purchase and Sales Agreement has been signed with the current owner of the Mapleton Trail Property.

We are very pleased that Lawyer and former Elgin citizen Josie Marks has offered her services to negotiate on our behalf . We've been blessed throughout the entire process

We the executive of the EEA thanks everybody that has shown their support for this endeavour. It has been an extremely busy summer because of it. Elgin gained something nobody can ever take away. A very special THANK YOU goes to Alyssa Martin .She convinced many people to push ahead and make it happen. She contacted the many people that had the knowledge of plants, mosses and birds. She took unpaid leave from work to accommodate these people. Sometimes people found us, like Craig Norris who made the Fundy Footpath Movie. Thank you for your support early on. Then there was Nick Hawkins who made the beautiful You Tube video that has now been seen around the world. Zaheera Denath our Treasurer who has been looking after all the money and managed the chuffed crowdfunding website. Our Newsletter editor who also is a big believer in "you can do anything", she spread the word far and wide and you, the members that did the same. There were many people I've never heard of that sent us big cheques because they to believed places like the Mapleton Trail should be preserved. Thank you all very much for all your support. Elgin can truly be proud of itself.

The little libraries that have been installed are working well. The books are changed on a regular basis. If you can let us know what you prefer for book let us know.

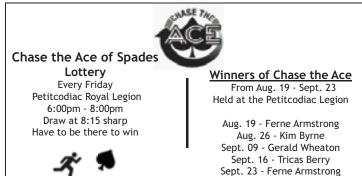

The Elgin Eco Association is revamping its website. The new website will be more engaging and easier to update for us. You will also be able to access it through your phone. We know we have a lot of interesting times ahead of us, especially with the stewardship of the mapleton trail property. We are looking forward to your support to making this the best place to hike and learn about

CHASE THE ACE OF SPADES LOTTERY

Prize structure - 20% winning ticket holder; 20% for jack pot; 30% for Royal Canadian Legion #41; 30% for Maritime Motorsports Hall Of Fame Inc. The jackpot as of Sept. 30 is over \$3,000.00

Comedy at Large by Laurie Blanchard Salisbury, NB

Many years ago, in the sports room of a local Moncton organization I belonged to , I was playing a game of snooker on one of the pool tables and nearby were 4 men at a card table playing 200's . Two of the fellas seemed to be getting good hands non-stop and were putting a good beating on the other 2 partners. After loosing 3 games in a row, one of the fellas on the loosing end was showing signs of frustration but his partner, Jimmy remained calm. The cards were being dealt for the beginning of the fourth game and I just happened to be standing next to Jim as he picked up his cards off the table. He picked up club after club after club and lo and behold he had all ten! I had never seen or heard of that before. He looked out of the corner of his eye at me and winked. The first fella bid 55, next one bid 60, and Jimmy said....gentlemen, I'm going one for two ! He calmly reached to the middle of the table and spread all 10 clubs flat out and said.... this game is over ! Everybody's eyes bugged out in disbelief ! The game had just started and was over that quick. Now that's 200's on steroids. About 2 days later, I had stopped in at the club for a game of pool and upon entering the sports room, noticed that someone had drawn on a very large piece of cardboard, hung up over the bar, an image of Neanderthal man holding a big stick in his hands which looked somewhat lake a lumpy baseball bat and the caption underneath read JIMMY WENT CLUBBING ! nuff said.

The accused stood before the judge on a charge of theft. He spoke up to the judge and said.... I don't think of myself as a thief your honor. Well then, what do you call yourself asked the Magistrate. Replies the accused, I simply take people's money and help them spend it ! Replies the judgewell now, why don't you run for office?

Natural Ways to get rid of Fleas

Make a citrus spray - Slice a lemon thinly, add it to a pint of water and heat to a boiling point. Let it sit overnight and in the morning, spray it onto areas where you suspect fleas hang out (beware of staining) and rub it over your pet's fur. Don't soak, but rather dampen the fur. Do this once a month to combat fleas. Do not use a lot at first, and keep an eye out for signs of digestive discomfort in your pet.

Make a vinegar spray - In a spray bottle, add: 1/4 distilled white vinegar to 3/4 water. If you want, you can also add 1 tablespoon of dish soap to get rid of dirt. This mixture makes a safe cleaner for your counters and surfaces. It is also a very effective flea remover from all of your fabrics. Spray it once or twice a week on your fabrics and your flea problem will be over.

Use basic table salt. - This is a relatively easy and affordable way of getting rid of fleas on a dog. Salt dries up the eggs of fleas and eventually kills all of them. Look for affected areas on dog/cat, and for each affected area, grab a pinch of salt.

- Wet the tips of your fingers very lightly (a drop of water is perfect) and massage the area.

- Reapply to each area day after day until the infestation is clear.

- Don't put too much salt on, as it may irritate the dog's skin.

Set out soapy water - If fleas are a problem in a specific area of your yard or home, fill an aluminum pie pan with soapy water and set it out in the area (i.e. under a bed). The fleas are trapped on top of the water due to the tension of the surface of the water. Change the water daily until there are no more fleas. If you are placing the pie pan outside, empty daily to prevent mosquitoes.

Repeat your cleaning regimen as often as possible - Vacuum thoroughly every other day, Wash pet bedding in hot, soapy water at least once a week. Good Luck

LOCAL NEWS & VIEWS

OCTOBER 2016

We are pleased to announce that the Salisbury Big Stop Plans to re-establish the "Charity Table" to help support the various non-profit, community-assistant organizations within the greater Salisbury/Petitcodiac areas. To do this, we are setting aside a specific table at the Silver Fox Restaurant whereby 10% of the total sales from that table for a one-month period will be donated to the designated organization or club selected for that month. Along with this, a donation bottle will also be place at the counter to receive additional contributions if our customers so choose. This table will be reserved for a specific organization for a period of one month.

Our proposed schedule for the next nine months is as follows:

Sept. 2016 -- Salisbury Legion Branch No. 31

Oct. 2016 --- Salisbury / Petitcodiac Minor Hockey Association

Nov. 2016 --- Salisbury Food Bank - (Helping Hands)

Dec. 2016 --- Petitcodiac Fire Fighters Association

We would also ask that everyone get out to support the fund raisers for your local communities each month. They are all a very worth while causes, so again get out there to show your support.

Donald Smith Past President Wayne Buck 5 year Irving Big Stop Employee

LOCAL NEWS & VIEWS PAGE 9.

The toughest mountain bike race in Atlantic Canada!

Elgin is located 10 km North of Fundy National Park in the heart of the Southern Highlands of New Brunswick. The views along this course are stunning and the leaves are going to be peaking in fall colour!

This race is being put on as a fundraiser by the Elgin Eco Association. The Elgin Eco Association is a group of dedicated volunteers who are working together to promote the natural beauty of the Elgin area through eco-tourism and by organizing local events. Mountain bike racers from all over the Maritime Provinces will be converging in Elgin to race through the beautiful Elgin countryside. This event is exciting, lots of fun and a celebration of both athletic ability and the beauty of this forest landscape!

The Tour of Elgin is a whole day of bike activities. There will be a 120-km marathon race for the fittest of riders in fact, we dare you to try the 120 km event, which is the toughest mountain bike race in Atlantic Canada! We also have 80-km, 40-km and 20-km distance options, which will challenge all levels of mountain bike skills.

The Elgin 120k course will have 3 loops. You will only see some of the course twice. The last killer climb will be left for the end again this year. Sounds like the course will be 38k loop, 42k loop and a 35k loop. Organizers said to expect lots of climbing. :) There will be water stops at approx 25K, 60K and 100K.

The course will cover all different types of surfaces, with limited pavement, lots of fast double track (40%), dirt roads (50%) and some great single track (10%). The climbs are awesome (some as high as 1100 ft) and frequent. The course will be well marked. There will be all-terrain support vehicles, first aid on site and neutral feed stations.

There will also be family bike related activities going on throughout the day. The community will be putting on a supper with local specialties for all of the racers, family and friends.

We have partnered with Fundy National Park this year and anyone wishing to stay at Fundy for the night before or after or why not make it a weekend and join in on their BIKE FEST ? You can get 15% off accommodations by showing your race bib.

An Update on the Risks of Heartburn Drugs

The Doctor Game -W. Gifford-Jones M.D

Pogo, the cartoon character, was right when he remarked, "We have met the enemy and the enemy is us". A report in the Canadian Medical Association Journal shows that North Americans are devouring PPIs (proton pump inhibitors). These drugs decrease the amount of hydrochloric acid in the stomach to ease heartburn. But. as always, medical consumers tend to overdo a good thing and trigger a number of unintended consequences.

Numbers tell the story. A few years ago doctors prescribed PPIs, such as Prevacid, Nexium and Priosec, to over 4 million Canadians and 15 million in the U.S. Now, the number is higher as some PPIs can be obtained over-thecounter. The cost? Over 80 billion! The winners are the owners of big pharma stocks.

PPIs have been available for years and used to ease the burning fire under the breastbone. This is caused by overindulgence in food and drink which pushes protein digestive enzymes and bile into the lower part of the esophagus (food tube). This, in turn, triggers gastrointestinal reflux disease, commonly referred to as GERD.

There have always been good and questionable ways to use prescription medications. For instance, some people taking nonsteroidal antiinflammatory drugs or steroids may require long-standing treatment with PPIs to decrease the risk of gastrointestinal bleeding.

So what's the problem? It's that PPIs

were meant to be used as a crutch for short periods of time. But, as you might suspect, these drugs work so well that many people depend on them for the long haul. And when this happens, it increases the risk of PPI overdose. As has been aptly said, "Too much of a good thing can be worse than none at all".

So what goes wrong? Following a heart attack patients are often prescribed a blood thinner to decrease the risk of another coronary attack. One blood thinner, when used with a PPI, was associated with a 29 percent risk of causing another heart attack within 90 days. Not a good trade off.

Decreasing the amount of hydrochloric acid in the stomach can also cause a serious bowel infection. A study of 272,636 patients from around the world showed that the use of PPIs was associated with increased risk of developing Clostridium difficile. This intestinal infection can result in as many as 40 bowel movements daily and can be life-threatening.

Several studies have shown an association between PPI use and osteoporosis (brittle bones) in both men and women. It's postulated that PPIs decrease the absorption of calcium and that increased production of parathyroid hormone leads to increased bone loss.

Most people are well aware of the importance of calcium. But they are unaware that magnesium is needed for 300 metabolic reactions in the body. Unfortunately, studies show that 32 percent of North Americans are deficient in magnesium even without the use of PPIs.

But one study showed that those who had been taking PPIs for eight years had an increased risk of fatigue, unsteadiness, numbness, tingling, seizures or an irregular heart rate. Once PPIs were discontinued all these symptoms disappeared.

It's also known that an acid stomach is essential for the absorption of vitamin B12. Studies show that long-term PPI users have a 4X greater risk of B12 deficiency. This can result in anemia, depression, decreased taste and tingling in the extremities.

During the last 25 years there's been an alarming increase in esophageal malignancy. It's due to repeated attacks of heartburn, resulting in chronic inflammation of the lower end of the esophagus, and the start of precancerous changes.

Chronic heartburn reminds us we are quite human. It's a warning signal that it's time to avoid the "All-you-caneat" syndrome, and the belief that you can get away with overindulgence just by popping a few pills to decrease hydrochloric acid. Never forget that there is always a price to pay for prescription drugs.

My advice is to avoid GERD by limiting calories, losing weight, stop smoking, limiting the use of painkillers, and starting a sound lifestyle. Remember fools attempt this at the end of life, while smart people start at the beginning!

CANADA'S THANKSGIVING

Thanksgiving Day is a national holiday in Canada. It has been celebrated on the second Monday of October since 1957. On January 31, 1957 Parliament proclaimed "a day of General Thanksgiving to Almighty God for the bountiful harvest with which Canada has been blessed", to be observed on the second Monday of October.

It is a chance for people to give thanks for a good harvest and other fortunes in the past year.

The traditional meal with family and friends includes roast turkey and seasonal produce. It is also time to enjoy the fall foliage.

Long before the European explorers arrived in what is now Canada the Native peoples of Americas held ceremonies and festivals to celebrate the completion and bounty of their harvest.

Another example is the ceremony the explorer "Martin Frobisher" held in 1578 after he survived the long journey where he landing on Baffin Island, Frobisher Bay, (a place named in his honor), in his search for a northern passage from Europe to Asia.

In the 1750's the refugees fleeing the civil war in the United States brought the custom of an annual thanksgiving to Nova Scotia and the citizens of Halifax.

The first known use of the word "Thanksgiving" in the English text was in a translation of the bible in 1533, this was intended as an act of giving thanks to God. The tradition of gratitude was continued each fall as people gave thanks for the harvest that would see them through the winter. In 1621 after their first harvest in Massachusetts the Pilgrims' followed this tradition to express gratitude and relief at having survived their arrival in the New World and the bringing in of their harvest.

It is undeniably an act of giving thanks.

A BIT ABOUT OUR CANADIAN HISTORY AS WE NEAR 150 YEARS OF CONFEDERATION

Important Dates in Canadian History Continued:

The ideas that shape Canada's government today reflect ideas from other, older societies, such as the Iroquois Confederacy,— ideas such as equality, consensus and respect for diversity.

•1451 the structure of the Iroquois Confederacy • The role of women in the Iroquois Confederacy • The use of consensus in the Iroquois Confederacy • The importance of wampum belts to Iroquois

•Women in the Iroquois Confederacy: Women had two ways to make their voices heard: as Clan Mothers and through Women's Councils. Clan Mothers were usually the oldest and most respected women in their clans. The title was hereditary and passed on to the woman relative that was thought to be best suited for the position. Clan Mothers were responsible for their clan's welfare and for maintaining harmony and balance within the clans and nations. They selected the Hoyaneh, the male leaders of the Iroquois Confederacy. The Great Law of Peace said the Hoyaneh had to put the needs of their people first. The Clan Mothers could replace Hoyaneh who failed to do this. Within each clan, Women's Councils and Men's Councils advised the Clan Mothers. The Clan Mothers in turn advised their Hoyaneh of the people's position on issues. Women's Councils developed positions on important issues. Women who were not Clan Mothers took part in councils. Through consensus, they advised the Clan Mothers.

•Men in the Iroquois Confederacy: Men had two ways to make their voices heard: as Hoyaneh and through Men's Councils. Hoyaneh were the male leaders of each nation of the Iroquois Confederacy. Hoyaneh means "Caretakers of the Peace." Today we call them chiefs. The Hoyaneh were chosen and advised by their Clan Mothers. Each nation had several Hoyaneh. Most of the time, they met to make decisions for their nation – decisions about whether to expand or move a village, for example. They used consensus to arrive at the best way forward. The Hoyaneh also represented their nation at meetings of the Grand Council. Men's Councils included all the men in a clan. They met and came to consensus on issues. They, like the women of clans, advised the Clan Mothers.

•The Iroquois planted corn, beans and squash together, calling these "the Three Sisters." The cornstalks provided support for the growing beans, which provided nitrogen to fertilize the soil. Low lying squash leaves sheltered the plants roots and retained soil moisture.

In 1492 a Spanish-based transatlantic maritime expedition led by Christopher Columbus resulted in the re-discovery of the Americas, a continent which was previously unknown in Europe. Columbus and his crew became the first Christian Europeans to make landfall in the Americas. Columbus was an Italian-born navigator sailing for the Crown of Castile in search of a westward route to Asia, to access the sources of spices and other oriental goods. This led to the discovery of a New World between Europe and Asia. Columbus made a total of four voyages to the Americas between 1492 and 1502, setting the stage for the European exploration and colonization of the Americas.

In 1497 John Cabot rediscovered North America after the Vikings. He claimed the region for England. He had come to the conclusion that the world was round, and if you sailed west across the Atlantic you would circle around and reach the other side of Asia.

The Cabot trail in Nova Scotia was named after Italian explorer John Cabot who reached our shores in 1497, sailing on a mission for King Henry VII of England. The name also celebrates the meeting of Cabot and the Mi'kmaq people, the original inhabitants of Cape Breton Island, at Aspy Bay over 500 years ago.

Salisbury

International Exchange Students

Once again this year, we have international students at PRS and JMA. In total, we have thirteen students who are visiting from Germany, Brazil, Mexico, Turkey, and Colombia. They are all part of the AEI program (Atlantis Educational International), a crown corporation which finds homes for international students, assists them in course selection, and takes them to various points of interest in

New Brunswick.We are always looking for more host families for the international students. Host families are reimbursed for expenses incurred while hosting (formula based) and the students come with excellent references. These countries place great value on speaking English as when students can communicate in English, this opens many doors to the world for them. They come to Eastern Canada because we are seen as a safe and friendly place to learn English. These students stay in Canada either 3 months, 5 months or 10 months. If you would like to meet some of the students, please attend either Power up PRS on the 29 of September or Live at the (JMA) complex on the 22nd of September. We are always looking for nice families wishing to host.

Goings ON

Salisbury Elementary Bring Your Parent to School Night on Thursday, September 29th at 6:30 pm. Salisbury Elementary is also having their annual Terry Fox Walk on September 30. Students are encouraged to bring a twoonie for Terry that day.

Girl Guides in Salisbury registration is now open for this year- girls age 5-99... (Looking for leaders as well) meetings Tuesday evening and questions contact Debbie at 387-4599 / 233-0066 or email me at fivelittlewomen@msn. com Mint cookies will be out early October

Golden Age Club meets the 1st and 3rd Thursday of every month at Salisbury Lions Club. We meet at 12:00 for a pot luck meal followed by a brief meeting, special guest speakers, games and socializing. On October 20, 2016, our meeting will be replaced by the "Zippy After 50" Health and Wellness Fair, featuring numerous displays of services for seniors, information, hobbies, music, speakers, refreshments, and much more. Everyone over 50 is

welcome. The Salisbury Lions Club

<u>"all-you-can-eat" pancake breakfast</u> Date: Saturday 15 Oct 2016 Time: 7 am to 10 am

Location: Salisbury Lions Club, 63 Peter St, Salisbury Menu consist of pancakes, sausages, pure maple syrup (ED Smith syrup avail), donuts, muffins, coffee, tea and juice.Cost: Adults - \$7; Ages 6 - 10 - \$3; Pre-school - Free All proceeds for community work

Salisbury Food Bank We extend our sincere THANK

YOU to everyone who donated items for our Yard Sale Fund Raiser held on August 20, in conjunction with the Salisbury Community Days. We raised just over \$900 including the funds from the 50/50 draw. Kim Crandall won \$100 in the 50/50 draw and the money was presented by Lois Budd,

Salisbury Beautification Program-Summer 2016

The summer of 2016 is behind us now but it was a summer of bloom, blossom, and new plantings on Main Street and Douglas Avenue in Salisbury. The beautiful hanging baskets and brilliant orange and yellow marigolds drew much attention and many positive comments from locals and visiting folks. Many businesses and homeowners participated by planting flowerbeds, adding colourful planters, or hanging baskets to their storefronts or neatly trimmed lawns.

Phase 1 of our concept plans (Douglas Street) saw a lot of changes with a beautiful lush green space created in front of the village office, new walkway and curbs, and 14 trees planted as part of the Memory Maples and Living Lindens' Tree Campaign. A new cast iron bench, two planters and a receptacle bin are due to arrive any day and will be placed in front of village office. The flag pole is now centrally located in front of Village Office and this fall hundreds of red and white tulips will be planted to

commemorate Canada's 150th anniversary. A big THANK YOU goes out to the Village of Salisbury for its continued support of our Beautification Program, to Jason Coyle and the works' crew at the Village Works Department for their tireless efforts all summer, and to the families/businesses who purchased trees as part of our Online Auction or Memory Maples/Living Linden's tree campaign. We would like to thank other local businesses and organizations who donated time, labour, materials or who supported our program financially: Salisbury Lions' Club, Salisbury Parks and Leisure, Goggin Signs and Graphics, Salisbury Home Hardware, Keirstead's Funeral Home, Classic Memorials, Trent Blakney Towing and Excavating, Chris Collins from Viridis Design, Clark's Landscaping, and Texcon Textured Concrete Designs.

The public is invited to the Salisbury Beautification Tree Dedication and Appreciation Event on Sunday, October 16 at 1 p.m. at the Village Office.

We are always looking for new members and will have a meeting on Thursday, October 27th at 7-8 p.m. at Village Office (upstairs). Come learn more as we begin to discuss and make plans for Phase 2-Summer 2017.

Village News

Another year of Community Days has come to an end. Village Council always supports the Committee, provides staff and a grant to make these events possible. We also get lots of help from local businesses and organizations which donate prizes, provide funding, or hold events. A big part of our success stems from the help we receive from local residents, past and present. Most, but not all, of the Committee has lived in the area at some time in their life. Some have now moved away, but return each year to help. Some even take their vacation just to come home and help with these events!! One of our members comes home from as far away as Halifax each year!! Some members still live in the area and some just happen to be friends and family who get roped into helping!! Either way, without these volunteers, without the local businesses, organizations, and without the Mayor, Council, and Staff, working together these events would not be possible. A BIG THANK YOU to everyone who helped in any way make this year's events a big success!!

COUNCIL MEETING DATES

The first regular Council Meeting for the month of October will be held Tuesday, October 11, 2016 rather than Monday, October 10, 2016.

FALL CLEAN UP- October 10, 2016

The special fall clean-up will be held Monday, October 10, 2016.

Any item's residents wish to have picked up must be placed at roadside. Please be sure to have items at the curb early, as pick up can commence anytime after 5:00 a.m.

ACCEPTED - Appliances/furniture, lumber and yard waste must be bundled and tied in 4ft. lengths, tires (Limit of 2 per household).

NOT ACCEPTED - Batteries, paint products, chemicals, propane tanks, and other hazardous materials.

HOUSEHOLD HAZARDOUS WASTE - October 13, 2016

The Mobile Household Hazardous Waste Recovery Unit will be at the Salisbury Municipal Building parking lot between the hours of 2:00 p.m. to 7:00 p.m. Wednesday, October 13, 2016. Bring your household hazardous wastes for safe disposal. These are products such as solvents, pesticides, and chemicals.

NOTICE TO HUNTERS

Please be advised that it is an offence under Village By-Law No. 22 to be involved in the act of hunting within the municipal boundaries of the Village of Salisbury - VIOLATORS WILL BE PROSECUTED. LIGHTING OF DRY GRASS AND OPEN FIRES

By-Law 40 states:-**The lighting of any open fire** to dispose of dry grass, brush, hay, straw, leaves, buildings, construction materials, automobile or garbage **in the municipality is prohibited**.

- -Other than in a properly constructed incinerator approved by the Department of Environment and Local Government and its successors, no person shall light a fire outside a building for the purpose of disposing of any refuse or waste material.
- -No person shall set a fire that is likely to cause inconvenience or discomfort to others.
- -No person shall burn on the pavement or road allowance, which would interfere with traffic.

-The Fire Chief or his designate reserves the right to order any open-air fires to be extinguished.

-This By-Law does not apply in relation to live or training fires conducted by the Village of Salisbury Fire Department.

<u>Volunteers Needed</u> - Rural Rides is now doing 100+ rides a month for seniors, the disabled and low income families who do not have access to transportation to get to medical appointments, the food bank, grocery shopping or to run errands. We are in need of more volunteer drivers to meet the ever increasing need in the Salisbury, Petitcodiac, Havelock, Elgin, River Glade and Upper Coverdale areas. If you would be willing to volunteer a few or several hours a month helping people get to where they need to go, please call Kelly at 215-2100. We reimburse our drivers \$.35/km.

SALISBURY PUBLIC LIBRARY EVENTS

<u>Story Time</u> - Tuesday mornings at 10:30 am. A 30-minute program of stories, songs, and literacy-building activities for ages 2-5.

Library Month Pajama Story Time - October 5th from 6:30-7:00 pm. Drop in for fun stories before bedtime to celebrate NB Public Libraries Month.

<u>Block Builders</u> - Saturday October 15th between 2:00-3:00 p.m. Ages 6 and up. Bring your friends and family to build with LEGO® bricks and put your creations on display in the library.

The Booklovers Reading Club for adults will discuss The Heart is a Lonely Hunter by Carson McCullers on October 12th at 6:15 pm. New members welcome!

Teen Anime Club - Saturday October 22nd from 2:00-3:30 pm. Teens can watch anime in Japanese with English subtitles. Free snacks!

These programs are offered free of charge. For more information, call the library at 372-3240. The library is located at 3215 Main Street in Salisbury.

Library Open Hours: Tuesdays, Thursdays, Fridays, Saturdays 10am-12pm & 1-5pm, and Wednesdays 1-5pm & 6-8pm.

MMHF ANNIVERSARY

Can you believe it has been seven years October 16th since the Maritime Motorsports Hall Of Fame building at 5 Hooper Lane, Petitcodiac was opened

too the public? Many events has taken place here, just to mention a few: the monthly meeting held the first Tuesday of each month, all members are welcome to attend; there is games day every Wednesday afternoon, with the exception of summer months; the Petty AutoFest show has been held mostly the first weekend of June; there have been Church services by two different dominations; elections; 2 weddings; bridal, baby showers; birthday parties, training, graduation, Christmas parties; and much more. In other words we have a very useful place.

OCTOBER 2016

Welcome Fall

Credit Line: Mark Cullen is an expert gardener, author and broadcaster. Get his free monthly newsletter at markcullen.com. Look for his new best seller. 'The New Canadian Garden' published by Dundurn Press. Follow him on Twitter @MarkCullen4 and Facebook.

The start of the fall season provides a convenient marker for a new 'to do' list in the garden. Post this one on your fridge and relish your time in the garden. In fact, now would be a good time to MAKE some relish in the kitchen. But that is a different matter.

Mark's "Things To Do In The Garden" List:

Seed and sod. If your lawn looks amazing right now skip this part. If it has some brown spots, weak areas, or is tired looking, then now is the best time to thicken it by overseeding with fresh lawn seed. First spread 3 to 5 cm of lawn soil over the area to be seeded, rake smooth, broadcast the seed by hand, rake again (lightly) and step on it to firm the soil/seed into contact. Water well and often.

Fertilize with the regular formula (18-0-8) iron plus fertilizer now and apply a fall formula (12-0-18) in late October through November to winterize your lawn. As your lawn slows down it stores natural sugars in its roots: the late application of a fall fertilizer helps the lawn to build up winter stores for a better performance come spring. This is the most important application of fertilizer that you will make all year.

Harvest. My 200 tomato plants are producing like never before. Mind you, they ripened a little late but that was due to the cool evening temperatures mid-summer. Now that they are coming along I pick every day. I recommend that you do the same just to keep them from rotting on the vine or splitting after a heavy rain. Harvest ripening apples and pears.

Plant. As your annual flowers begin to wane, now is a good time to plant fall flowering mums, New England asters, sedum, and ornamental grasses. No reason to put up with mediocre performance in your garden when you can have a show stopper. All winter-hardy nursery stock can also be planted now. I have better luck with fall planted trees, evergreens, and the like than I do come spring.

Holland Bulbs. Tulips, daffodils, hyacinths, and the like are in the stores now. The Dutch harvest was a good one and the selection of these bulbs is best in September. I urge you to buy yours now to get the pick of the crop: by October all of the hard to find and unusual varieties are gone. Check out the exclusive 'Canada 150' tulip bulb to celebrate Canada's 150th anniversary.

Apply dormant nematodes to your lawn to control common grubs. This is as late as you can leave this job without wasting your money. The grubs move deep into the soil over the next weeks, as temperatures drop.

We extend our sincere THANK YOU to everyone who donated items for our Yard Sale Fund Raiser held on August 20, in conjunction with the Salisbury Community Days. We raised just over \$900 including the funds from the 50/50 draw. Kim Crandall won \$100 in the 50/50 draw and the money was presented by Lois Budd, one of our Helping Hands Volunteers

Virtual Halloween Party Add-On Story

On a dark and stormy evening far away on Mars, trouble brewed and I was scared to death! Three ghost girls lingered on top of the hill, looking down on me. One eyed Martians began to run around like crazy. The planet Mars was under attack by huge snakes! I started running and tripped over a gravestone that I didn't notice before. I screamed loudly, "Oh no, look!" A UFO landed and the alien said "Trick or Treat?" The Martians all replied, "Trick." I tried to get back up but I broke my leg from the fall. Since I was a zomble, I just picked up my

the fall. Since I was a zomble, I just picked up my leg and carried it with me. I grabbed the hand of the moon goddess who led me to a cave. A werewolf met me inside and took me to his lair where we sang Kumbaya. I was attracted to him but he had really bad breath and was too hairy. So, I used a laser pointer to create a hole & climb out of the cave. Apparently I had been bitten by the werewolf and started to change. Suddenly, I found some magic candy corn and all was good in the universe.

Thank You

With Heartful Thank You

with was Peter Gardner passed at the Moncton Hospital with his

immediate family holding his hands and standing at his bedside as he took his finally journey.

At this time we have so much to be thankful for during this time, we would like to thank the ambulance team who came to pick him up at his home that morning, to the trama team in emergency to the Doctors and nursing staff of the ICU unit on the 3rd floor.

The staff that sit during the nite with Peter all the information you gave us in critical times.. you took the time to tells us why you were doing what you were doing for him and we appreciated the compassion you showed us.

To Dr. McAvinue the nurse who had to deliver the heartbreak of news to us when all had been done for him and we had to honor Peters wishes as hard as it was I thank you.

The many friends and family who had kind works, food, phone calls, text messages, prayers and just a shoulder to lean on, thank you just doesn't seem to be enough.

Also, a big Thank-you to the pal bearers.

To Salisbury Funeral Home and David Keirstead and his staff for the excellent service and compassion and went beyond for our family, thank you for all you did to make our hurting ease the pain.

The Gardner Family and Families. God Bless you all.

OBITUARIES

Donna Blakney 1946 - 2016

Kathleen Donna Blakney, 70. of Settlement Colpitts passed away Monday, September 19, 2016 at the Moncton Hospital. Born in Sunny Brae,

Robert Templeton 1925 - 2016

Robert Donald Templeton,91, of Havelock passed Saturday, away September 2016 at Moncton Hospital. Born Cambuslang, Scotland,

17

The

in

he was a son of the late James B. and Elizabeth (Gibson) Templeton. In his first year, his family immigrated to Canada settling in Havelock on a farm. He graduated from the Havelock Superior School and Moncton Community College, Electronics program. The early death of his father saw Robert remain on the family farm to help run it and then he established Templeton's T.V. Sales and Service which he operated until retirement. Robert attended Havelock Baptist Church, was a 50 year member of the Havelock Lions Club, a former volunteer with the Havelock Fire Department and enjoyed salmon fishing on the Miramichi and hunting.

Left to mourn his passing is his wife of 55 years Gertrude (Beckett), his daughter Joan of Vancouver, son Kenneth of Havelock, grandson Duncan of Vancouver. Survived also by sisters, Elizabeth Keith (late Charles) of Havelock, Margaret Wood (late Hal) of Fredericton, Mary Coates (late Eldon) of Shediac Cape, a brother James (Myrna) of Sussex Corner and by several nieces and nephews. Predeceased by brothers David and John.

Resting at the Havelock Funeral Parlour, 19 Cross Street (534-2600) with visiting Wednesday 2-4 and 7-9 p.m. The funeral will be held Thursday, September 22 at 2 p.m. from the Havelock Baptist Church with Rev. Dean MacDonald officiating assisted by Rev. Jarvis Lepper. Interment at Greenhill Cemetery, Havelock.

If desired, memorials to the Havelock Baptist Church Building Fund or a charity of choice would be appreciated by the family.
