Four Race Pro Stock Series Returning to N.B Tracks in 2021

by TIM TERRY

(RIVER GLADE, NB - After a successful partnership in 2020, Petty International Raceway and Speedway 660 have announced they will once again produce a four race series for Pro Stock competitors in 2021. The home and home set will tie two races from each track into a point championship with added cash and prizes available for competitors throughout the quartet of races.

The second edition of the Pro Stock partnership between the River Glade and Geary, New Brunswick ovals will be anchored by their two major September staples. The 21st Annual Pro Stock 250 at Speedway 660 on Labour Day Weekend and the Eighth Annual Mike Stevens Memorial at Petty International Raceway in late September will once again play an integral role in determining a champion in the home and home

From the Editor

I am sure we are all looking forward to a brand-new year. So many sad and disappointing things have happened to so many in 2020. We were unable to hold any of our planned events for 2020. The first event that we have planned is the Side-by-Side draw, tickets will go on sale in January. We, here at the Maritime Motorsports Hall Of Fame, are making plans for the 2021 year. The Inductee committee has chosen the 10 qualified inductees, from over 30 nominations submitted, for the 2021 Induction. The gala event is to take place November 13, at the Rodds Hotel & Resorts, Charlottetown, PEI. Due to Covid the 2020 induction did not take place. Praying that everyone has a prosperous and healthy 2021.

Volunteers - the Backbone of a Thriving Community

Urban/Rural Rides depends on volunteers to provide transportation for those in the community who do not have access to transportation either because of physical, geographical or economical barriers. Many of our volunteers are retired people who want to give back to their community and who recognize that sometimes, everyone needs a little help. Some have said that they volunteer now, because the day may come when they are no longer able to drive, and they want to make sure this service is there to help them if needed.

Because volunteers are vital to the service, a thank you banquet is usually held in their honor at the end of the year. COVID has prevented such large gatherings, so, thinking outside the box, Kelly Taylor, the manager for the Rural areas of Westmorland and Albert Counties, Debbi LeBlanc, the manager for the Urban area (Moncton, Riverview and Dieppe) and Kirstin Shortt, the chair of the board of directors of Tele-Drive Albert County set out to show appreciation with a personal touch. Over the span of 4 days and nearly 800 km of travel throughout the two counties, they hand delivered a sweet treat to each volunteer driver as a thank you. While some were greeted with shouts of holiday joy, others were treated (or subjected to) Christmas carols. Each volunteer was pleasantly surprised.

Pictured above are just a few of our wonderful volunteers, one caught in the act of volunteering. Follow us on Facebook to see pictures of our other volunteers as we post over the next

few weeks, some more surprised than others, at <https://www.facebook.com/westmorland.albert>

If you want to be a part of this amazing team of community drivers, changing lives one drive at a time, there is always room for more! Volunteers can live anywhere in Westmorland and Albert Counties including but not limited to - Salisbury, Petitcodiac, Moncton, Riverview, Dieppe, Hillsborough, Alma, Riverside Albert, Memramcook, Dorchester, Sackville, Port Elgin, Cap Pele, Grand Barachois, Shediac and all points in between.

Drivers are reimbursed \$.41/km. Volunteering as a driver is a great way to meet and help neighbors in the community. Drivers are provided with personal protective equipment to use when transporting clients and doing deliveries.

If you or someone you know has a few hours a month or more and want to be part of a team working together to overcome the effects of poverty, please call 215-2100 or email r.r.ruralrides@gmail.com for more information. Drivers need to be over the age of 21, have a valid driver's license, have a reliable automobile, carry \$2 million liability (we will reimburse the extra charge up to \$80 per year), sign an oath of confidentiality, clear a police record check, driver's abstract and provide two references.

Executive Manager, Urban/Rural Rides

The Board of Directors, staff and volunteers of S.P.O.T. would like to thank the community and the surrounding areas for their continuous support. This has been a difficult year for everyone in some way and we truly appreciate it.

S.P.O.T. is currently in its 36th year of operation and whether it was a monetary donation, food, household goods and clothing or volunteering your time, we would sincerely like to thank each and everyone. Our success is only as good as the community and areas around us and we think they are both great.

Thank you again. We wish everyone a safe and healthy Holiday Season and look forward to what 2021 may bring.

Greeting, Friends of Annabelle Gay WI.

We would like you to know that we are still functioning as a group as much as possible. Although we are not allowed to hold suppers or community themed functions. We are still able to hold monthly meetings or whenever COVID-19 regulations permits.

We would still like to present our annual gifts to the schools in the form of mittens, gloves, hats, socks or items for the breakfast program. The breakfast program items would include cheese whiz, peanut free granola bars,

cheese snack packs or money. Donations may be dropped off at Debbie Wesselius' or Noreen Cooper's or any WI member by Jan. 12, 2021.

We would also be most grateful for any monetary donations made to the Annabelle Gay WI for hall expenses.

This spring we plan to participate in the annual village yard sale. Please save your treasures for us. More info to follow later.

We hope you had a blessed holiday season and will have a prosperous 2021.

The EEA held its last meeting of 2020. Certainly an interesting year to say the least. We were able to make the best of it. This post was supposed to be in last month's News and Views. But, we were blacked out and nobody knows why. Before you read it, I would like to extend best wishes to everybody for the new year. Reflecting on our accomplishments, we were able to plant an orchard. On November 21 we added mulch to the trees and bushes for winter. Volunteers checked gardens where needed and check out the short trail behind the park. It is important that we all care for this park as it belongs to all of us. Hopefully, next year there will be more interest in the garden boxes. We do plant in them, but they are for those that like to garden, but do not have access to their own garden. Please keep it in mind.

During the winter months we will work on our kayak rental plans for next year to make it as easy as possible to rent a kayak and do this all online including payment.

Our members always receive an EEA newsletter.

A group is using the Mapleton preserve for nature learning. It seems this is all going very well. The Mapleton Preserve and the trail has great potential. No matter the time of year it is an incredible place to go for a hike. We have done some upgrades, but more are to be done. It is a well-used trail.

Irving has agreed to sign on, to let us bike on the land they use. We hope more private owners are willing to sign on with the EEA for this use. Our insurance is made to cover the landowners from liability. Our trails are small, and 4 wheelers are unable to access them.

Elgin is becoming an outdoor enthusiast destination.

We are hoping that winter fest will be a possibility next year.

Our rink boards are in and volunteers are putting the ice rink together again. This required some extra volunteers. We are lucky that so many were willing to help. The rink is ready for skating when it is frozen well. You can check out our Facebook page and look at the pictures that were taken by Julie Kean Marks when we put the rink together.

Our EEA is in a good financial position thanks to this year's bike race. In the past we have heard from citizens that they would like to see an upgraded playground. To do so we are looking for a few people that would help with on the project.

Those that look where grants are available for this type of project. Those that can give some time to write the proposals. Usually, the time frame for proposals is very short and it helps to have some ideas ready. It is very rewarding to be able to volunteer for your community. It brings a lot of happiness to our community. Volunteering gives purpose to our lives.

In the spring we will order a load of black mulch for the heritage garden. We will continue to do this to keep the weeds down.

The following has been received by Nature Trust:

"On behalf of the Nature Trust of New Brunswick, I would like you all to know that we are extremely grateful to all of the volunteers involved across the province who help make land conservation, stewardship, and public engagement a reality. The dedication of the Elgin Eco Association and its many volunteers have made the protection, stewardship, and outdoor recreation at Mapleton Acadian Forest Nature Preserve possible. What a gorgeous trail system you have created, within a wonderful community setting.

"Thank you for your hard work this year in maintaining the well-loved trail system including removing hazardous trees, fixing trail markers, monitoring the boundary, and checking bridges and stairs; providing a safe space for the Homeschooling group to learn more about nature, how to look after our environment, and each other, and survival skills; and helping create a safe and engaging place for outdoor recreation for the Elgin community and all of its visitors. The Nature Trust wishes to thank you for your efforts in raising the next generation to be more empathetic, creative, to love nature and adventure."

Outdoor activities are not limited to members. They are for everybody that likes the outdoors. Our organization is also not limited to our community. It is up to the people in the world to maintain and preserve beautiful places. Elgin is one of the special places. If you are new to Elgin, we love to hear from you. If you have an interest in being part of our group, we hope you consider joining and become more aware of all we do. It doesn't happen by itself we have many dedicated volunteers. Why not become a volunteer.

WELCOME 2021!!!!

Here we are beginning a brand new year 2021. We are tempted to look back at 2020 with all kinds of thoughts and remarks, but perhaps it is best to look ahead at the possibilities that a new year brings.

The Elgin Women's Institute, as with all small volunteer community groups has suffered from the effects of a pandemic. Additionally, our branch has lost a valued and long time member Elsie Steeves.

However, we have found new ways to continue with our mandate of being a group in support and growth of rural women. The challenge has been to stay strong and not lose sight of what we hope to accomplish.

We would encourage women of all ages to consider joining volunteer groups in order to see that our communities stay vibrant. In many ways, rural areas have appeared to not have suffered as much as our urban friends.

Here are the aims and objectives of WI's all across our province:

- To raise the standard and develop a greater appreciation of homemaking;
- To develop better informed, happier and more efficient citizens;
- To develop a more abundant life in communities;
- To discover, stimulate and develop leadership;
- To promote national and international understanding, tolerance and good will.

Let us look at 2021 as an opportunity to put our new ideas in place....encourage new members....branch out with new projects.....and support existing membership as we struggle to do the very best we can FOR HOME AND COUNTRY.

From the Desk of Your MLA

Ross Wetmore, Gagetown - Petitcodiac

2020 will be remembered by many as the year of COVID and all the challenges it brought.

However, many folks will remember 2020 for treasured milestones.

Graduations, weddings, births, baby's first Christmas, opening a business, retirements and a host of other cherished memories are the moments in our lives COVID may have altered but could never stop.

As we head into 2021, my hope is that we remain vigilant about preventing COVID but hopeful and optimistic that we will beat the pandemic through our vaccination program and next year have a 'green' Christmas.

It was heartwarming to read the following CBC headline on December 17th:

"Cloudy with a chance of kindness: Wave of selfless acts spreads across province.

N.B. in grip of a sweet wave as random acts of kindness spiral from town to town."

Could there be a better example of the caring nature of New Brunswickers?

Whether it's our family, friends, neighbours or complete strangers needing help, it is in our nature to step up and help.

If anything, COVID has served to

amplify the level of caring we have for one another.

I am reminded of the story Mr. Rogers told about helpers:

"When I was a boy and I would see scary things in the news," Rogers said to his television neighbors, "my Mother would say to me, 'Look for the helpers. You will always find people who are helping.'"

New Brunswickers, by nature, are helpers; always have been and may it always be so.

I will sign off by wishing you a holiday season filled peace, love and joy and for all of us a new year bursting with kindness, patience and understanding.

Speedway Miramichi

The 2020 season will be a tough act to follow, but Speedway Miramichi management are underway with intense preparations in an attempt to make 2021 even bigger and better! With that in mind, Speedway Miramichi is pleased to unveil a tentative 2021 schedule of events for stock car and demolition classes - an ambitious event listing which will once again cement the McKinnon Road oval's status as Northern New Brunswick's premiere motorsports destination! Outside of the usual stock car and demolition action, more exciting events are planned and will be announced in the days and months to come!

This schedule is still tentative and very much subject to change. With New Brunswick tracks working together, stock car classes for some events are still subject to change as discussions following the Tim's Corner Motorsports and St. Louis Bar and Grill Moncton and Dieppe hosted Maritime Short Track Summit continue. All Speedway Miramichi house classes will have at a minimum 5 points racing events in 2021, with champions for all classes being crowned at The Very Best Fall Shootout!

"In an effort to start the ball rolling, here is our tentative schedule for

2021," said owner and operator Barry Richard. "Some adjustments may need to be made in an effort to work with other tracks, so some changes may be announced once other tracks release schedules as we continue our conversations which started at the summit we attended which was hosted by Tim Terry earlier this month."

Action will fire up unprecedentedly early, as a special one-off event will be held in January! The inaugural New Year's Bash will see the green flag fly on Saturday January 16th at 1pm, which will feature the first ever winter Demolition at Speedway Miramichi! Interest in this event has been astounding, with lots of Demolition stars expressing intent to participate! This show is expected to be worth braving the cold, with never-before-seen Demolition excitement starting off the year in Miramichi!

The official summer season will blast-off on Saturday May 15th with the Spring Smash! This annual event was not held in 2020 on account of COVID-19 delays but will return for 2021. After months of waiting, drivers and fans are always anxious to kick off the season which make this one of the most exciting events on the calendar!

Below is the tentative 2021 Schedule, subject to change.

 2021 SCHEDULE

Common Sense Health - W. Gifford-Jones, MD and Diana Gifford-Jones

This year, the holidays aren't what they should be. At least the vaccine's roll-out brings anticipation that 2021 will see a return to normal. Until then, what would be our health advice to cooped up readers in this unusual holiday season? Here are a few suggestions:

Say hello. Connecting with extended family by phone is our best option for now. It's a great time to reach out to old friends too. Behavioural scientists at the University of Chicago and UC Berkeley report we underestimate the positive impact of connecting with others for both our own and others' well-being. Their research shows that we tend to abhor a conversation with a perfect stranger until we have it. So when the pandemic subsides, say hello to whomever sits beside you on a park bench.

Try social media. There are important cautions about social media. Health promotion is not always the norm, for instance for children accessing adult content. But having a strong social network is associated with positive mental health and well-being. Harvard researchers have shown that using social media as part of everyday routine and responding to content that others share is positively associated with social well-being, positive mental health, and self-rated health. (We invite you to connect with us on Instagram!)

Visit a museum. University of Melbourne researchers have investigated the experiences, motivations and needs of older museum visitors and found these spaces can play an important role in building social and inter-generational connectedness and in supporting general health. Research by the University of Leicester in the UK shows that museums provide a sense of optimism and hope, self-esteem and resilience, rest and sanctuary, and a safe, rich environment to access arts and culture. If you haven't experienced a virtual exhibit or an online performance during the

pandemic, it's not too late. Give it a try over the holidays.

Read a book. Reading fires up neural pathways. Studies show it improves memory and empathy. Immersing yourself in books helps fight depression, cuts stress, and reduces the risk of developing Alzheimer's.

Share a recipe. Connecting online this holiday to share a recipe or even cook together creates bonds, supports self care, and creates a space for conversation. Even baking tasty treats can boost self-esteem. Donna Pincus, professor of psychological and brain sciences at Boston University, says, "Whether it's painting or it's making music [or baking], there is a stress relief that people get from having some kind of an outlet and a way to express themselves."

Go for a walk in the woods. "Forest bathing" is good for the soul. But even a walk around the block is worthy. Get outside daily.

Try a natural remedy. Read the archive of columns on our website to learn why you should consider natural approaches as your first line of defence against common health problems.

Hug somebody. Within your household this season, we hope you have somebody to hug. Mutually reciprocated embraces relax muscles, increase circulation, and release endorphins in your body that elevate your mood. One study exposed 400 people to the common cold and found that those who reported more hugging in their lives fared better, a tribute to social connectedness.

Be happy. The research is overwhelming: happiness is good for your health. Your heart, immune system, stress response, and pain management all improve in performance when you are happy, and the effects are lasting. So as Doris Day sings, "Stay with the happy people!"

Healthy holidays to all our readers.

Point of View

By Gloria Scribner

I can't help but notice how much lower the hills seem to be, now that I'm far beyond childhood (my first one at least). The hill I used to haul my sled up is not nearly so laborious an endeavor as in those bygone days, but neither is the downhill ride as thrilling as when my little sled flew me over clumps of January eiderdown and tossed me into cold ecstasy at the bottom. Even the trek back up the hill (sled in tow) seemed endless back then.

The hills are not the only part of my world that seems to have visibly diminished; As I eye the past year it seems like only yesterday "Auld Lang Syne" ushered in a new year that in only a blink vanished, hidden somewhere behind masks, data, lockdowns, and rules. Even the rainbow colours of summer vanished from horizons as yellow, orange and reds prioritized the deadlines competing with the western wildfires that sparked their own "brands" of anxiety. But flying by, the months have overtaken the old year and I for one am not sorry to see it go. It's left us all a little dumb-founded. Just when we thought we were in control of our own destinies, a little microscopic visitor came to call and soon set us back on our heels. The giants are easy to deal with. The "invisible" not so much.

Yes, the monsters of our youth were enormous it seemed in comparison (vicious dogs, strangers, dark paths at night, wild rivers, and foreboding storms that rolled in on black clouds, sent lightning daggers toward our windows, and filled little ear-drums with their

"awesome"; but large monsters we can at least run away from, hide from, or slam the door on. Covid, on the other hand is braver, bolder, and more daring than the ugliest faces of our childish nightmares. No attic stairs can even compete.

January is a cold forboding month. It grins at us from our thermometers, and wears us down by degrees. But guess what? Spring is closer than it was yesterday. It's just a hop, skip, and slide from 2020. It's advancing agenda will change our vocabulary from Covid-19 and masks to Pfizer, Moderna, and the like, and the mountain of last year will level off as we travel.

In retrospect, we view the pause with admiration as faces of medical officers, front-lineheroesanddedicatedscientists labour to "haul our sleds" to the top of the hill", yet leave us breathless (some of us literally) as we, with never waning hope and faith just pray, obey rules, and sanitize indefinitely.

2020 is gone. It will never return, having taken a lot of our loved ones with it, yet replacing the void with babies drawing their first breath, as life goes on.

Yes, the world is smaller on all sides, no matter how you look at it, but be patient, tomorrow is another day, and to quote my childhood friend "Maggie Muggins" once again: "I don't know what will happen tomorrow", and as my own heart recalls from the musings of the poet, "God's on His throne and All's right with the world.

Happy New Year - Everyone.

January Moon

A January moon is cold
 Yet some enchanting night
 You may look out upon a field
 Of silver-moon delight
 Aglow across a winter's eve
 Where harvesters once trod
 Reborn again to frozen silence
 By the hand of God
 No stirring of the country-side
 Nor sound to spark the sight
 Just solemn rays, invoking praise
 While angels "do it right"
 No earthling stirs from midnight trance
 Nor crack of frost is heard
 And nothing moves but chimney-smoke
 (It utters not a word)
 And as a cloud in silent flight
 Drifts gently o'er the scene
 (So not to desecrate the site)
 I lie in bed and dream
 Of other winter nights like this
 God tip-toed o'er this land
 In frozen silence while He trod
 And held us in his hand
 And whispered "My creation" Now
 Just rest before you bloom

And scattered diamond seeds
 Beneath a January Moon

The Christmas Stocking Story

In 300 AD a young bishop in Asia Minor became famous for his kindness. Later known as Saint Nicholas, the kind bishop often distributed gifts but didn't wait for thanks.

According to one of many legends, one night he climbed onto a rooftop and dropped a gift down the chimney. The gift fell into a stocking that had been hung by the chimney to dry.

After this the children began leaving items such as shoes or stockings in the hope that they would be filled with goodies on Christmas Eve. Of course, children who have misbehaved badly through the year could only expect to receive a piece of coal in their stocking.

It has probably been a long time since you sat under a palm tree or took a whiff of jasmine flowering by the pool. While you may miss dancing on the beach in the moonlight or the swim-up bar, the thing we miss about the tropics are the exotic plants. Besides, neither of us have been to a resort with a swim-up bar but do we miss the tropical plants we have come to know on annual family trips to Florida. A highlight of recent years has been the discovery of Marie Selby Botanical Gardens in Sarasota (<https://selby.org/>). Exotic plants delight while grandchildren or nieces/nephews play in the expansive children's garden and outdoor tree "fort", which is, in our opinion, the best of its kind in North America.

Leafy foliage plants like fig trees and pothos seem to be most popular for indoor growing this time of year but there are some terrific tropical flowers that flourish indoors. Here are a few of our recommendations:

Hibiscus

Tropical hibiscus (*Hibiscus rosa-sinensis*) goes by a lot of names - Chinese hibiscus, China Rose, Hawaiian hibiscus and rose

Tropical House Party

mallow. A variety that we like is 'Ice Dancer' which sounds like a racehorse and features purple-blue flowers that have bloomed reliably in Ben's office window for four years. So far it has not raced anywhere.

Like most tropical plants, the dry air of our homes during winter is one of the biggest challenges for indoor tropicals. A soft mist daily of water benefits most houseplants including hibiscus.

A hibiscus will grow well in indirect sunlight, but it will never bloom. In a south-facing window, it will really impress. No amount of sunlight is too much.

When new growth appears fertilize using a plant food that has a high middle and third number, like 12-28-12. The first number represents nitrogen, which promotes green growth, phosphorous and potassium, the second and third numbers, help to promote roots and flowers.

In March, prune your hibiscus back by about one third. In May, move it outside for some summer love.

Jasmine

Ever wondered what scent hangs over your dreams of tropical vacations? It is likely jasmine flower.

The small-white flowers of a jasmine plant can fill a room with fragrance and can be kept going through the winter with the right conditions. Jasmine prefer a sunny window with good air circulation. They prefer porous growing mediums such as bark or coir and should remain moist but not soggy. Like hibiscus, a high phosphorus fertilizer will encourage more blooms rather than green growth and an early spring pruning will help before you move it to

an outdoor balcony for the summer.

Christmas Cactus

The perfect gift at this time of year, a Christmas cactus will happily flower in indirect light where most other tropicals prefer direct sunlight. If properly taken care of, a Christmas cactus will produce pink, red or white blooms at Christmas, Thanksgiving or Easter (depending on variety) for decades. It is often considered an heirloom plant.

Easy to care for. Water only when dry. Pinch back or prune immediately after flowering by up to one-third.

Orchids

If you like variety, there are more than 100,000 hybrids and cultivars of orchids.

Orchids bloom for weeks or months, and with patience, rebloom reliably.

Approximately 70 per cent of orchids offered for sale are epiphytes: they grow on other plants (usually trees) in the tropics and subtropics. We recommend that you repot an overgrown orchid in loose wood mulch or osmunda fiber. They prefer indirect sunlight and high humidity as they thrive in rainforests under tree cover. A bathroom window (humidity) with indirect sunlight is ideal.

Water once per week by submerging the loose roots in water overnight and to encourage reblooming, fertilize by applying water-soluble houseplant fertilizer.

With the floral tropics in your living room, you might find yourself wondering in 2021 why you ever bothered with airport security.

CANDIED SWEET POTATOES

2 medium sweet potatoes, peeled and cut into 1-inch slices. Place in sauce pan, cover with water add a bit of salt. Boil until tender. Drain. Combine the potatoes with

2 tablespoons butter
 1/2 cup white sugar
 1/4 cup chopped nuts
 1/2 teaspoon cinnamon
 1/8 teaspoon ground cloves
 1/8 teaspoon nutmeg
 2 tablespoons maple syrup

Mix well, pour into baking dish and bake in 375F oven until browned. About 30 minutes. Remove from oven and top with 2-3 cups of mini marshmallows. Continue baking until marshmallows are lightly browned and melted.

Turkey in Buns

Combine:

3/4 cup ketchup
 1 cup currant jelly
 1/4 cup finely chopped onion
 2 Tbsp Worcestershire Sauce
 1 teaspoon salt
 1/4 teaspoon garlic salt

In a heavy saucepan. Simmer about 20 minutes.

Stir in 3 cups of turkey.

Heat. Spoon onto toasted buttered buns.

Four Race Pro Stock Series Returning to N.B Tracks in 2021

affair. The other two events that will comprise the Series along with prizes and purse for the event are expected to be announced in the early months of 2021.

Ashton Tucker (Lyttleton, NB), driving for Brad Silliker Motorsports, took the four race championship in 2020 on the strength of two wins at Speedway 660 and two second place finishes at Petty International Raceway. Cole Butcher (Hantsport, NS) and Dylan Gosbee (Cornwall, PE) also shared in the purse for the top three drivers in last year's edition of the Series. Bicknell Racing Products and Lonnie Sommerville Racing also made vendor draws for eligible competitors in the four race Series. In total, 42 teams competed in at least one of the four races with 18 drivers racing in at least three of the four events.

It is that strength in numbers and the relationship between the Province's two premier race tracks that Brent Roy of Speedway 660 hopes can continue to grow into 2021.

"We were able to prove in 2020 that Pro Stock racing is alive and well

in New Brunswick," said Roy. "We saw incredible car counts at all four events. We're excited to continue this partnership with Petty International Raceway into 2021 and look forward to bringing some awesome prizes for the teams that compete!"

Petty International Raceway co-owner, and six-time Maritime Late Model Touring champion Wayne Smith, echoes that.

"We are pleased to be a part of this four race Pro Stock series again with Speedway 660," said Smith about the partnership. "This was a big success last year and we are hoping it will work again this year. Both tracks are trying to make the racing in New Brunswick bigger and better every season and hopefully we can work together on our full schedules like we did this past season. Speedway 660 and the Roy family have been very good to work with and we have some great partners involved that have come on board to support us. We cannot wait to share more as we work on growing this Series for drivers, teams and fans of racing in this Province!"

2021 RULES UPDATE \ \

We have decided to forgo rules meetings for each of our divisions due to the COVID-19 pandemic and for most divisions, no rules will be changed. The two exceptions to this can be found in the Lightning cars - which must have a full roll cage as we announced previously - and the Sportsman cars. The new ABC Generation 6 body for Sportsman cars WILL BE allowed in 2021 now that this body has received ABC approval.

Officially 2021 rule packages will be uploaded to the website in the coming weeks.

Our plan is to present a full season of racing and will publish a schedule as sponsors decide their dates for special nights at Scotia. We have had fantastic response from our sponsors regarding the 2021 season.

Save the Dates -

2021 at Riverside International Speedway

JAMES RIVER, NS (December 10, 2020) - Management for Riverside International Speedway is pleased to announce the 2021 schedule. The season will be anchored by three Maritime Pro Stock Tour championship points events and a fourth special event, a Grass Roots Racing Extravaganza.

The popular high-banked facility will see the cars and stars of the Maritime Pro Stock Tour on June 12, July 24, and September 11. The June and September dates are regular events for the series. The July 24 IWK 250 presented by Steve Lewis is a highlight of the Canadian stock car season and culmination of the IWK 250 Super Weekend which runs from July 22-24. The Grass Roots Racing Extravaganza is August 21, starting in the daytime with the Rev It Up Show & Shine and finishing in the evening with racing under the lights. Support classes and details for each of the events will be announced as confirmed.

A full season is being planned in hopes things are getting back to normal by then. But if still under COVID-19 restrictions, Riverside management is confident they have a good baseline to prepare with. In August the facility was shortlisted by Nova Scotia Public Health authorities to be considered for a larger gathering, and on September 26 hosted an approved event with nearly 1,500 people in attendance.

Riverside management thanks government authorities for their leadership through this pandemic, front-line workers for their dedication, and the public for doing their part to help keep us all safe from COVID-19. With the winter months ahead and a vaccine on the horizon, fans are encouraged to remain diligent in abiding by the directives which are in place.

Fans can stay up-to-date with Riverside news over the off-season by visiting riversidespeedway.ca or following the track social media pages (Facebook and Twitter), and by signing up to receive the Riverside newsletter which is delivered by email.

About Riverside International Speedway:

For 51 years, Riverside International Speedway has been recognized as a premiere stock racing facility in Canada. The 1/3-mile high-banked asphalt oval roars to action several times a year for special events. It is the home of the IWK 250 - widely known throughout North America as a "bucket list" event for racers and fans alike. Located in James River, between New Glasgow and Antigonish, the facility is easily accessible at exit 30 on Trans Canada Highway 104. For more information please visit www.riversidespeedway.ca or call 902-863-2410.

You were not only my Big brother,
You were my best friend!
I miss your hugs and
Your voice on the phone.
You are always with me
I am never along.
You are forever in my heart

Ricky Dean

In loving memory of my son Ricky Dean who left so suddenly January 4, 2019. January comes with great sadness, it brings back a day I will never forget. There was no chance to say good-bye, you were gone before I knew it and only God knows why. What I would give to hear the phone ring and to hear your voice for our nightly call or see you walk through my door. I think of you daily and often speak your name, but all I have are memories and your picture in a Frame.
Loved and never forgotten

OBITUARIES

Illes Lazar
1937 - 2020

With heavy hearts we announce the unexpected passing of Illes - aka Bond, James Bond - on December 15, 2020 at 83 years of age at Met Hospital. Cherished husband of Idella (nee Steeves) for 53 years. He "has left the building" to be with his Saviour, Jesus Christ. Illes was born in Morahalom, Hungary, and immigrated to Canada in 1957 after the Hungarian Revolution. Cherished father of Steven, Sharon (Sean), Daniel (Natacha) and father-in-law to Michelle. Proud grandfather of Jessica, Joshua, Evans, Gavin, Charlotte, Tyler, Mikaela and great-grandfather of Alexzander "the great". Grampy delighted in giving them gold coins (loonies) and chocolate. Family and family gatherings were very precious to him. He was also fully embraced by The Steeves Family in New Brunswick. He is predeceased by his parents, Illes and Erzebet, his brother, Istvan, and infant sister. Despite advancing blindness, "Doc" worked at Ford Motor Co. for 35 1/2 years, made many friends and greatly resisted retirement. He was a member of CAW Local 200. His interests were cars (which had excellent care), Tim Hortons (Roll up the Rim and chocolate Tim Bits) and socializing. He would talk or "preach" to anyone. We will always remember his animated stories and his sense of humour, which gave us many laughs! He liked to sing and had many favourites - two of which are Elvis "Thank you, thank you very much!" and Roy Orbison, his look-alike. Despite his sight, he always watched his favourite hockey team, Montreal Canadiens, Wheel of Fortune and Jeopardy. He was a faithful member of Walkerville Baptist Church and will be fondly remembered as "The Greeter". The family would like to thank the paramedics, Windsor Regional ICU team, Saint Elizabeth Health Care, especially Bethany, Dr. Ronald B. Sorensen, Dr. Yusuf Oozeer, Rev. Tom Perry and staff of Walter D. Kelly's. Arrangements entrusted to Walter D. Kelly Life Celebration Centre. (519-252-5711). A private family service will be held. Cremation to follow. A Celebration of Life Service will be held at a later date due to COVID. Memorial donations, if desired, may be made to the Retina Foundation of Canada, Canadian Lung Association, Walkerville Baptist Church or to a charity of your choice. Memories and condolences may be shared with the family at www.walterdkellyfuneralhome.com

Eulogy

Grampie I love you so much. I miss you terrible and my heart breaks; I can't stop crying. I wish I had spent more time with you. Like I did in the summer's and holidays when I was younger. When one week turned into three weeks...then a month...then an entire summer...lol. He was so big and strong, it felt like he was invincible. I thought he would be around forever. His love and devotion for me was unconditional. I would give anything to be up on his shoulders again, like when I was a baby. It felt like I could touch the sky, like nothing or nobody could hurt me in my Grampies arms. I remember those mornings I'd sneak into your guys bed, and he'd be snoring & we'd be yakking up a storm, he'd be all growly bear, telling us to keep it down over and over again, we'd try, but then just giggle, as I'd pinch his nose or tickle his chin...lol so we'd keep waking him up. So then he'd just get up and make pancakes.

He had no idea how much his love meant to me. To hear stories from other people about how great he was as a flagger, he had great workmanship and was well known by everyone. I would beam with pride, thinking this is my Grampie they are talking about. I belong to this man. He belongs to me. We share the same blood. Nobody can take that away from me. Just walking beside him, to get the mail or going for rides into Petty to get food for the animals. Or a simple drive in for a coffee. I felt like his princess. We didn't even have to talk, although, I had so much to tell him. How scared I was to fail him, how I didn't think I'd live up to his expectations for me. Would his love change, would he still brag about his smart granddaughter to everyone. That way he'd smile so big, it would stretch across his face and his blue eyes would sparkle when he heard about my marks in school. Or any of my other achievements, I was just so content to be in his presence, that he actually wanted to spend time with me. I looked up to him, figuratively and literally...I mean way, way up. I felt such a sense of safety. True Love. No matter what came my way, a bear, a moose, a robber, king kong...my grandfather would kill it with his bare hands to protect me. I never wanted to disappoint him or let him down, I wanted to do and be all the things he believed me to be. He thought I could be the president, or an astronaut. There were no limits to how successful I could be. I wish I could crawl into his arms again and cry my heart out. Tell him I am so sorry that I didn't come home fast enough. He gave me something no male figure ever could; he showed me I was worthy, I was good enough, I was his sunshine. All the words in the English language aren't enough to express how the two of you taught me what it was too be loved. To be accepted and valued. That I have a place in this earth and I am meant for so much more despite all my flaws and inadequacies. He was my Hero. I know God sent me him as my angel. I need him now more than ever. All my heart and soul and everything that I am I owe to my Big Grampie, Ken Brace.

Love and miss you so!!!! XOXOXO

Niki

It is with sadness that the family of John Lewis Campbell, 98, of Sussex, NB, announce his passing on Monday, December 14, 2020 at the Moncton Hospital. Born in Salisbury, he was the son of the late Kenneth A. and Mary E. (Bleakney) Campbell.

John served in World War II as the tail gunner in a Lancaster Bomber, a member of the Pathfinders Squadron. He was a member of the Caterpillar Club, which recognized those whose lives were saved by a parachute. Membership was signified by a small silkworm pin and John's pin had red eyes, indicating their plane was on fire when they jumped.

He spent many years in the oil refining business in Ontario, New Brunswick and Newfoundland. He owned a grocery store, operated Grandad's Campground, and worked at the former Jordan Memorial Home in The Glades, NB. In his spare time, he bought and renovated several homes where he and his wife lived.

John loved to play music, sing and entertain at every opportunity. He played keyboard, fiddle, mandolin, guitar, and was especially good at the harmonica. He always had a case full of harmonicas in every key in the trunk of his car. He encouraged the family to play along with him. He was a member of the Silverado's in Sussex and played music with the Happy Go Lucky Fiddlers. He was a member of the Royal Canadian Legion for over 75 years and invited family to the Remembrance Day Ceremonies and dinner at the legion for several years. Allen "Al" Lounsbury
1962-2020

Allen (Big Al) Lounsbury, 58 of Petitcodiac, died peacefully at home on Sunday, December 13th, 2020 after a lengthy illness. Born in Moncton, he was the son of Marjorie (nee Urquhart) and the late Stan Lounsbury.

Al grew up with a wrench in his hand. If it had a motor then he could be found fixing it, or teaching others about his passion. Al was always the guy to stop and help, whether it was along the snowmobile trail or the side of the road - he left no one behind. He could often be quoted saying "I've never worked hard a day in my life, because I love what I do."

Allen looked forward to his church meetings with friends who had come to feel like family. Family was always his priority, as he was happiest heading out in the Huddy on a road trip with Judy, Joshua, and Jessica, bound for a great meal with even greater friends at the end of the road. HAPPY NEW YEAR!

All the best to you and your loved ones in 2021! Stay safe - we will get through this together!

COVID-19/CORONAVIRUS

As has been the case since June 2020, all Village of Salisbury departments continue to be open and operational during the COVID-19 pandemic; however, access is controlled by various means due to New Brunswick Public Health and WorksafeNB directives. To this end, due to limited space inside the Village Office and the requirement to have physical distancing, there can be only one person at the office counter at a time (or people, if they are in the same “bubble”), with others having to wait outside until they are called into the office. Because of this, the front door at the Village Office remains locked. Please ring the doorbell for entry and the door will be unlocked for you. Again, if there is a customer ahead of you, you may be asked to wait until that customer exits. It is not mandatory to make an appointment to come to the office; however, if you wish to make an appointment please phone 372-3230. Coronavirus-related updates to the public from the Village of Salisbury will continue to be made via the municipality’s website (www.salisburynb.ca) and the Village of Salisbury Facebook group page (<https://www.facebook.com/groups/828648160647950/>).

PURSES PRESENTED TO HELPING HANDS

Jennifer Edgett and Laura Sleep of Here We Grow Daycare in Salisbury organized the first Princess and the Purse Salisbury campaign in which donations of gently-used purses were accepted to be used as Christmas gifts for deserving women in the community. The resulting 50 gift bags of purses filled with donated new items were presented to Salisbury Helping Hands Food Bank on December 17th for distribution. Thanks go out to Brad Doucette of Atlantic Sani Air Mini Split Cleaning for sanitizing the purses, and to the many donors of items: Shelli Geldart and the Guardian Pharmacy, Ginger's Auction, Joyce Babkirk

and Advanced Savings Credit Union, Little Earthlings, Eclair lips, Soapyoutiful, and Namaste Spa. Jennifer Edgett says the generosity in the community is so appreciated, offering a heartfelt thank you to everyone who donated either items or cash (all of their shopping was done in Salisbury, she adds). A very merry and safe holiday season to you and yours!

Winter Parking

Just a reminder that for the purpose of snow-removal, no person shall stand or park a vehicle on any highway or street within the Village of Salisbury between the hours of 1:00am and 7:00am from the first day of November in any year until the first day of April in the following year.

Be 72-Hours Ready

Winter has arrived, and it's important that all of us be prepared in the event of storms that result in power outages. In partnership with the New Brunswick Emergency Measures Organization, the Village of Salisbury urges its residents to be 72-hours ready; that is, be prepared to manage on our own for at least 72 hours while NB Power works to restore service. Have an emergency plan and a storm kit covering the needs of your family (including pets!). The Village of Salisbury diligently monitors weather conditions, keeping in close communication with NB EMO in preparation to respond in times of emergency. With the environment changing, it should be noted that storms are increasing in intensity, if not frequency, further underscoring the importance of being 72-hours ready!

Follow our Facebook page for up-to-date information on events and activities.

Winter Carnival will be different this year, but we have some fun things planned. Follow SPL Facebook page for this year's winter carnival events in February 2021.

Keep active this Winter

Salisbury Works Department has been busy assembling our rink & the Fire Department was there to fill it up so it should be ready to use this winter. Salisbury Parks & Leisure has snowshoes and cross-country skis & boots available to borrow during the winter and remember our wetland trail is plowed & sanded all winter long for you to enjoy.

Salisbury Naturalist Club

On November 19th a group of bird enthusiasts completed the Salisbury and area Christmas Bird Count. A Tufted Titmouse which is very uncommon for this area was found. This count is a yearly event and the species total for the day was 46 which is the best total ever. Thanks to all that had seed in their yard feeders and obliged our presence while scanning their feeders and hedges.

This winter the Maritimes are experiencing an irruption of birds coming to southern locations this winter in search of food. The cone and berry crops this year are very sparse compared to most years. It is a good time to assist our avian friends by offering a variety of seeds if you can. If we have snow covering and present natural food sources become depleted the need will be even more.

They began in the early seventies on the clay at Charlottetown Speedway in Sleepy Hollow, with cars that were stock or at least a combination of stock parts. Allan was the driver that wanted to win races and championships. David wore many hats; he was a car builder, pit crew, crew chief, fabricator, and builder of the sport. David was always looking for a way to go a little faster. Their combination worked, winning multiple championships at different tracks, under different conditions, with cars that were constantly becoming more advanced. Winning races and championships continued into the late '70s. At Freetown Speedway David took it upon himself, to build a fence to keep the fans a safe distance from the action. They convinced the owners of the drag strip, Raceway Park, to build a stock car track, a ¼ mile dirt oval that opened in 1985. In 1986 East River Speedway opened and they won the championship at both tracks. Even the way they got to the track changed over the years, from flat tow to the back of a dump truck and car trailers.

Dwight began making contacts by phone with nearly every performance supplier in North America that included such industry people as Ray Baker of Baker Engineered Racing Engines; World Products/Dart Racing Heads and Vic Edelbrock of Edelbrock Performance. In 1985 R&D Performancenter purchased Hub City Performance in Truro. Dwight developed

an "Inventory Number Sequencing" system and convinced Hoosier Tire to manufacture their tires for MASCAR using this system. Hoosier Tire used that system throughout North America. The system led to the bar code system that is the industry standard today. In 2004, R&D Performancenter became the Legends Cars dealer for the Maritimes. Dwight served as President for the Maritime League Of Legends from 2008 to 2013. R&D Performancenter was sold in 2006, but Dwight remains the inventory control manager.
