Village of Petitedcodiac Receives Funds to Enhance Community Infrastructure

All Canadians deserve to live in inclusive and vibrant communities where they can connect with their friends and neighbours. Investing in local community infrastructure will improve existing facilities, build stronger community ties and strengthen the middle class and those seeking to join it.

April 27, 2017

Alaina Lockhart, Member of Parliament for Fundy Royal, on April 27, 2017 announced an investment of \$7,850 for Petitedcodiac. The work involves upgrades to the Syd Crandall Memorial Ball Field.

The announcement was made on behalf of the Honourable Navdeep Bains, Minister of Innovation, Science and Economic Development, and Minister responsible for the Atlantic Canada Opportunities Agency (ACOA).

This project is being partly funded through the Canada 150 Community Infrastructure Program (CIP 150). Funding in Atlantic Canada is delivered through ACOA. These investments, to honour Canada's 150th anniversary of Confederation, will help create jobs, boost economic activity, strengthen communities

From the Editor

WOW the end of another school year!

How fast these children grow up. A BIG Thank You to all the teachers and professors.

Congratulations to the students. To the graduating students where do you go from here?

I want to give a little warning to everyone about telephone and Internet scams. If someone wants money that you don't know hang up, do not give them any information and tell your family or a friend. If they say it is your bank, don't give them any information and tell your bank. Way too many people is being ripped off.

Don't forget the Petty AutoFest on June 4th; here at the Hall Of Fame, admission is free. The cost to enter a display vehicle is \$5.00. The big kids and little kids will enjoy the remote car action.

Lots of action going on for the 150 Canada anniversary. enioy and mavbe even volunteer for some of it.

Have a great summer!

"Ask Your MLA" *Ross Wetmore, MLA Gagetown-Petitcodiac*

Another session of the provincial legislature was brought to a close on Friday May 5th. Once again, the Gallant government used their majority to force closure of debate and closure of the house.

It is accepted as tradition in our Westminster parliamentary system that the government decides when the legislature opens and the Opposition decides when the legislature closes. This has not been the case with this government. Fans of democracy must find this behavior disappointing and disrespectful.

When the most recent sitting of the legislature commenced last November, our new Leader, Blaine Higgs, guided Her Majesty's Loyal Opposition into the people's house. Blaine immediately made fixing our broken Education system a priority item.

During this session of the legislature we witnessed the evolution of the Parlee beach and property tax scandals. In both cases the government employed denial, diversion and distraction as New Brunswickers sought the truth. In both cases had it not been for the persistence of the media, the government may have managed to cloud the truth. In both cases the actions of Ministers of the Gallant government should have resulted in their resignations. In the case of the property tax scandal, it is Premier Gallant himself who should tender his resignation now that his dishonesty in the matter has become a matter of public record.

The session commenced under the cloud of carbon tax and the recent revelation that the Premier had backtracked on his commitment that any such tax would be revenue neutral. The position of the PC Opposition on carbon tax is clear and unchanging. Carbon tax in New Brunswick is unnecessary and will do nothing to reduce emissions or fight climate change. A carbon tax will cost jobs and raise the highest taxes in North America even higher. The emission levels will remain the same, but will come from south of the border as businesses are forced to relocate to remain competitive.

We all recognize that the frequency and severity of weather events is changing, but when the only solution a government offers to any problem is to raise taxes, we have to question their motivation.

In January our province fell victim to a devastating ice storm. Two people died and many were hospitalized as the result of carbon monoxide poisoning while trying to keep their homes warm. In February, I introduced a motion asking the government to emulate the provinces that have allowed Meter Based Transfer Switches and allow them to be installed in New Brunswick residences to avoid a repeat of the tragic deaths during the ice storm. These transfer switches are now available in New Brunswick.

Each day this session I was again honoured to carry the fight of the Save the Gagetown Ferry cause to the legislature in the form of petitions. The Minister of Transportation, Bill Fraser, has stated that the Gagetown ferry is not coming back. The people I am hearing from are saying that it is the Gallant government that is not coming back.

In the last few days we have learned that the government will not replace the Cherryvale Bridge. Again, it was Minister Fraser who announced this latest insult to the people of my riding and to southern New Brunswick as a whole. I hope the minister does not think the matter is closed.

We recently learned that the government has diverted over \$5 million of Canada 150 funding away from the Tourism budget for parts unknown. I submit that \$1.5 million of that money can go to replace the Cherryvale Bridge with a new covered bridge, constructed by a New Brunswick company, from New Brunswick timber, hewn by New Brunswickers in our own forests.

I can't think of a better Canada 150 project than a new covered bridge that will last 100 years, honoring our past and serving us for the next century. Albert County's Dan Tingley of Wood Research and Development Ltd. has already expressed a willingness to use his world famous expertise to solve some of our bridge problems.

As we travel through spring and into summer there are a number of issues that will remain top of mind for the members of our Opposition team. The softwood lumber dispute, the problem with the SEED program and the Gallant government's continued mismanagement of our provincial affairs will continue to dominate conversations. One observer on social media remarked this government will go all the way to the Supreme Court to keep the people from buying cheap beer from outside the province, but they are more than happy to buy road salt and power poles outside the province, while putting our people out of work.

I have purposely saved the brightest and best for last.

During this legislative session we were visited by Becca Schofield and her family. By now everyone has heard the story of this inspiring young woman and her #beccatoldmeto campaign. While facing the end of her own life, 17 year old Becca, has taken precious time to selflessly spread the message of kindness and caring to improve the lives of others. I am proud to say that the third Saturday in September will henceforth be honoured as Becca Schofield Day.

Rural Rides Celebrates Volunteers

Through the assistance of the New Horizons Seniors Grant, Rural Rides organized two Volunteer Expos in April during National Volunteer Week; one in Salisbury and one in Petitcodiac. The purpose of the events was to encourage volunteerism, particularly among seniors and to showcase the many volunteers already making our communities a wonderful place to live. The thousands of hours volunteers contribute are the backbone of healthy, vibrant communities. One does not have to look far to see the impact volunteers are having in our area. Guest speakers Kate Doyle from the United Way and Scott Campagna from the Riverview Lions Club (also a stand-up comedian) shared about the importance of volunteering, the personal health benefits of volunteering and what volunteering has meant to them. Lunch was provided and a great time was had by all.

Volunteer groups were invited to come and showcase what they do and share ways people can get involved. For those of you who missed the events, information on participating groups is provided below.

SERVING ALL OF PETITCODIAC AND SALISBURY AREAS:

Rural Rides is a non-profit transportation organization that provides affordable transportation to seniors, the disabled and low income families in the Upper Petitcodiac River area. All of our drivers are volunteers but we do reimburse \$.35 per km for mileage. We are always in need of qualified drivers. Our board of directors is also volunteers and welcome new members to the board. 215-2100 <http://ruralridesnb.com>

and celebrate Canada's rich heritage and history.

Cultural and recreational activities and facilities form an essential part of every community. The Government of Canada recognizes that investing in them celebrates our heritage and improves the quality of life of all Canadians. These renewed facilities not only respond to the demand for community infrastructure improvements, but also provide us an opportunity to celebrate the people of this great country.

THE HONOURABLE NAVDEEP BAINS

Minister of Innovation, Science and Economic Development and Minister responsible for ACOA

"Recreational amenities like the Syd Crandall Memorial Ball Field are important for our communities and the organizations that use them. It's thanks to the volunteers in the community that places like this serve as a gathering place for residents, families and visitors. These amenities also do much more than this; they raise the quality of life, stimulate economic activity and build vitality in our communities."

ALAINA LOCKHART

Member of Parliament for Fundy Royal

"The Syd Crandall ballfield has been a wonderful recreational asset in our village that allows our children and adults the benefit of having a safe environment to play in while at the same time promoting the importance of physical activity. On behalf of myself and Council, I would like to thank ACOA for their support in partnering with the Village of Petitcodiac to complete the work needed to keep this valuable asset in our community."

GERALD GOGAN

Mayor of the Village of Petitcodiac

Salisbury Seniors Program con't from pg. 1

Investing in Canada's communities is not only about creating good jobs and encouraging clean economic growth. It is also about building stronger communities. Partnerships with local governments, institutions and organizations are vital to deliver change and improve the lives of seniors.

The Government of Canada is providing approximately \$35 million in New Horizons for Seniors Program (NHSP) funding for close to 1,850 community-based projects approved through the NHSP 2016-2017 Call for Proposals.

Since 2004, the NHSP has funded close to 19,700 projects in hundreds of communities across Canada, with a total Government of Canada investment of approximately \$417 million.

"Through the many community-based projects we support each year, the Government of Canada helps seniors across Canada share their knowledge, skills and lived experiences in unique ways. NHSP projects reflect our ongoing commitment to ensure that seniors from coast to coast can be active and prosperous members of their communities."

THE HONOURABLE JEAN-YVES DUCLOS

Minister of Families, Children and Social Development Canada

I am pleased the Government of Canada is dedicated to ensuring that Canadian seniors can get involved in community activities that meet their needs and interests. A mobile lab will allow seniors to leverage technology for greater interaction which can be particularly challenging in rural areas. We support New Horizons for Seniors Program projects like this one so that seniors across Canada can lead and participate in local activities beneficial to many."

ALAINA LOCKHART

Member of Parliament for Fundy Royal

"We are very excited to be able to offer a Salisbury Seniors Technology Program and Mobile iPad Lab through the New Horizons for Seniors Program Grant. We look forward to working with seniors within the Village of Salisbury and building new technology skills."

What Makes a Dad

God took the strength of a mountain,

The majesty of a tree,

The warmth of a summer sun,

The calm of a quiet sea,

The generous soul of nature,

The comforting arm of night,

The wisdom of the ages,

The power of the eagle's flight,

The joy of a morning in spring,

The faith of a mustard seed,

The patience of eternity,

The depth of a family need,

Then God combined these qualities,

When there was nothing more to add,

He knew His masterpiece was

complete,

And so, He called it ... Dad

What's Cooking? In Winona's Kitchen

SUNDAE PIE

Use either an already prepared Graham Cracker Crust or your own make.

In a bowl stir 2 pints of slightly softened vanilla ice cream until smooth.

Spoon ice cream into crust, cover and freeze until hard.

To serve you will need:

1 bottle of Strawberry Topping
1 bottle Chocolate Sundae Syrup

¼ cup chopped nuts

Whipped topping

Maraschino cherries

Remove pie from freezer, let stand 10 minutes.

On each serving plate spoon strawberry topping

Cut pie in serving size pieces and place on strawberry topping.

On top of pie add chocolate syrup, whipped topping, nuts and cherry.

Depending on size of serving will make 6 to 8 servings.

A Bit About Our Canadian History as we near 150 years of confederation

A Bit About Canada Continued

War of 1812

The War of 1812 (which lasted from 1812 to 1814) was a military conflict between the United States and Great Britain. As a colony of Great Britain, Canada was swept up in the War of 1812 and was invaded a number of times by the Americans. The war was fought in Upper Canada, Lower Canada, on the Great Lakes and the Atlantic, and in the United States. The peace treaty of Ghent, which ended the war, largely returned the status quo. However, in Canada, the war contributed to a growing sense of national identity, including the idea that civilian soldiers were largely responsible for repelling the American invaders. In contrast, the First Nations allies of the British and Canadian cause suffered much because of the war; not only had they lost many warriors (including the great Tecumseh, the Shawnee chief, leader of a First Nations confederacy, military leader in the War of 1812 (born c 1768 in south-central Ohio; died 5 October 1813 near Moraviantown [Thamesville, ON]). they also lost any hope of halting American expansion in the west, and their contributions were quickly forgotten by their British and Canadian allies.

The term "First Nations" is used to refer specifically to Indigenous peoples in what is now Canada. The term "First Nations" does not include the Metis or Inuit peoples of Canada.

The Elgin Eco Association held its Annual general meeting on May 11. There was a great turn-out from members and non-members. Regular business was taken care of very swiftly and a new vice-president was chosen. Luke Steeves is the new vice-president of the EEA. As an avid mountain biker and tireless mountain bike trail builder we know Luke will be a great asset to the board of directors. Luke also build a large number of bike obstacles that will be installed in the Elgin Eco Park this spring/summer.

* Special guest speaker was Tim Robinson, with the Fort Folly Habitat Recovery Program of Fort Folly First Nations near Dorchester. FF commits to monitoring and enhancing efforts to restock wild Atlantic salmon in the Petitcodiac River. He explained the life cycle of salmon and stated that the inner Bay of Fundy salmon are endangered. They restock and tag fry in the Pollett and Little River each year. More info can be found on the web-site "TVO Striking Balance in the Fundy" episode 7.

* Jennifer Dingham Legere of Fundy Bio Sphere Reserve states that Mapleton Acadian Forest Nature Preserve has been nominated as one of "50 Amazing Places" in Canada. More info in the T&T in the next 8 months. If that isn't exciting I don't know what is!! We are certainly proud of such achievements in our community.

It is also with great pleasure to have a summer adventure program available. We still have some places available. If your child is 9 to 14 they are eligible for signing up for the program. Cost are \$50 for children of members, {membership is \$20 for 2 years for a family} or \$100 for non-members. The program aims to teach the children to take care of themselves and others around them. They learn to cook, bake, chop, grind, peel, slice, measure and make decisions on picking out ingredients to successfully complete a recipe. They will also be participating in other physical activities like hiking, biking and canoeing swimming. They will be building shelters where they are thought to use an axe, knife, rope {knots} measuring tape, hammer, nails, saw etc. They will learn to create a shelter in time of need in the woods to keep dry and safe from the elements. They will be learning leadership skills and increase their respect for our environment. And much more. Not being able to sign up enough children will put the program/funding in jeopardy. The summer camp will be on Tuesdays starting July 4th. Don't miss out on this once in a lifetime opportunity.

The EEA has been successful with securing money for kayaks and canoes. This will be a great asset to the organization and we hope to make these kayaks and canoes available for use for the members and possibly the public. Certain areas still have to be worked out to see what will be the best approach to have the best and highest use of this equipment. Stay tuned.

In the last two weekends the marking of the Mapleton Acadian Trail has been finished. However we still like to do the signage from the opposite site as well. There is also been some work done to set out a new trail. This is going to be a big task and will probably take some time to be finished.

Noah Martin has been hired to mow the grass in the Eco Park. The garden in the park is also an area that needs our attention. It needs some TLC to look its best. Hopefully we will be able to get to this task in the near future. Anybody can go on their own if they wish or we can arrange a get together some evening or morning.

We are also looking to hire an ambitious enthusiastic outdoor loving summer student. The job will include all of the above mentioned activities. You will spend the majority of the time outdoors and in the woods on trails.

For more info or if you are interested please contact us via email elgineco@hotmail.com or call 756 2518 ask for Moranda or leave a message. We do have a website but it is still not finished www.elgineco.ca. HAVE A GREAT SUMMER

School Breakfast program -Petitcodiac Regional School's breakfast program is open to all students every morning from 7:55-8:20 a.m. We serve toast, apples, and milk. The program runs quite smoothly with 3 volunteers each morning. Volunteers choose a day that works best for them and come in on that day every week.

Petitcodiac Recreation - I would be looking for volunteers in the following programs/events:

Basketball, Ball Hockey, Baseball, Soccer, Toddler Activities, Fit Camp, Geri Fitness Instructors, Learn to Run Programs, Trail Committee, Events such as Winter Carnival, Panther Run, Full Moon/Winter Snowshoe Stomp, Summer Send Off, Canada Day
Petitcodiac.rec@gmail.com Natalie at 756-0289

The Petitcodiac Boys and Girls Club is a hub of activity in our community, offering new experiences and opportunities to overcome barriers. Children also develop self-esteem and confidence in their abilities through participation in club activities and programs. We offer encouragement and empowerment to young people, not only those that reside in the village, but also to the neighboring rural communities. It is vital that children develop healthy lifestyles, a passion for learning, leadership, life skills and a sense of responsibility. We are a safe and supportive place to be a kid, no matter their background.

The opportunities are endless when it comes to volunteering. Past volunteer opportunities included:

- Board of Directors
- Christmas Tree Lot
- Race for Kids
- General Fundraising Initiatives

Do you have a special interest or skill? We would love to have you share. We will never turn away a volunteer! Some examples of other opportunities include (but are not limited to):

- Teaching music
- Guest speakers
- Knitting
- Board games
- Cooking
- Computer skills

Volunteer incentives include free bowling and other club opportunities. If you are interested in becoming a volunteer, please contact Derrick (756-2841, beardsworth.derrick@gmail.com)

Elgin Eco Association - The Elgin Eco Association organizes events that foster community pride, enhance opportunities in the small community of Elgin for young and old.

Since its inception volunteers have come together to create, a community heritage garden, little libraries, skating rink, gazebo, trellis, summer camp for kids, Mapleton Acadian Trail now the Mapleton Acadian Forest Nature Preserve, cooking classes, birding and hiking outings, Elgin Day, the National known Toughest Mountain Bike Race in Atlantic Canada and much more. Offering a great way for anyone to get involved and experience the great outdoors. All Kids activities need adult volunteers. With the Stewardship of the Nature preserve we will soon be cleaning and marking trails and building some new trail. We send out a monthly e newsletter put together by a dedicated volunteer in Ontario. So many opportunities and so many possibilities. Join us at The Elgin Eco Association. 677 Salisbury St. John Ambulance Brigade has been active in our village since 1974. In 2002 Ambulance N.B. took over regular ambulance services; but Salisbury St. John Ambulance has continued to be a presence at sporting events, Salisbury Days, Winter Carnival and other community events; to offer emergency first aid and CPR until NB Ambulance arrives. All St. John ambulance volunteers are MFR certified and are recertified in a First Responders Course periodically. Salisbury Brigade is one of only three left in N.B. In it's early days there were 47 volunteers, now the group has 9 members. Contact Wayne Gladstone at 372-5192 for more information.

Salisbury Parks and Leisure - The Village of Salisbury Parks & Leisure Department's mission is to ensure that the citizens of Salisbury have continued access to community activities and events. Many of the leisure and sports activities/ events offered are only possible through the participation of volunteers. The Parks & Leisure Dept recruits volunteers for sports such as baseball, soccer, tennis, pickleball, and basketball. Volunteers also help out with the Action Committee, Highland Park & Trail Committee, P & L Community Days activities, Winter Carnival Committee and fundraising events. The Village of Salisbury also has many other volunteer opportunities available including Community Days committee, Canada Day committee, Volunteer Fire Department, Neighbourhood Watch, Heritage committee and Library board.

Salisbury Helping Hands Food Bank is a non-profit organization that is run totally by volunteers to serve the Salisbury area. We are delighted if someone would like to share their time with us for a few hours each week, month or on a casual call in as needed basis. The Food Bank is open Tuesdays and Wednesdays from 10:00 am to 4:00 pm at 64 Douglas Ave. Salisbury. Volunteers help fill shelves, keep our food bank clean, and prepare grocery bags for our clients. New volunteers work with someone seasoned and there are always two people who staff the food bank during opening hours.

Confidentiality is very important and expected with all our Helping Hands Volunteers.

Our president is Tammy Constantine and we have a board of directors made up of an executive and our volunteers.

We meet the second Monday of each month at 7:00pm at the Food Bank. We can be reached at Salisbury Helping Hands during opening hours or leave a message 372- 9787

Abandoned Cat Rescue is a registered cat rescue charitable organization in the Moncton and surrounding areas. We are an experienced dedicated group of volunteers with an excellent working relationship with SPCA, other Rescues and local Vets. Our initial and primary goal is to rescue abandoned and orphaned kittens, spay & neuter and find them loving fur ever homes. We have a fostering program, a TNR (trap, neuter and release) program, and Educate the public by developing and offering a program to be taught first in the primary school system, about the proper care of all pets and animals.

What can you do to help? You can foster kittens (everything you need is provided), you can be a trapper (equipment provided) or help with fundraising through our spaghetti supper, yard sale, diamond ring dinner or "crafts for cats" (supplies provided and you can make cat crafts to sell at events).

Planting Season - Contain This

Like looking favourite food, where to begin. garden or in containers. I want to

WHAT to plant have changed containers in Remember the that people front door filled geraniums, a lobelia and a plant' in the centre? We don't do that any more. Bell bottoms and sideburns are out too.

Today, the rule is 'almost anything goes'. Indeed, we are now mixing food plants with perennials, annuals with miniature roses and herbs with everything. The only rule is to make sure that you place your containerized plants in an exposure that works for them. A sun loving petunia does not do well in the shade.

My favourite 6 plants for containers:

1. Coral Bells [Heuchera]. There have been so many new introductions in this family of winter hardy perennials in recent years that I have had trouble keeping up. The foliage of Coral Bells can be spectacular so the flowers are a bonus. They mature to between 15 cm and 65 cm in breadth and width. Stick with the more compact varieties for best performance in containers. My favourite varieties are Marmalade, Blackout and Caramel all of which are perfectly named as they look as their name suggests. I am going to try the new Root Beer this year as I appreciate roots and really like beer. Sun to part shade.

2. Hosta. Another plant that you will grow for the foliage and consider the flowers a bonus. Again, stick with the smaller varieties. Hostas will tolerate being dry between water applications. The flowers attract hummingbirds and the foliage is to die for, in many cases. My favourites include June (yellow/green mid-sized), Striptease (green chartreuse) hosta of the year in 2005 and Guacamole (green) hosta of the year in 2002. My friend Paul Zammit, from the Toronto Botanical Garden, has perfected the art of growing and overwintering hosta in his garden. He recommends that you place the pot and all in your garage over winter. Part sun or shade during growing season.

3. Million Bells. Remember petunias? They are still popular. However, million bells look like petunias with smaller flowers but they actually produce more colour. They flower longer and do not require pinching or cutting back, as petunias often do. They don't know when to stop blooming, which is why they look great late in to fall when many other annual flowers have pooped out. They do need to be fed. Be sure to apply a Feed and Forget fertilizer at the time of planting. One shot, good for the whole season. Available in brilliant, bold colours on the hot side of the colour wheel (orange, red and rose).

4. Boston Fern. Not the old Boston fern that dropped leaves everywhere when you bumped into it, but any of the new varieties that hold their foliage and fill out all season to create a relaxed, country feel wherever they grow. I put 8 of these at the front of my house each summer in hanging baskets and large clay pots and they never disappoint. They forgive me when I don't water them regularly and they look their very best when the frost arrives in late fall.

5. Roses. Not just any rose but everblooming, disease resistant, small to medium in stature bush roses. Look for Oso Easy from Proven Winners. They are great garden performers in containers. Knock Out roses are equally colourful and reliable. I recommend that you remove roses from containers in the fall and plant them in the garden over winter where they are better insulated. Come spring, dig them up and place them back in containers. Repeat.

6. Herbs. All herbs lend themselves to container growing, except a giant like dill. Most herbs originated in the Mediterranean region and enjoy being on the dry side, do not like to be fertilized and thrive in the hot, blazing sun. Place your herb pots near the kitchen door to ensure easy access.

My list of great performers in containers goes on to include geraniums, dusty miller, dwarf zinnias, sweet potato vine, spider plant, bacopa and virtually any plant that is compact, does not mind becoming dry between water applications and is suitable to the sun/shade exposure in your yard or condo balcony.

Salisbury Legion Diamond Ring and Ruby Pendent winners

Congratulations to Kathy Reid on winning the Ruby Pendent and to Phyllis Leaman (in photo) on winning the Diamond Ring at the Diamond Ring Dinner at The Salisbury Legion May 13, 2017.

Just to clarify, there was a mix up at the end of the drawing. This is what happened...there was one name left in the drum. We asked the lady to stand that had not won a prize...a lady stood up (she had already won a gift) a lady stood up (her name was in the drum) and a lady stood up (her name was not in the drum) I can not explain how it happened but it did. Mass confusion! To make a long story short, Phyllis Leaman won the Diamond Ring! Congrats! I apologize for the mass confusion and for any misunderstanding. It was a miscount, an honest mistake and I take full responsibility. Some people say they will not be coming back because of what happened. I am very proud of my committee and for two and a half months they worked so hard to pull this together, I say a job well done! Again

I apologize for this honest mistake that was made, We are only human and we tried our best. Lesson Learned! Again CONGRATULATIONS to Phyllis Leaman on her winning. If all we are going to be remembered by is this mistake, I find that very sad!! You are forgetting all the hard work, the prizes you won, the guys who helped, the music and the wonderful meal that was made by you! Don't let this mistake take all those good memories away! Don't punish them for my mistake! Hope to see you all next year!

Antique/Builder
INDUCTED NOVEMBER 15, 2014

Home Province NB

In his early 20's his passion was the old car hobby. His first project car purchased in 1971, a 1940 Cadillac needing everything.

In 1974 he joined the New Brunswick Atlantic Auto Club.

In the early 70's Gary was involved in stock car racing at Hammond River Raceway. He drove a 1954 Ford, car #18.

In 1982 Gary and four local car enthusiasts started a car club, the Valley Cruisers Club. He has been/is president He has been the Event's Coordinator for the Club and has organized all events, cruises, the annual car show raising funds for local children's charities.

Gary, has enjoyed promoting the old car hobby, working with all local car clubs, to keep his hobby alive.

He has owned many classic and antique vehicles, to name a few:

a 1940 Pontiac, 1949 Mercury Sedan, 1955 Mercury Montclair

2 door hard top, 1960 Cadillac Coupe De Ville, 1964 Ford Fairlane

Gary is well known in the community as an old car enthusiast and you will see him cruising up and down the roads in one of his beautiful cars.

Investments Supports Upgrades to the Maritime Motorsports Hall of Fame

Government of Canada funds will enhance facility's interior and exterior

May 1, 2017 - Petitcodiac, N.B. - Atlantic Canada Opportunities Agency

Alaina Lockhart, Member of Parliament for Fundy Royal, today announced \$20,200 from the Canada 150 Community Infrastructure Program (CIP 150) for improvements to the Maritime Motorsports Hall of Fame located in Petitcodiac.

Left to Right: Ernie McLean, Fundy Royal MP Alaina Lockhart, Winona McLean

The announcement was made on behalf of the Honourable Navdeep Bains, Minister of Innovation, Science and Economic Development and Minister responsible for the Atlantic Canada Opportunities Agency (ACOA).

This project will support updates to the Motorsports Hall of Fame, museum and parking lot. Work includes renovations to the kitchen area to meet building codes, upgrades inside the museum and improvements to the existing parking area.

The Maritime Motorsports Hall of Fame Inc. is a non-profit organization dedicated to the preservation and promotion of all motorsports in New Brunswick, Nova Scotia, and Prince Edward Island.

The CIP 150 Program is providing up to \$300 million nationally over two years to support projects to rehabilitate, renovate and expand community and recreational infrastructure as part of the Government of Canada's activities to honour Canada's 150th anniversary of Confederation.

"Canada's economic success is positively impacted when communities are strong and united. Improving community infrastructure, particularly in rural areas, helps to create resilient communities where the talents and ambitions of its

residents are able to grow and succeed."

THE HONOURABLE NAVDEEP BAINS

Minister of Innovation, Science and Economic Development and
Minister responsible for ACOA

Canada's 150th anniversary is a historic opportunity to connect with our past, celebrate our achievements and build a lasting legacy for future generations. The Canada 150 Community Infrastructure Program enables the Government of Canada to follow through on its promise to renovate, expand and improve existing community and cultural infrastructure - projects we need and use - making a difference in our lives and communities.

ALAINA LOCKHART

Member of Parliament for Fundy Royal

The support the Maritime Motorsports Hall Of Fame Inc. has received through the Canada 150 Community Infrastructure Program has certainly helped with much needed improvements of our facility, providing more parking spaces and comfort inside for the workers and touring public.

WINONA MCLEAN

Managing Director - Maritime Motorsports Hall of Fame Inc.

Graduation Quotes

Success is like a mountain that keeps growing ahead of you as you hike it...

Err in the direction of kindness.

- GEORGE SAUNDERS

You have to leave the city of your comfort and go into the wilderness of your intuition. You can't get there by bus, only by hard work and risk and by not quite knowing what you're doing, but what you'll discover will be wonderful. What you'll discover will be yourself.

- ALAN ALDA

As you start your journey, the first thing you should do is throw away that store-bought map and begin to draw your own.

- MICHAEL DELL

The great and curious truth of the human experience is that selflessness is the best thing you can do for yourself.

- DAVID MCCULLOUGH JR

It is impossible to live without failing at something, unless you live so cautiously that you might as well not have lived at all - in which case, you fail by default.

- J.K. ROWLING

Last but not least, I would say you should have big dreams, full dreams, not half dreams. You know, it's very simple. You can't put a large box in a small box. Well, you cannot put a full life in a small dream box.

I Dreamed in Blue

By Gloria Scribner

Last nite I dreamed in blue
The sky, the silent lake
The eyes of one small baby boy
The son, God chose to take

Last nite I dreamed in violet
The flowers growing free
Across the field where husband walked
And gathered, just for me

Last nite I dreamed strawberry-blond
And tho't for just a while
You really hadn't left son,
For I'm sure I saw you smile

Last nite I dreamed in golden lite
I saw 'me' standing there
With baby blue and violets too
And you, with golden hair

If I could bring you back again
And keep you here with me
What colors left in paradise?
(For Heaven just wouldn't be).

In memory of Frank Scribner
who left us on May 31st 2007,
and our two precious sons,

OBITUARIES

Audrey Catherine York

The passing of Audrey Catherine York of Petitcodiac occurred on May 16, 2017 at the Moncton Hospital. Born on February 15, 1927 in Bristol, NB, she was the daughter of the late Raymond and Jessie (Pointing) Estabrooks.

Sixty-seven years ago Audrey had a personal experience with Christ and has since been a devoted Christian. From then on, her mission has been to share that experience with others. The only thing that exceeded that was her faithful prayer life. Audrey and Clarence were among the developing members and active at Faith Assembly in Moncton for the past 40 years. Audrey is survived by her loving husband of 70 years Clarence (Bud) York of Petitcodiac NB, nephew (chosen son) Gregg Hunt (Bonita) of Fredericton, niece Holly Sullivan (Derek), nephew Travis Hunt, and many other nieces and nephews.

Besides her parents she was predeceased by her brothers Robert Estabrooks & Russell Estabrooks and sister Marguerite Hunt.

Resting at the Salisbury Funeral Home, 3350 Rt. 106 Salisbury (372-4800) with visiting Thursday May 18 from 6-8 p.m.. The funeral will be held from the funeral home chapel on Friday at 11 a.m. Interment at Maplewood Cemetery, Petitcodiac.

Havelock Homecoming Celebration

It's hard to believe that 5 years has passed and Havelock will be hosting our Homecoming Celebration again on July 1, 2017. Every 5 years, the community of Havelock holds our Homecoming to celebrate Canada, our community, and neighbours. In 2012, the community of Havelock celebrated its 200th birthday, this year we'll be celebrating Canada's 150th birthday. This year we've expanded on the event and we'll be celebrating all weekend! Our theme this year is Canada 150 Years Strong, and we'll begin our celebration on June 30th, with a Teen Amazing Race, and a Canadian Trivia Night. On Canada Day, we'll kick off the day with a breakfast, followed up with kid's activities, a parade, magician shows, carnival games, bus tours of the area, a kid's fireman's muster, and a Show n Shine. There will be BBQs during the day, and in the evening, we have local organizations planning suppers. You'll be able to enjoy an evening of music, a street dance, and fireworks. On Sunday, we invite you to an outdoor church service. Mark your calendars as Havelock will be the place to be on Canada Day Weekend! A detailed schedule of events will be shared in mid-June. If you have any questions about the event, please email havelockhomecoming@gmail.com

Special Speaker
Rev. Dr. Lennett Anderson

Through his dynamic presentation of the Gospel, Pastor Anderson is a source of spiritual strength and encouragement to many. His continued commitment to teach and reach souls, by living the Word of God with conviction and boldness is truly a testament to his invaluable service in the Kingdom of God. Truly Pastor Lennett Anderson is a gifted preacher and teacher who is living up to his life's calling: "To serve his generation with Godly purpose."

Mud bogging on Pollett River raising concerns

Yearly event along the Pollett River is raising concerns among many environmental groups, as well as the mayor of the village of Petitcodiac.

Each year, people participate in the Pollett River Run where people go down the river on homemade vessels and at the end of the run, drive around in off-road vehicles just next to the river. This year's event took place almost 5 weeks ago.

More than 5000 pounds of trash litters landscape following Pollett River Run. But the last part of the run is where the mayor and other groups take issue.

Petitcodiac Mayor Gerry Gogan said the concern is over potential damage caused by the last stretch of the yearly event, called mud bogging.

"They get in there, they stir the mud all up, and people tell me they don't go in the river, but we've had rain for a whole week, where do you think that mud goes? In the river. You can't keep it out of the river," Gogan said.

Christine McLaughlan of the Petitcodiac Watershed Alliance agrees.

"If there's mud that enters this clean river, it can settle over the cobble bottom that salmon need, and if there is salmon eggs, where they're nesting, which is about this time, that mud can settle over the salmon eggs and smother them," McLaughlan said.

Every year McLaughlan and her team take a few days to help clean up after the river run. In years past, they removed thousands of pounds of debris left behind from parties, and though things are getting better through awareness campaigns on social media, she thinks the mud bogging is still a concern.

WATCH: The annual Pollett River Run always draws a huge crowd. Alex Abdelwahab looks at the event and why its original purpose may have been lost.

It's not an eco-friendly event by any means, cause you've got trucks and ATVs and all kinds of machinery going through water, being immersed in water and no doubt leaving vehicle fluids behind right next to this river," McLaughlan added. Gogan said he hopes to get a group together before next year's run to help explain how damaging the mud bogging can be and offer an alternative.

"We're even looking at perhaps offering the mud-boggers an optional site, away from the river. If they want to mud bog, then mud bog, but do it in a place where it won't affect the river."

Mothers Day Extravaganza

The Mothers Day Extravaganza was a wonderful night out for the ladies in attendance which was held at the Maritime Motorsports Hall of Fame on May 6, 2017. The evening started out with a meet, greet, shop and pampering by girls from Medes College. At 6pm the ladies were served a 4 course meal. We would like to thank all the businesses and vendors that donated door prizes for our event which made our evening a great success.

Comedy at Large

by Laurie Blanchard Salisbury, NB

Let's talk politics! What the heck for, you ask? Well now, it can at times be quite humorous. Such is the case when a one time Liberal Premier of Ontario, many years ago, was addressing a group of farmers in a rural community during an election campaign. To make the farmers feel like he was one of them, he stood on the back of a manure spreader and began his speech with Gentlemen, this is the first time in my political career, that I've ever stood on a Conservative platform! A few laughs ensued from the crowd then a farmer sarcastically hollered - Throw 'er in low gear sir, she's never had such a big load on!! Yes indeed, that brought the house down!

Well now, let's switch gears to romance. Here is a romantic tale that was anything but whirlwind. In 1900, a man in Detroit met the girl that would become his wife. Three years later, he announced their engagement to family and friends. Everyone thought they would make a lovely couple. They were still a lovely couple in 1968 when they threw caution to the wind and got married. They were both 82 and had been engaged 65 years! They decided to be married early in the morning, the reason being that if it didn't work out, they would have the opportunity to go out that night trolling for a new partner.

Thought for the day-

Vegetables are a must on a diet. I strongly recommend carrot cake, zucchini bread, and pumpkin pie, with topping of course!

People Who Laugh a lot Live Longer

Congratulations Graduates of 2017

Let the caps fly and the celebrations begin... That's right it's almost time for the scholars you know to move their tassels from one side to another and look to the future. As you begin to receive graduation announcements in the mail and mark your calendars to attend ceremonies.

There is a lot of adventure to be had that awaits a recent high school graduate. Between saying goodbye to hometown friends and packing up for the college dorms, your grad could surely use a hearty congrats (and maybe even a few wise words.) Graduation isn't the end of a tough journey. It is the beginning of a beautiful one and your brilliant achievement today is remarkable. May all your dreams come true. Start each day believing in your dreams. Know without a doubt that you were made for great things. Graduation is an exciting time. It marks both an ending and a beginning; it's warm memories of the past and big dreams for the future.

You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own. And you know what you know. You are the one who'll decide where to go.

Isn't it funny how day by day it seems like nothing changes, but when you look back everything is different... Make the most of now.

Before you act, listen. Before you react, think. Before you spend, earn. Before you criticize, wait. Before you pray, forgive. Before you quit, try. For a future filled with happiness and your fondest dreams come true.

My wish for you is that this life becomes all that you want it to. Your dreams stay big, your worries stay small and that you never need to carry more than you can hold. There is a lot that awaits you. Congratulations graduate.

Please submit your resume, in person from 8:30 AM to 4:30 PM, Monday to Friday, 56 Douglas Street, Salisbury, NB E4J 3E3, by fax at (506) 372-3225, or by email at vil@salisbury.nb.ca. Must be received no later than **4:30 PM, June 9, 2017**.

We thank all applicants for their interest; however, only those being considered for an interview will be contacted.

The Village of Salisbury is an equal opportunity employer.

SALISBURY CELEBRATES CANADA 150

Join us Saturday, July 1st from 10:00 AM - 2:00 PM for a Kids Parade, Flag Raising Ceremony, Marching of the Colors, Official Opening of the Splash Pad, Musical Entertainment by Zack Lane Trio, Games, Face Painting, B-B-Q & Cake and More! Activities will take place at Highland Park, Weather Permitting, Municipal Building if the weather does not cooperate. More information can be found on line.

2017 GRADUATION CLASS

Mayor and Council would like to congratulate the 2017 Graduating Class on their fine achievement. May the future hold much success for you all!

PESTICIDE USE

Council is again asking for everyone's cooperation in reducing pesticide use in the village by using nontoxic methods of maintaining green spaces.

LIGHTING OF DRY GRASS AND OPEN FIRES

By-Law 40 states:

- The lighting of any open fire to dispose of dry grass, brush, hay, straw, leaves, buildings, construction materials, automobile or garbage in the municipality is prohibited.
- Other than in a properly constructed incinerator approved by the Department of Environment and Local Government and its successors, no person shall light a fire outside a building for the purpose of disposing of any refuse or waste material.

SALISBURY COMMUNITY DAYS

Salisbury Community Days 2017 will take place August 17-20, 2017. This year's theme is 'Salisbury Goes Disney....Be Our Guests'. There will be some new events as well as old favorites. Watch our web site for more information www.salisburynb.ca.

VILLAGE BEAUTIFICATION UPDATE

Our beautiful hanging baskets are coming soon! To commemorate Canada's 150th anniversary, baskets on Douglas Street and Main Street will showcase lots of red and white petunias with a touch of greenery. We are pleased to announce that 6 new hanging baskets will be added along River Road this summer! Red and white tulips were also planted last fall so you should see them blooming as you are out and about our village.

The rose bushes on Main Street have been pruned and the flowerbed on the corner of Fredericton Road and Main Street has been cleaned up. A bee/bird/butterfly garden will be planted in the area in front of Home Hardware this summer as well.

June 9th is United Way Day of Caring -we will partner with Kindergarten students at Salisbury Elementary School to plant our Marigolds on Main.

Thank you to all businesses, organizations and to individuals who supported our Spring Fling Auction and Dance on May 5.

Last call for tree orders! A tree may be purchased and planted in memory of a loved one, families may choose to plant a commemorative tree, or local businesses may wish to sponsor a tree. With Father's Day right around the corner, this is the time to think about ordering a tree! Deadline for ordering a tree this year is **June 30, 2017**.

If you are interested in joining our committee or if you would like more information about ordering a commemorative tree, please call Karen Stewart 372-9275 or email karen.stewart@nbed.nb.ca
