## From the Editor

There was so much to do in July; I hope you had a chance to take in some of the 150 celebrations. If you did or didn't there are still some 150 happenings.

The Codioc Classic had a really good turn out and an excellent day on July 23rd.

The Petitcodiac Westmorland County Agricultural Fair is from July 30 - August 5. This is a fun filled event; there is a Queen Pageant, Kids Day, Seniors Day, Horse Shows, Lumberjack Competition, Music, Food, Amusement Rides, Fireworks and more, come and see.

August 5th the New Brunswick Antique Auto Club are having their Jamboree and will be stopping at the Maritime Motorsports Hall Of Fame for a BBQ, 76 cars are expected.

August 12 is the Maritime Motorsports Hall Of Fame Golf Tournament at the Petitcodiac Golf Club.

The Salisbury Community Days is being held from August 17-20th with 4 fun-filled days of events, exhibitions, concerts, suppers, contests, games, a parade and much more!

For one, here at the Maritime Motorsports Hall Of Fame, at 5 Hooper Lane, on August 26 we are doing "End of the Summer" for the children, big and small. Food & Drinks will be served at 12:00pm by the Petitcodiac Basketball team to raise money for their trip; there is no cost to attend, just bring your lawn chairs, the kids and be prepared to enjoy a fantastic last chance of summer break. There will be lots to do, bring a friend to watch.

# ELGIN NEWS!

## ELGIN W.I. PLANS FOR ELGIN DAY

The July meeting of the Elgin W.I was held at the WI Hall July 20th. President Hazelanna Carter welcomed everyone to a very warm day. August 13 is Elgin Day; the day will start with Breakfast at the Seniors Hall, a guided tour of the Mapleton Trail, the WI Hall opens at 1:30 with displays. At 2:00pm the EEA Elgin Park will have a free barbeque and music. Once you are full of dogs and burgers come to the WI Hall for ice cream, there is also gluten free.

Guest speaker will be Frank Robinson of St. John, formally from Elgin, many years ago. He will answer questions and reveal stories of Elgin.

Bonnie Price had the program and spoke about many uses of vinegar like: spraying weeds, cleaning clay pots, washing windows etc...

Prior to the meeting a group of the ladies visited the Corn Hill Cedar Café for a lovely lunch.

## "Fitness and Fun" in Elgin

Beginning on Thursday, September 14 at 2:30 p.m., "Fitness and Fun", a weekly low impact fitness group, will be held at the Elgin Baptist Church. The program will focus on strength and balance, cardio fitness, and flexibility, with modifications provided for all levels of fitness. The membership fee is \$20 for September to June, or \$20 for January to June. (The fee may also include similar programs in Salisbury and Petictodiac).

"Fitness and Fun" is being coordinated by Maple Leaf Zone Fitness and the Healthy Active Living Program.

For further information and to register, contact Bonny Price at 756-8353 or Linda Goggin at 756-3956 (lgoggin@explornet.ca).

## Swimming in 20 Gallons of Pee

The Doctor Game -  
W. Gifford-Jones M.D.

Have you ever wondered what you're swimming in when someone invites you to a pool party? I've always found it hard to turn down these weekend soirees. The weather is usually good, you enjoy cocktails talking to friends, and then a refreshing dip in the pool. Now, an eye-boggling report by Jennifer Clopton in the publication WebMD, shows there's more lurking in the pool than you imagined.

Clopton reports that Indiana Health Officials had to close a water park when two children received chemical burns from chlorine in the water! This resulted when the chlorine equipment

malfunctioned. At least this is a fixable problem.

But Clopton's research also shows that fixing human behavior poses a greater challenge. Her study shows that many people pee in pools.

Ernest Blatchley, an environmental engineer at Purdue University, agrees. He's spent 20 years analyzing pool chemistry and claims the public finds it convenient to pee in pools. In fact, researchers estimate that, in a 220,000 gallon pool, there can be 20 gallons of urine! If they knew this fact, how many friends would join me for a dip? But how did researchers reach this conclusion? At the University of Alberta they collected samples of artificial sweetener, acesulfame potassium,

The Elgin Eco Association is gearing up for very exciting events.

The Grand Opening of the Mapleton Acadian Forest Nature Preserve On August 13.

This day we will also celebrate Elgin Day. It all starts in the morning, at the Mapletree Cafe where you can go have a Pancakes breakfast. At 1 p.m the official opening of the Mapleton Acadian Forest Nature Preserve. Everyone is invited, but some will receive a special invitation for their contributions they have made toward the successful acquisition of the land. When the short official ceremony is over, a guided hike will take place with a knowledgeable forester to tell you all about the area.

We hope to do two hikes through the day if there is enough interest. Starting at 2pm hamburgers and hotdogs will be frying on the grill "FOR FREE" in the park, along with music and games. Of course the bouncy castles will be set up for the kids. Don't forget to bring your bike to try the amazing bike obstacles in the park. In the W.I Hall {see W.I Info} along with other exciting events. One of them are stories from Elgin's 96 year old Frank Robinson.

On the ducks unlimited pond we hope to make available our Kayaks for free for the afternoon and early evening. It will be announced on our facebook and on Elgin Day for more information.

The EEA has been very busy with the summer camp. This is a popular event with the kids. They all enjoy themselves and even made a fire without matches. We have walked the Pollet River once again this year. No doubt all of us were exhausted, I know I was. Cooking seems to be a popular event. All children helped to make the meal for the day. The EEA has also purchased new sound equipment that is easier to handle. Our FYCAP grant was approved. We are currently waiting for the approval of two other grants. One is Elgin Eats and the other for the fixing up of the Maple Sugar Camp on the Preserve. Never a dull day in the country. Our beautiful country side is worth enjoying and admiring, nature is our health and welfare. Come and enjoy Elgin and the surrounding area on AUGUST 13

## The Petictodiac Canada Day Bicycle Parade

from 31 different swimming pools and hot tubs. Lindsay Blackstock, who was involved in the study, says that the only way this sweetener could get into the water is by human pee.

Putting aside the displeasure of swimming in 20 gallons of urine, how risky is the dip? Blackstock says urine is not a major health risk factor. But urine and sweat can react with chlorine to create toxic compounds known as disinfection by-products. This may trigger asthma in elite swimmers and respiratory and skin conditions in swimmers, lifeguards and pool workers. And it can also make you rub your eyes.

So what's the chance of becoming ill from 20 gallons of pee? Like most medical situations it largely depends on

the dose. The greater the exposure the greater the risk of infection.

What about the presence of fecal matter in pools? Poop is often present as it's washed off the body during swimming. This can cause more trouble than urine because it contains germs such as cryptosporidium. The Center for Disease Control (CDC) says that swallowing a mouthful of this germ can cause nausea, vomiting, stomach cramps and diarrhea, lasting for up to three weeks.

So it's much like the game of Russian roulette when a hot spell takes you to a local pool. For instance, the CDC reports that when 50,000 swimming pools were

A Bit About Canada Continued

## A Bit About Our Canadian History as we near 150 years of confederation

### Celebrating New Brunswick

New Brunswick Day has been a holiday on the first Monday of August since 1976 and the New Brunswick Day awards were introduced in 1991.

It is a chance for people to strengthen their local communities by celebrating their achievements, history, culture and landscape. Many towns hold "birthday" parties for the province.

The New Brunswick flag is raised in some communities on the day. This flag is rectangular and consists of two parts. The top third of the flag is a gold lion on a red field, which represents the province's links with the Braunschweig (Brunswick) region in central Germany and the monarch of the United Kingdom. The lower part of the flag consists of a Spanish galley and represents shipbuilding, which was an important industry in the province.

The area that is now the province of New Brunswick has been populated by First Nations communities for around 6000 years. In the 1600s and 1700s, the area was colonized by the French and later the British. New Brunswick is the largest of Canada's three Maritime Provinces. It is located under Quebec's Gaspé Peninsula and beside the State of Maine. New Brunswick was one of the first provinces to become part of Confederation, along with Ontario, Québec and Nova Scotia, to join together to form the Dominion of Canada in 1867. New Brunswick has experienced immigration on a smaller scale from all over the world, and today boasts a varied and increasingly multicultural population.

The Bay of Fundy tides - the highest and wildest in the world - have carved a spectacular coastline. New Brunswick is also connected to Prince Edward Island by the world-famous Confederation Bridge.

An eastern seaside province, New Brunswick has beautiful sandy beaches in the summer, spectacular autumn foliage, wildflowers in the spring and

pure, white snow in the winter. The province is marked by its rolling hills and spectacular valleys, as well as its historic and modern architecture located in many of its cities, towns and villages.

New Brunswick's communities vary from its eight major cities, Bathurst, Campbellton, Dieppe, Edmundston, the provincial capital of Fredericton, Miramichi, Moncton and Saint John ("Saint" is always spelled out), to its many attractive towns and villages located throughout the province that offer a wide range of attractions to visitors and residents alike.

Its rivers, such as the mighty St. John, the magnificent Restigouche or the majestic Miramichi, all possess unique characteristics unlike anywhere else you can find. From rolling farmlands to picturesque forests, river valleys to rocky pinnacles, the beauty and variety New Brunswick offers is unique in the world.

When Samuel de Champlain and other European explorers began to explore the area that became New Brunswick in the early 1600s, they were met by the Maliseet (Wolastoqiyik) and Mi'kmaq peoples who inhabited the area and lived along its rivers and coasts. The early French pioneers established settlements at the head of the Bay of Fundy and up the St. John River Valley as far as present-day Fredericton and called the entire Maritime region Acadia.

The area was the subject of numerous conflicts between the French and British empires during the later 1600s and early 1700s. The region was ceded to Great Britain in 1710. Following the final defeat of the French in 1755, more than 5,000 Acadians were forced into exile from their lands by the British. Some of them escaped to what was then a remote and relatively uninhabited coastline along the Gulf of St. Lawrence and Baie des Chaleurs,

where these Acadian settlements grew and thrived. Today, this region is known as the Acadian Peninsula.

In 1783, refugees loyal to the British Crown began to land at the mouth of the St. John River in what was then part of the Province of Nova Scotia. They were fleeing from persecution in the aftermath of the American Revolution and came from as far south as Georgia and as far north as Massachusetts. These refugees were not all of British origin, but included German, Dutch and Black Loyalists. The Black Loyalists included a number of freed slaves, but there were a small number of loyalists who brought their slaves with them to New Brunswick.

Discontentment with the government in Halifax led to the establishment of the areas north of the Bay of Fundy as the new Province of New Brunswick in 1784. By 1785, so many refugees had landed and settled at the mouth of the St. John River that the King granted a charter to the new City of Saint John, the first incorporated city in Canada. The capital was established at Fredericton, 114 km up the St. John River.

Scottish and Irish settlers began to settle in New Brunswick in the early 1800s. A large number of Irish, escaping from the hardships of the Potato Famine, made their way to Saint John and the Miramichi River region in the 1840s. Later immigration included a few hundred Danish settlers in the 1870s, whose communities in Victoria County exist today. A significant number of Jewish immigrants came through the Port of Saint John from the 1890s to the beginning of the First World War. A number of these immigrants remained to form Jewish communities in Saint John, Moncton and Fredericton. Italian, Greek, Lebanese, Chinese, Korean, Vietnamese, Indian, Pakistani and African Canadian communities have been established over the past century in the major cities.

### What's Cooking? In Winona's Kitchen

#### ORANGE BRAN MUFFINS

In a mixing bowl combine well

# Introducing the Maritime Motorsports Hall of Fame Class of 2017

PETITCODIAC, NB (June 26, 2017) - Management for the Maritime Motorsports Hall of Fame (MMHF) are pleased to announce the 10 new inductees who will comprise the Class of 2017. Each is being recognized for significant accomplishments and/or contributions in Maritime motorsports.

## From New Brunswick

**Donnie Beers**, (deceased) Stock Car Competitor started racing in 1965 at River Glade Speedway. With his popular #3 set a record that may still be in effect today, winning eight features for the season. He was well known for his fierce competitiveness and winning attitude. He could start at the back and soon take over the lead thrilling his legion of fans. In 1965 and 70 he finished the points in second at RGS. 1968 finished first at Shediac. Donnie received the Most Popular Driver trophy at McEwen's Speedway three years in a row, 1966, '67 & '68.

**James Cowie**, Drag Racing Competitor. Home town Miramichi, started drag racing in 1972. James Cowie is one of the Maritimes most recognized drag racing names. He is active in IHRA and NHRA as well as local Eastern Canadian ET Bracket circuits. His resume includes winning the Super Comp title at the 1991 NHRA Winston All Star Race, Rockingham, North Carolina and the 1994 Quick Rod title during the IHRA's Northeast Nitrous Nationals at Epping, New Hampshire.

**Cyril Hall**, Stock Car Promotions, Track Announcer. He began his announcing career in 1982 at River Glade Speedway. He went on from there to be the announcer you needed at every conceivable Speedway in New Brunswick until 2015. He also announced at the re-opening of the newly rebuilt Riverside International Speedway in 2006. Cyril provided announcing and commentary for races shown on local cable channels, written newspaper articles and press releases of weekly racing results, worked car show booths and emceed numerous year end award banquets.

**Kevin Taylor**, Tractor Pulling Competitor. He has been active in motor sports for 40 some years. He has competed locally and internationally in tractor pulling, snowmobile and stockcar racing. He started at age 13 in Woodstock, NB pulling with a stock 26HP Cockshutt 40 farm tractor and won. He has become one of tractor pulling's strongest competitors in the region. He moved up to his own built 10,000 pound Pro Stock Tractor, Bad Kitty One; it has a turbocharger 3208 Caterpillar V8 diesel engine. He has developed the tractor over the years by building Bad Kitty Two and Three. It would be very difficult to list all events and his placements.

## From Nova Scotia

**Cy Harvey**, Stock Car Competitor from 1969 until present. Cy is from Enfield and has raced and won in Sportsman, MASCAR, Legend, Trucks, Open Wheel and Pro Stock. He has raced not only in the Maritimes but at tracks in the US, such as Charlotte Speedway, North Carolina; New Smyrna Speedway, Florida. He won the Canadian Championship at Berry Speedway in Ontario in 2002 & 2003.

**William (Bill) Clarke**, Drag Racing Competitor/Motor Sports Builder, home town Dartmouth NS, dedicated to the sport of Drag Racing for over 35 years. For the 2014 edition of the IHRA Summit Tournament of Champions, he was one of 117 drivers from 22 states and four Canadian provinces who represented their divisions as the best drivers from the 2014 IHRA Summit Racing Equipment Pro-Am Tour. 2015 he drove to victory in the NHRA Lucas Oil Drag Racing Series Super Gas division taking top honors in that class during the NHRA's marquee 46th Amalie Oil Gatornationals event, Gainesville, Florida. 2016 he was runner-up in the Super Rod Class at the IHRA Divisional Event at Bradenton, Florida. Bill has been a most generous financial supporter to local racers, organizations and local racing facilities.

**Gary Pozzebon**, Drag Racing Builder/Competitor, makes his home in Cape Breton. Gary is truly a valuable asset to drag racing in Atlantic Canada. Since the early 1990's he has been president of the Cape Breton Drag Racing Association. With Gary's knowledge of bureaucratic process and expertise in drag racing along with his leadership drive to organize a team of volunteers and a network of sponsors, their association was able to build the new Cape Breton Dragway. Its grand opening was held in August, 2016. As a racer he was well known all over Atlantic Canada for regularly competing in the Super Pro/Super Gas categories.

## From Prince Edward Island

**Kevin Power/James Merrill Cronin**, Builders of Drag Racing and Stock Car Racing, Track Owners. Kevin started drag racing in the early 1970's with a 1956 Ford sedan. Merrill's greatest contribution was to the establishment of stock car racing on PEI. In 1981 Kevin, Merrill and Doug Young purchased the Oyster Bed Bridge drag track. After a couple of years they bought out Doug's interest. In 1984 the drag building was burnt by arson, they decided not only to rebuild but to expand to include a ¼ mile dirt stock car track. With their earnings they made many upgrades including paving the track in 1987. At this point Merrill sold out to Kevin. Kevin sold the stock car track in 2010. The RPM magazine featured his annual "Pinks With a Twist" race which raises money for cancer. Such names as Shirley Muldowney, Barry Paton and others have raced there. The track is the longest running drag track in Canada.

**Wayne Gaudet**, Builder Stockcar. Born in Charlottetown, started his racing history at an early age with motorcycle drag racing at venues all over the Maritimes with much success. Then he turned his attention to Motorcycle Road Racing with great success. Wayne's stock car career began by doing every job necessary to get the Sherwood Do It Centre car ready for race day for Rodney MacDonald. His next move was to Oshawa, Ontario where he was crew chief for Randy MacDonald. Next he worked with a NASCAR Busch Grand National series team. Then on to the NASCAR Winston Cup team of Chad Little. He was hired by Roush Racing and became manager of the fabrication shop. Wayne was the first PEI resident to be part of a Winston Cup Championship team.

**Carl Livingston**, (deceased) Stock Car Competitor/Car Owner. He start racing on the dirt tracks on PEI in 1966. In 1985 he moved to the newly built track, Raceway Park in Oyster Bed Bridge, where he raced Street Stock and Modified. There he had multiple triple wins and finished 3rd in the season points in 1987. 1989/90 raced with the MASCAR Tour. When Carl retired from driver due to health reasons he became owner/sponsor for his son Kent from 1992-2007, winning the Modified Championship in 1996. He was co-owner of Livingston welding helping many racers over the years.

Thirty nominations were considered by the MMHF Induction Committee in making their selection; they would like to thank everyone who submitted a nomination.

The formal induction ceremony is set for November 18, 2017 at the Loyalist Country Inn in Summerside, Prince Edward Island.

## The Maritime Motorsports Hall of Fame Inductee Corner

**GARY WESLEY MCKINNON -**  
Competitor Motorcycle  
Inducted November 15, 2014  
Hometown Truro, NS

Gary is a class act anywhere!  
Gary has been and is a very active competitor, in 2013, at age 62; he turned the fastest lap than any he has made at Atlantic Motorsport Park since he raced there at AMP's inaugural motorcycle race in 1974.

He is a Life Member of the Atlantic Motorcycle Rider's Club (AMCRA) that organized motorcycle road racing from 1968 at Debert, NS until 2006 at AMP.

Beginning in 1971 on a small 250cc Ducati in the Junior class he was promoted to Expert in 1972.

Gary was the first racer to win three Maritime Road Racing Championships - 1974, 1975 and 1984.

In 1980 and 2000 Gary won the "Mack McConney Race, an endurance race where the fastest racers start last and often 3 laps down.

In 1972, 1973 he ran the 24 Hours of Mosport and in 1977 at the Mosport World Championship Formula 750 event, he finished 4th in lashing rain in the 125 GP Honda Challenge.

In 1972 at Bryar Motorsports Park, New Hampshire, Gary started dead last in a field of over 60 starters and finished 2nd by a hands width behind Pro Rider John Minnond on the BIG D Triumph from Dallas, Texas.

In 1988 at age 36 he switched to vintage bikes on his Ron Lynds tuned Kawaskaki H-2 750 and his fun began all over again.

Gary, always in the hunt for the winner's circle, raced at Debert and AMP, Nova Scotia; Pennfield Ridge, New Brunswick; Mosport and

Shannonville Motorsport Park, Ontario; New Hampshire Motorsport Park and Bryar Motorsport Park, New Hampshire; and St. Jovite's Mont Tremblant, Quebec.

Gary served as AMCRA Race Organizer at AMP and brought about a major change that improved the safety for all motorcycle racers at APM by insisting that mixed programs of cars and bikes no longer take place, breaking a 20 year tradition.

Gary's ready wit and generous nature brought many new competitors into our sport.

## Rural Rides Needs You!

Rural Rides has been in operation since the fall of 2014. Our mandate is to provide volunteer services which provides affordable transportation to residents of Salisbury, Petitcodiac, Elgin, Havelock, River Glade and Upper Coverdale and nearby locations to help reduce isolation and to increase independence for those who do not have other access to transportation. Ninety percent of the rides we provide are for medical needs such as tests, doctor and dentist appointments. We serve primarily seniors and low income families so we subsidize a large portion of the rides we provide. Our drivers volunteer their time and we reimburse them \$.35/km for fuel and vehicle costs. In the past six months alone, our drivers have donated 447 hours of their own time and have driven our clients a total of 14,149 km.

Most of our drivers are retired individuals with a passion to help others in their community. As with any volunteer organization, we are always looking for new volunteers. We have a somewhat pressing need for drivers in the Petitcodiac area as we only have one driver now who is available for the next several weeks. We try our best to make sure every request for transport is met, even if that means sending drivers from Salisbury to Petitcodiac to meet the need. This of course adds to our cost for each ride as we reimburse the drivers for their actual miles travelled but only bill the client for the actual distance they travel. Like any organization, it is important to keep costs down. Therefore, it is important for us to recruit new volunteers in the Petitcodiac area.

If you live anywhere in our service area and would like to volunteer as a driver, you can help as much or as little as you wish. Please contact Kelly at 215-2100 or via email at [r.r.ruralrides@gmail.com](mailto:r.r.ruralrides@gmail.com) or online at <http://ruralridesnb.com> for more information about how to get involved.

### GOOD NEWS FOR NEW BRUNSWICK FOOD BANKS

An announcement was made that the Food Depot Alimentaire are partnering with the New Brunswick Association of Food Banks and J.D. Irving Transport to help supply food to the 59 food banks across the Province, that are feeding over 19,000 New Brunswickers that need assistance.

Food Depot Alimentaire will be the new warehouse distribution centre for the entire province, while Midland Transport will supply the transportation.

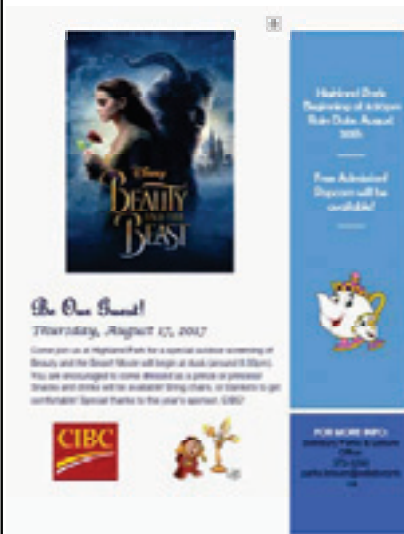

This means better access to fresh and better quality food for the Food Banks. Lourie Stewart, NBAFB president, says this means increased shipments of food for the 59 food banks.

With this partnership the businesses can deal with only one place to send their extra and unused food supplies. Every food bank won't be asking for the extra food of the grocery stores.

The good news is, that where many of the food banks don't have the capacity to hold one large shipment of food, with the Depot and Midland trucks they can get smaller and more frequent shipments.

### Abandoned Cat Rescue - Looking for Great Homes

**Abandoned Cat Rescue Ltd.** is a registered charity that has been working in the Salisbury, Pettitcodiac, Elgin and Moncton areas for the past 4 years. We have rescued and neutered over 600 cats and kittens to date.

We are a group of dedicated volunteers who are working toward reducing the number of stray and abandoned cats by a Trap, Neuter and Return program. Any cats or kittens who are friendly and can be tamed are fostered in good homes until ready for adoption. All adoptable kittens are treated for parasites, vaccinated, tested for Feline Leukemia and spayed or neutered prior to adoption. We ask for a donation of \$90 when you adopt to help us to continue our work.

If you are feeding a stray or feral cat in your backyard, or know where there are kittens outside, we may be able to help you. Please call **215.0059**. Please remember we are volunteers who also have work and family responsibilities and may not answer directly but will get back to you as soon as possible. Please leave a message, with your name, phone number and brief description of your situation.

If you would like to help, please call us. We have positions in trapping, fostering or fundraising. You may also help by a donation of cash, craft items or yard sale items, or bake items for our many events.

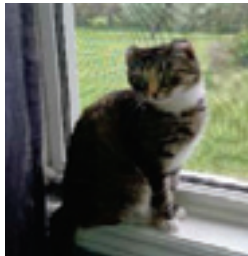

Come to our next event, during Salisbury days at Salisbury Lions Club on August 17<sup>th</sup> for the **Spaghetti Supper** from 4:00 – 6:30. Also our **Giant Yard Sale** on Saturday, August 19<sup>th</sup> by the Dairy Depot.

Here are some special kitties who are looking for a great home.

Call 215.0059.

These are two lovely ladies about 12 weeks old looking for a loving home. If you are interested in either Willow or Juliet please call 215.0059.

con't from pg. 6 Dr. Column

inspected, 12 percent were immediately closed due to health violations! This summer millions of people will enjoy a cool swim in a pool. The majority will side-step infection. But there's a greater chance of emerging from a pool unscathed by using some commonsense hygiene.

If you own a pool, treat it with extreme care. Make sure it has the right amount of chlorine. Good sense also means that if you or a child has an infection you stay out of the pool. It's also prudent to keep children in diapers out of pools. And try never to swallow a mouthful of pool water.

But why do people pee in pools? I'm not aware of any psychological study of this as it's not the type of research that wins the Nobel Prize in Medicine.

But I imagine a study would show that urinary convenience is a big factor. After all, why get out of the pool and traipse dripping wet into a friend's bathroom? Besides, who will ever know who did it? The excuse list could go on and on.

This study proves there are more closet peeing people than we ever imagined. So be careful who's invited to the next pool party. But saying this is easier said than done. After all, how do you spot a person who's likely to pee in your pool? I have no idea. Maybe, the FBI has a profile of what he or she would look like! Does anyone have any ideas? If you do, I'll publish!

**Salisbury Community Days 2017**  
August 17th - 20th

Take a page from the Little Mermaid's book, and come be a part of our world as "Salisbury Goes Disney" at this year's Community Days. Be our guest as we show you what our village has to offer!

Events begin on **Thursday**, with The Pirates and Princess Party at the Library and a lovely SPAYghetti Dinner at the Lions Club later in the evening. You can also unleash your inner Rapunzel and paint the night away at Paint Nite at the Salisbury Baptist Church. You could also unwind while watching a Movie under the stars at Highland Park (in case of rain, this event will be moved to Sunday, August 20th). Thursday is also the deadline for the Special Pet Colouring Contest which will be judged on Saturday!

**Friday** morning is the time to submit your entries for this year's Exhibit Show. Pick up your exhibit package at the Village office or on our website. There are categories for all ages and interests, so make it a family event! Also, keep the kids busy throughout the day with Kids and Family Day at the Boys and Girls Club. Friday is also the deadline for your Colouring Contest and Poster Contest entries. Colouring pages will be available at the Village Office or on our website. Don't forget to stop by the exhibit hall to see who won. Also on Friday, we have the Chili Contest and Lawn Tractor Races! Then finish off the night with Musical Entertainment by Hone the Craft and Food Trucks at the fire hall.

**Saturday** will kick off with the Lions Pancake Breakfast, where you can fuel yourself up for the day's events such as the Village Wide Yard Sales. While waiting for the parade, stop by the Craft and Vendor Sale at the JMA cafeteria and Lego Sam's Lego Train Show upstairs at the Village Office. At noon the Salisbury Goes Disney themed Parade will start through its regular route. The parade is open to businesses, families, clubs, horses, individuals and you can even bring your dog! The afternoon is filled with activities for the whole family, including the Allen Wilson Memorial Basket Ball Tournament, a Dance Demo, a Market and Food Court, Face Painting, Fun Inflatables, Petting Zoo, Mini Olympics, and a chance to practice your artistic skills with Café Diem! Then you can wrap up the night with the Lobster Roll Supper at the Lions Club.

**Sunday**, there will be music by Judy and the Boys as well as a BBQ. That evening there will be a performance by The

## Let's make New Brunswick the picture province it once was

Once upon a time we promoted and marketed New Brunswick as Canada's Picture Province.

In fact up until 1972 our 'Picture Province' was advertised on our license plates. The website <https://mynewbrunswick.ca/> still displays the slogan "Discover the Picture Province".

I want to compliment this website and the folks who run it. They have interesting articles about many of our tourist attractions, including many of our lesser-known treasures. They have lots of photos; even have a drone-cam view of several places.

Should you go and have a look around the website I expect you will notice the same thing I did.

All of these wonderful and interesting places must be accessed by our rural road network. That is a problem. Our rural road network is not welcoming to anyone, visitors or locals.

Now, the condition of roads has been the topic of discussion since roads were first built.

Over the years one government to the next has had mixed reviews over their handling of our rural road network, none of them satisfactory.

The current Gallant government seems to have made rural roads the target of partisan political revenge. They have control over the patching, repairing, brush clearing, signage, striping, culverts and most importantly, where and when these activities are carried out.

My PC colleagues are all recounting the level of frustration felt by the people in their respective ridings over this government's apparent punishment of any area that did not vote Liberal in the last election. They are reminded every time they hit a pothole, see brush hanging over the roads and obscuring signs, or are forced to move to the centre of the road because the roadside is crumbling away.

In Atlantic Canada we have a lot of so called 'pavement politics' in our past, with politics trumping need. Sadly, the Gallant government appears to have resurrected the practice and brought it into the 21st century.

It is a shame the Premier does not step back and see how this sort of behaviour hurts us all. Any visitors to our province who stray off the divided highway to enjoy some of our New Brunswick scenery and hospitality are in for a rough ride-literally.

## Thank You

### THANK YOU

The family of the late Herbert  
Steadman Carter would like to thank  
all those who helped in the search  
for our dad, especially Nick and Brian  
Duncan, who were so instrumental in  
helping find our dad.

To Corp. Valerie Cyr who not only  
professionally, but personally  
supported us through this tragic  
time, you truly are a remarkable and  
compassionate person, we have no  
words that can express our deepest  
appreciation.

To all those who sent flowers, brought  
food, visited, called and shared words  
of comfort we will forever remember  
your kindness.

A special thank you to Rev. Lloyd  
O'Brien;

Also to the staff of the Salisbury  
Funeral Home, who guided and  
comforted us, thru this difficult time,  
so professionally.

Thank You  
The Carter Family

**Grace Catherine McCully**

McCully, Grace Catherine. It's with heavy heart that we announce the passing of "Gracie" on June 24, 2017. She died with family by her side at her home at the

Lakeview Manor in Riverview.

Born to the late Earle and Lulu (Fawcett) Kinnear on March 14, 1922, she was the last surviving member of her family.

She is survived and lovingly missed by her daughters Sheila (Wayne) Greer, Carol (Jack) Lewis, Kathy (Harry) Wheaton, Marilyn (Pat Dwyer) McCully and daughter-in-law Debbie McCully; grandchildren Tommy (Tracy), Bobby (Kelly), Troy, Trent (Sydney), Timmy (Amanda), Kerri (Ed), Tara (Chris), Jeremy, Todd, Cody (Krystal), Krista (Jamie), and Tasha (Andrew) and twenty great-grandchildren. Also sister-in-laws; Shirley Kinnear and Joyce (Leonard) Atkinson and by several nieces and nephews. Pre-deceased not only by her parents but by the father of her children, Donald McCully, siblings Tom Kinnear, and Ida Rogers, children Shirley and Eric; and grandchildren Shane and Matthew.

Mom's goal in life was achieved, as she provided her family with a loving, caring and warm home. She not only was a wonderful mother and grandmother but she was a babysitter, homemaker, cook, farmer's wife, stay at home Mom and friend to all she met. She was a selfless lady who was beautiful inside and out, with a smile that would make others smile too!

**OBITUARIES**

### Mayor's Message

On behalf of myself and Council, it gives me great pleasure to welcome you to the Village of Petitcodiac and the Westmorland County Fair.

Canada's 150th anniversary of Confederation in 2017 is an historic event and is an opportunity to take stock of what helps make our country a great place to live and raise our children. As one of the founding provinces of confederation, New Brunswick is made up of many small communities that form the backbone of our Country. Petitcodiac is one of those communities with a rich history and a big heart. Located at the beginning of the Petitcodiac River, we are a vibrant community with a downtown retail area, recreational facilities and a full range of services including education and health care. The Westmorland County Fair has been an important annual event for many years in Petitcodiac and brings loyal and new fans from far and wide.

On behalf of myself and fellow councilors I would like to thank all of the volunteers, sponsors, residents and visitors to our community without whose support we would not have this wonderful event.

Mayor  
Jerry Gogan

### Lutz Mountain Heritage Museum 5th annual Farm Fest

Our 5th annual Farm Fest will be held on September 9th from 9:00 am to 5:00 pm, with a rain date of September 10th. Come out to the Lutz Mountain Heritage Museum at 3143 Mountain Road for a fun-filled day for the whole family! There will be a BBQ, games for the kids, a bake sale, live music, a showing of antique cars, and so much more! We will also be having a yard sale and are looking for donations of new or gently-used items. These can be dropped off during our usual business hours (10 am to 5 pm, Monday to Saturday). If you would like to rent a table and sell your own items, table rental is \$10.

### *Comedy at Large*

by Laurie Blanchard Salisbury, NB

A man tells the story of his unpleasant experience at a motor vehicle branch in Chicago, Illinois, USA. After spending the best part of 2 1/2 hours in a long line up, dealing with surly clerks and insane regulations in the process of renewing my license, I headed for home with much frustration bottled up inside of me. I just had to do something special to diffuse my anger so I decided to stop at a toy store to purchase a surprise gift for my 8 year old son. After a bit of browsing, I selected a nice baseball bat and headed for the checkout. The clerk asked... will that be cash or charge sir? CASH, I snapped back in a loud tone then quickly apologized for my rudeness, explaining that my bad mood had been fueled by my experience at the vehicle branch. The clerk graciously accepted my apology then asked.... shall I wrap it up sir, or are you going back there?

A scientist invented a salve that could bring inanimate objects back to life and decided to try it out on the statue of a great Army General. After rubbing salve over most of the statue and waiting a few moments, the statue slowly began to quiver as the General, creaking a bit in the joints, slowly climbed down from his pedestal and stood at attention. I have given you back your life, proclaimed the scientist! Tell me now, what is the first thing you want to do sir? That is quite simple, the General barked as he pulled his gun from the holster, I am going to shoot about 1000 pigeons!!

### New Garage in Peitcodiac - "Connor Street Service Center"

A new shop is open in the village of Petitcodiac! Hours of operation are 8-5 Monday to Friday. Possibly will be open on Saturdays in the future if there is a demand. Terry says: "Running my own business was always a dream of mine". After years of working in heavy equipment and auto motive repair I decided it was time to venture out in to the world of entrepreneurship and open the doors for business. After recently purchasing the old building on Connor Street it was time to start renovating. We stripped it down to the frame and gave the building a new name "Connor Street Service Center". The building has been around for a long time. Many local businesses operated out of the building over the years. Our main focus here at the shop is repairs and general maintenance. Also open to heavy equipment repairs as well. It has been along road, but we are happy to have opened the doors this past week on July 17, 2017. If your in need of a repair or check up, drop by and say hello and book your appointment at 331-2772.

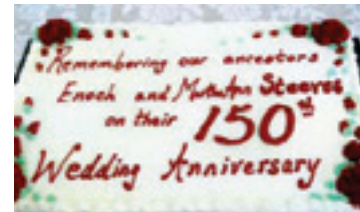

### *HILLSIDE CHURCH*

Behind this little white church on the hill, I am trying to save, Grandfather Enoch and Grandmother Martha Ann Steeves are buried, as well as my parents, 3 brothers (W.W.II veterans), 2 sisters, 1 sister-in-law, 1 brother-in-law, 2 nephews, numerous aunts, uncles, cousins and friends.  
Submitted by Lena Clarke

### *The Gathering of the Clan -*

A very successful meeting of Enoch and Martha Ann Steeves' descendants was held at the Fire Hall in Elgin, on 2nd July 2017. Over 100 descendants attended, travelling from BC, AB, ON, NS, NFLD, NB and Maine. Many met relatives they didn't know they had. The oldest descendant at the meeting was Lena (Steeves) Clarke (90), one of the organizers. The main organizer was her sister, Mary Ethel Steeves (99), she was recuperating in hospital. Many thanks to the folks who brought extra sweets, helped in the preparation and clean-up for the event.

## Rural Rides Celebrates Volunteers

continued from July issue

Through the assistance of the New Horizons Seniors Grant, Rural Rides organized two Volunteer Expos in April during National Volunteer Week; one in Salisbury and one in Petitcodiac. The purpose of the events was to encourage volunteerism, particularly among seniors and to showcase the many volunteers already making our communities a wonderful place to live. The thousands of hours volunteers contribute are the backbone of healthy, vibrant communities. One does not have to look far to see the impact volunteers are having in our area. For those of you who missed the events, information on participating groups is provided below.

### SERVING ALL OF PETITCODIAC AND SALISBURY AREAS:

**Hooked on Helping** - Our little group of 2 started because the hospital needed baby hats for their neonatal ward. We have now grown to 33 members who knit and/or crochet baby hats, baby blankets, scarves for The Humanity Project or wherever we find a need. Most of us are from here in Salisbury but a couple are from Moncton. I am able to drop off about 100 hats per month to the hospital for which they are very appreciative. Contact Alice Bourque at 372-1805

Opportunities are available for volunteers at The Moncton Hospital in the following areas: Pediatrics....baby cuddlers, Pantry....selling snacks and sandwiches, Imaging....directing patients to change rooms and waiting areas, sale of books, Emergency, Post op.....comfort and care to families of patients, and in 5200 wing.....visitation of seniors.

Barb Duncan has been a volunteer for 14 years, 1st in Emergency, and now in post op.

Coordinator of volunteers is Jennifer Young (jennifer.young@horizonnb.ca).

If you are interested in volunteering at Moncton Hospital, call Volunteer office and leave a message. Phone #857-5433. If no response after several weeks contact coordinator.

Victoria's Quilts Canada is a national organization with 25 branches across Canada. We make quilts for Cancer patients who are often cold. The quilts are provided at no charge to the recipient of the requestor. In NB we make and deliver almost 800 quilts per year. We have to fundraise to make the money to buy batting and flannelette for the quilts as well as thread and some cotton. Most of the fabric for the tops is donated. Anyone is welcome to volunteer with this group.

What volunteers can do:

In Moncton some volunteers meet twice a week on Monday and Wednesday afternoons, from 1-4pm at the Lions Hall 156 Pleasant St. All of the equipment needed is there. There is always a quilt in the frame for hand quilters to work on. In addition we put binding on quilts and cut out kits for making quilt tops. Some volunteers prefer to sew at home. Some sew binding on quilts and others like to make quilt tops from our kits or from their own patterns.

Volunteers deliver quilts to recipients.

We are always in need of help with fundraising too. We usually raffle a quilt each year and sell crafts that we make.

Anyone interested in getting involved can contact Jane Sunderland 3838336 or email [sunderlv@nbnet.nb.ca](mailto:sunderlv@nbnet.nb.ca)

## Remembering Old Cars

By Gloria Scribner

I won't even pretend to be an expert on cars, old or otherwise. I didn't even drive until I was 44 years old. I've never been quite sure whether I actually passed my driver's test or if the instructor just never wanted me back again. On the "Ridge" where I grew up there were few cars, except for those of the once a year visitors. Our American relatives who showed up each summer to "strut their stuff."

My grandfather (Daddy) had once, before my arrival, been the proud owner of a Model T Ford, but when the house burned, the depression came and the times called for frugality, that same old car lost its front grill and hood to be recycled into the only genuine Model T woodbox in the country. That woodbox lasted forever. Red, air conditioned and it needed no gas or license plate.

Uncle Herman Price bought a new car in the 40's. I have no idea what make it was. All I remember is that it was in the back seat of that wonderful vehicle that I first tasted "Lime Rickey." Never did I realize there was a fizzy drink to top buttermilk.

Uncle Herman's brother Ott also owned a car and I suspect that since the two men were mill-wrights they could easily afford them. Ott's wife also being a school teacher. I recall the end of the school year in 1949/1950. The school (all ten of us) as well as parents and siblings celebrated with a field trip to Fort Beausejour. The two cars were loaded down with kids and parents and off we headed with trunks full of food, kids on laps and men on the runnin' boards. We must have been a sight! Of course the cars were a lot slower then, there were no big highways and few paved roads. We were getting a great history lesson, little realizing that we ourselves were becoming part of history.

My Aunt Frances Dunstan once told me of a trip they made in the early 40's to the "Ridge". Going back home to Mont Eagle at the end of day as they descended the Mill Pond hill, on the 126, their son informed them that the baby had fallen out the back door. Uncle Warren stopped the car and they walked back and picked up little Jimmy. He was asleep so they stopped in Salisbury to let Dr. Stewart have a look at him. He seemed to be O.K. so they were told that if he didn't wake up by morning to bring him back. The next morning Jimmy was wide awake and hungry. Much to their relief!

While old cars were slower their door latches were not as dependable. When I reached the romantic age of 15 I went on my first date and wouldn't you know it, the door latch on that old G.M.C. truck wouldn't catch and I had to spend the evening en-route from Butternut Ridge to Petitcodiac holding the darn door shut! Oh well, when I got home at 10:00 my first kiss compensated for all that frustration.

As I've said, I don't know much about old cars, but I can tell you that it IS possible to get eight teenagers into a V.W. Beetle!

One day a fine gentleman and I drove off after our wedding in a Dodge, shaped like a rocket, and never looked back. After 12 kids (and don't even ask me about their cars), I've seen that 7 sons can do terrifying things to vehicles! Until I bought my first little red Chevy, I had no idea how easy it was to hit 5 deer in one year. "Forgive me Lord", but they can't seem to resist the colour red. I should have stuck to wood boxes!

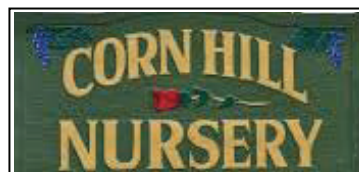

Ott Price's car.

## “Summer Send Off”

The “Maritime Motorsports Hall of Fame” and the “Recreation Department” of the Village of Petitediac are pleased to host a special “End of Summer” event for the area youth, and their families, at the Maritime Motorsports Hall of Fame, 5 Hooper Lane, Petitediac, NB. Mark Saturday, August 26th, 2017 from Noon to 4:00pm on your calendar!!! It is hoped that as many area youth and their families will attend this first annual event at the “Hall of Fame” to celebrate, not only the “End of Summer”, but also this year celebrate “Canada 150” with all your friends and neighbors..... Red and White are the special colors of the day!!!! Wear them....decorate your bike with them....show everyone you have Canadian Pride!!!!!!

The Village of Petitediac Recreation Department will be hosting a “corn boil and hot diggity dogs” starting at 12 noon at the Hall of Fame. This will be followed by a series of special “Kids” events for “Kids of All Ages”..... The “bouncy castles” will be open from 1:00pm until 3:30pm. Also on site will be “face-painting” and “balloon animals” for all the Canada 150 participants who wish to get into the spirit of the day!!!! Bring a lawn chair, stool, or blanket and enjoy the days activities, including “oldies but goodies” music playing all day long with our special DJ.

The Canada 150 “competition” event that we have planned is one for all area youth who would like to show-off their bicycle riding skills by travelling around a twisty course layed out on the main parking lot of the “Hall of Fame”. This will be a timed solo event, with classes for males and females under 10, those 10 to 15, and anyone else over 15 years of age....how about it Mom and Dad????? The event will be computer timed to the second by the members of the “Moncton Motor Sport Club” who will provide all the pylons to mark the course....you won't get lost, however if you touch/move a pylon it will cost you a 3 second time penalty!!!!

Bicycle rider Registration will open at 10:00am and its FREE! A parent or guardian must be present at registration to sign a consent form. Practice runs around the course will go from 10:00 to NOON. The official recorded timed runs will start at 1:00pm and will continue until everyone has made at least 3 passes around the course. (NOTE) Late Registrations will only be accepted if there is room to fit you in to the roster, so get there early!!!!

Any bicycle (2 wheels) may be used....younger riders may use “training wheels” if required. HELMETS ARE A MUST WEAR!!!! “Lounsbury Automotive” has provided a selection of new adjustable bike helmets which can be borrowed for the event (a refundable \$10 security deposit is required). It is also suggested that competitors wear elbow and/or knee pads during a run around the course. The winners of each division will have their name placed on the Annual “Kodiak Kids Slalom” Trophy which will stay on display for the year at the “Hall of Fame”. We expect that all runs will be finished by 3:30pm and Division winners will be announced shortly after and before we close all activities at 4:00pm.

The Recreation Department and the “Hall” staff are sure anyone who attends this “Summer Send Off” will have a fantastic time....great entertainment, good food, exciting bouncy castles, a competitive kids’ bicycle race event, unique balloon animals, but most of all a great time with your friends and neighbors..... see you all there!!!!!!-----The Event Organizers

#### Message From The Coordinators:

Brittany, Shania and Tanya are very pleased to be the W.C.A.F 2017 Miss. Westmorland Queen's Pageant Coordinators this year. They have a great bunch of girls to work with. These young ladies are eager to represent the community as a goodwill ambassador, becoming a role model of today will strengthen our village for tomorrow.

Thank You girls for taking part this year. The pageant would not be possible without the coordinators, contestants, volunteers, and sponsors. Thank you all for your wonderful support.

We believe anything is possible if these young ladies set their minds to it.

We look forward to seeing you on Pageant night, August 1st, 2017 at the Petitcodiac Arena.
