From the Desk of Your MLA Ross Wetmore, Gagetown - Petitcodiac

The storm known as Lee has come and gone.

As usual, we prepared for the worst, hoped for the best and stood ready to help those whose lives were impacted. It might have been much worse, but for its victims, Lee was bad enough.

We can't forget, Atlantic hurricane season runs through November 30th.

If Lee's winds and rain exposed any weaknesses in your storm readiness, now is the time to get ready for the next storm, whenever it may come. And may it be a long time coming.

Line crews and emergency responders showed us once again how fortunate we are to have them when trouble comes. Our praise and gratitude for these people and their efforts is never misplaced.

While Hurricane Lee toppled more than a few trees, we still have plenty to give us the breathtaking beauty of the changing leaves during the upcoming fall season.

Another marker of the change of seasons is, of course, our Dollarama stores. As one season and holiday gives way to another, the Dollar store's aisles are an early indicator of upcoming fun and celebrations.

Now, the reason the Dollarama came to mind was the recent CTV news report advising that New Brunswick has more Dollarama stores per person than anywhere else in the country. One for every eighteen thousand people. Folks like a bargain, and these days, every bargain counts.

You may be like me and able to recall when the first Dollarama signs first started popping up. Of course, I can remember when the first McDonald's signs started popping up as well.

In closing, and still in remembrance, I was saddened to learn of the passing of New Brunswick wrestling legend Émile Duprée on September 17th at age 86. He started life as Émile Goguen in Shediac and was living in Pointe-Du-Chêne when he passed away.

As a wrestler and later as a promoter, Émile rubbed shoulders with the greatest wrestlers on earth.

Even the mighty André the Giant brought his awesome size and strength to Émile's Atlantic Grand Prix tour, wrestling as Giant Jean Ferré. He joined the likes of Macho Man Savage, Harley Race and Ric Flair, to name some of the top stars brought to the Maritimes for our entertainment. There were many, many more.

More than a few WWE superstars cut and perhaps lost their teeth under the tutelage and promotion of our Maritime wrestling legend.

I am sure every big brother who ever slapped a headlock on his little brother during a Saturday afternoon telecast will feel a sense of loss.

Well, just like that, we have covered hurricanes, Dollar stores and wrestling and still have time to sign off by saying thank you for your continued support.

Until next time, please continue to spread kindness.

Petitcodiac and District Figure Skating Club Skating is Back!

October is here and we are back on the ice!

Learn to skate with us at the Petitcodiac and District Figure Skating

Club in the Petitcodiac Arena starting this month. Last year we were close to capacity in registrations for Precanskate and Canskate, so this year we are making some changes. We are offering 2 Precanskate sessions this year -one

from 6:00 to 6:30 pm and the second from 6:30 to 7:00 pm. Both Precanskate sessions are on Wednesdays. We are also offering two Canskate sessions this year - one from 6:00 to 7:00 pm on Wednesdays and the other from 5:15 to

6:00 pm on Fridays.

Precanskate introduces skaters to the basics - how to get up independently when they fall, moving forward and backwards, how to stop, how to turn around and so much more. It paves the way for them to move into Canskate, where they learn edges, skating on one foot, crossovers and to be able to start increasing how fast they can skate. Skaters are evaluated regularly and when ready to move, will be moved up from Precanskate to Canskate, and then when in Canskate, through the different badges.

Precanskate and Canskate start on October 18th. If you missed the early registration date it is not too late. You can contact us on Facebook or email pdfscinfo@gmail.com.

We look forward to seeing you at the arena!

Summer Soccer 2023

Summer is a wrap and there is no better way to send off summer than a wonderful week of celebrations!

We had fantastic couple nights finishing up soccer U4 & U6 Timbits along with U10 Summer Soccer enjoyed a sunny evening outdoors while the U8 Timbits and U12/u14 Summer soccer hosted their final evening indoors to avoid missing out on their final playoff game.

Congrats to all the players and a special mention to the Blue Team of the U12/U14 that were last entering playoff position but came home with the gold!!

These programs would not happen without the support of our amazing volunteers. There were many conversations held behind the scenes when planning how these programs are executed, especially with the challenging extremes of weather over the past two months, and your feedback was greatly appreciated.

U4 Timbits - Kyra Ogilvie

U6 Timbits - Lisa Jardine, Brittany Dow, Luke Hicks, Bianca Sherwood, Isaac McCormick, Marissa Kelly, Saxon Buchanan, & Dominic Erb.

Another bike race just around the corner. If you live around the corner why not participate this year at the 20th Annual Elgin Mountain bike race. We have created a special 10 km race. Our new trails are nothing short of amazing. Challenges and sceneries lay ahead of you doing this iconic mountain bike race. You will not be disappointed.

Our bike race is a community fundraiser. We love to have you come and take part, either do the race, help prepare for the award dinner or donate door prizes for the participants.

We pride ourselves providing a home-cooked local ingredient filled dinner. The door prizes also are local fare. Be it jams, jellies, pickles or garden

produce. The local aspect or flavor is a signature of the race. This year the meal is included with the race.

A children's race will be held for the wee little ones.

Come for the fun, come for the camaraderie, come volunteer, come cheer on the racers!

It will make you feel great!

Fire Prevention Week - Sunday, October 8 - Saturday, October 14, 2023

Cooking Safety Starts with YOU

Pay attention to fire prevention™," works to educate everyone about simple but important actions they can take to keep themselves and those around them safe when cooking.

Cooking brings family and friends together, provides an outlet for creativity and can be relaxing. But did you know that cooking fires are the number one cause of home fires and home injuries? By following a few safety tips you can prevent these fires.

"COOK WITH CAUTION"

- Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop.
- Stay in the kitchen while you are frying, boiling, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove.
- If you are simmering, baking, or roasting food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you are cooking.
- Keep anything that can catch fire — oven mitts, wooden utensils, food packaging, towels or curtains — away from your stovetop.

If you have a small (grease) cooking fire and decide to fight the fire...

- On the stovetop, smother the flames by sliding a lid over the pan and turning off the burner. Leave the pan covered until it is completely cooled.
- For an oven fire, turn off the heat and keep the door closed.

If you have any doubt about fighting a small fire...

- Just get out! When you leave, close the door behind you to help contain the fire.
- Call 9-1-1 or the local emergency number from outside the home.

**Cooking and Kids**

Have a "kid-free zone" of at least 3 feet (1 metre) around the stove and areas where hot food or drink is prepared or carried.

FACTS

- ❗ The leading cause of fires in the kitchen is unattended cooking.
- ❗ Most cooking fires in the home involve the kitchen stove.

**KIDS in the KITCHEN**

DO YOU LIKE HELPING OUT IN THE KITCHEN and cooking up tasty snacks for your friends and family? Preparing yummy treats can be lots of fun, but it's important that kids who like to cook know how to be safe in the kitchen. These tips can help you figure out what you're old enough to do on your own—and when it's time to **ask an adult for help**.

Getting Started: Before you get cooking, you need to get a grown-up's permission. If you plan to use a recipe, look it over with a grown-up first to decide what you can do on your own and what you need help with. And once you get started, never be afraid to ask for help. Even the best chefs rely on their assistants to help them out in the kitchen.

Helping out is Fun: From mixing up cake batter to cutting shapes out of cookie dough, helping out a grownup in the kitchen can be lots of fun. So if you're not old enough yet to cook on your own, not to worry; being the chef's helper is the most important job in the kitchen.

Cooking for All Ages: All kids are different—and a grown-up should always decide what is safe for you to do in the kitchen—but here are some guidelines that you can use.

**Kids aged 3-5 can:**

- Get ingredients out of the refrigerator
- Measure and mix ingredients together in a bowl
- Pour liquids into a bowl
- Wash fruits and vegetables off under cold water
- Use a cookie cutter to cut shapes out of cookie dough or sandwiches
- Lick the cake batter off of a spoon (yum!)

**Kids aged 6-8 can:**

- Open packages
- Use a butter knife to spread frosting, cream cheese, peanut butter or soft cheese
- Peel vegetables
- Measure ingredients
- Stir ingredients in a bowl
- Set the table

**Kids aged 9-12 can:**

- Begin to follow a recipe
- Open cans
- Use electrical kitchen appliances, such as a microwave oven, when a grown-up is present
- Use a grater to shred cheese and vegetables
- Turn stove burners on and off and select oven temperature when a grown-up is present
- Help plan the meal
- Make a salad

**Kids aged 14+ can:**

- Operate the stove or oven without an adult present
- Heat food up in the microwave without an adult present
- Drain cooked pasta into a colander
- Take a tray of food out of the oven

PETE SAUNDERS, MAYOR OF THE COMMUNITY OF THREE RIVERS, RECEIVING THE MUNICIPALITY PLAQUE FOR SUPPORTING THE FRIENDS OF THE JORDAN LIFE CARE GOLF TOURNAMENT

THE LONESOME PUPPY

One day a little boy named Jackie was given a new puppy. The puppy was a toy fox terrier, it was very tiny and would fit into the palm of Jackie's daddy's hand. Jackie calls him "Teenie."

Teenie was fine during the day, but he kept the whole family awake at night crying and whining. Jackie would get up and pet him, and Teenie would be quiet for a while, but the minute

Jackie would leave him he would begin to cry and whimper.

Then Jackie's sister Jane stayed with Teenie. He fell a sleep, so Jane went back to bed. Teenie woke up again, whining louder than ever.

"Something will have to be done," said Jane. "The puppy does not sleep and neither do we."

"I will ask the man at the pet shop what to do with Teeny at night," said Jackie. So he went to the pet shop and asked the man what he could do with Teenie at night. The man at the pet shop asked Jackie, "Do you have an alarm clock?" "Why, yes," said Jackie, with a wondering look on his face. "I think your puppy is lonesome. Put the clock in his bed. The ticking will keep him company."

Jackie thought that was a funny thing to do, but he tried it. Teenie slept all night without making a sound, and finally every one else slept as well.

Comedy at Large

by Laurie Blanchard Salisbury, NB

Let's talk mixed messages - In an automotive journal, in the classifieds was this ad...1952 Pontiac 4 door sedan 6 cyl standard in original condition. Has new tires, brakes and exhaust. 29 000 miles. Driven daily. Has been in storage many years. Asking \$10 500." I was so tempted to call and comment... so, it's a daily driver but it's been stored away for a long time? Which one is it? If it's a daily driver, does that include in the winter time? Just wondering. I'll bet my last shock absorber that the telephone would have hung up!

Here's a story of a man who had a small engine repair shop. This guy had a collection of a couple of dozen old yard sticks (in todays language meter sticks) so one day he decided to have fun with them. He hung them up on the clothes line at his house and put large price tags on each one, then waited for the first sucker to inquire about why they were hanging there. Sure enough, a short while later, a customer came to drop off a lawn mower that needed work. He pointed to the clothes line and asked the mechanic ...so what's with all the yard sticks on the clothes line, if you don't mind me asking? Came the reply...would you like to buy any of them? Today, we're having an..err... Y A R D S A L E! The customer groaned and said... hook-line-sinker and I took the bait! OUCH!

"Our People Make a Difference"

Petitcodiac Area Garden Club

Hello Gardening Friends! It has been an interesting summer for gardeners, with many of us still holding out for a couple of more weeks for good weather as we head into Fall and wrap up our harvest for this year. The raised beds at the Community Garden have thrived this year, with a bountiful harvest. Harvesting of the ground level produce is underway and although not a record-breaking year, we are happy to have some produce to share within the community. As a reminder, there are two raised beds near the Orchard that have a variety of vegetables that are free for the picking.

September was very busy with the vision for the Holmes Brook Observation Deck and Nature Park coming to life. The site is dedicated to the hopes, dreams, and vision of Gerald A.W. (Jerry) Gogan. His wish was to see this area reach its full potential, providing a natural space that preserves and protects the gifts of nature for the enjoyment of everyone of the entire community.

This project has been made possible with a \$10,000 Community Innovation Grant from New Horizon Health, in-kind donations from local organizations and businesses, private sponsors, along with the work of many volunteers. As part of this project, the accessible Orchard Pathway was extended an additional 300 feet and leads to the 10'x10' Holmes Brook Observation Deck. The adjacent Natural

Park includes wooden play structures including a boat, a tractor, outdoor play car track, and areas to climb or practice your balance. Children of all ages can have a game of Hopscotch, Tic-Tac-Toe, or find or share something to read in the Outdoor Lending Library. Signage at the site will include the history of the area, a dedication to Gerald Gogan, and a list of sponsors. As the Grand Opening took place after the publication deadline, look for an update and photos of the event next month.

The Garden Club also extends congratulations to the Maple Park Committee on the grand opening of Maple Park Disc Golf 9-Hole Course Grand Opening, also held on September 23. It is wonderful to see Maple Street Park continue to grow!

As the leaves begin to change and the heat of the summer gives way to cool Fall days and visits from Jack Frost, we will be completing the harvesting of vegetables, packing away the hoes and hoses, and getting our gardens ready to rest for the winter. We wish everyone a very Happy Thanksgiving and thank you for your ongoing support.

For more photos of our activities, please check out the Petitcodiac & Area Garden Club. To join our team of volunteers, call Cathy Drury 756-2068 or Karen Hall-Middleton 756-8224.

Yours in Gardening, Petitcodiac & Area Garden Club

Mike Stevens Memorial Event Rescheduled

Management of Petty International Raceway announced the 2023 Mike Stevens Memorial event was postponed, and was rescheduled to Thanksgiving weekend, October 6th, 7th, and 8th, 2023.

Due to impact from Hurricane Lee that hit Atlantic Canada and persisted through the September 16th weekend, Petty International Raceway made the tough decision to postpone the entire 10th Annual Mike Stevens Memorial race.

The Mike Stevens Memorial event will be run Friday October 6th, Saturday October 7th, and Sunday October 8th. This allows conflicts to be avoided with upcoming Maritime Pro Stock Tour and Super Late Model Series championship events.

Classes and Format

Classes being run each day will change compared to the original schedule. Details are being ironed out as to which classes are which day(s), but the main event each day will be:

- Friday October 6th - Street Stock
- Saturday October 7th - Sportsman
- Sunday October 8th - MSM Super Late Model 254

Friday will be an evening race, with Saturday and Sunday being afternoon events.

Stay tuned for any updated format with start times and itineraries for each day as well as which classes will be competing on our facebook page.

Camping

All reserved camping sites will remain the same. If you have reserved a site but are now unable to attend due to the schedule change, please get in contact with us via email at registration@pettyraceway.com.

Next Event

With the Mike Stevens Memorial now wrapping up the summer portion of the season, September 30th will be a big event here at Petty International Raceway with the season finale for the Super Late Model Series, complete with a full card of racing action.

Stay up to Date

As always, be sure to follow Petty International Raceway on Facebook for the most up to date information on all events.

We will have more updates in the coming days. We appreciate everyone's patience and understanding and we will work to effectively communicate relevant information in the days to come.

In the meantime, stay safe and we'll see you all soon here at Petty, with hopefully sunny skies!

Canadian Thanksgiving Day

The Second Monday in October marks Canadian Thanksgiving Day.

This year, Canada celebrates their Thanksgiving Day on Monday, October 9, 2023.

While an American Thanksgiving is always firmly scheduled on the last Thursday of November, Canadians are free to choose any day (or opt to feast for all three days!) over a long and leisurely three-day Thanksgiving weekend in October.

The Canadian holiday expresses the same heartfelt gratitude for life's abundance, and is celebrated with close friends and family.

The roots of the festivities go back to early Thanksgiving feasts that the first English settlers enjoyed with Indian tribes. Today, it also might take a bit from French, British, and other more modern food feasts.

Like the American tradition, the horn of plenty - the cornucopia - also symbolizes the abundance that Canadians enjoy from farms and fields from coast to coast.

Tourists should note that while traveling in Canada, the day is a federal holiday with most banks and post offices closed on Monday. Call ahead to check opening hours of shops and restaurants, although many will remain open, especially near major tourist areas.

As long as you're in Canada, why not take an opportunity to share a Thanksgiving feast with a Canadian family? It's one of the country's most beloved traditions. And, especially if you're an American, you can claim to have celebrated TWO Thanksgiving Days this year!

OBITUARIES

Dorothy Fanjoy
1944-2023

Dorothy Margaret Fanjoy of Salisbury passed away peacefully surrounded by loved ones at the Moncton Hospital Tuesday August 22nd, 2023. She was one of eight children, pre-deceased by her parents Clarence and Dorothy Gogan, siblings Gary, James (Jimmy) and infant niece, Lana, in-laws, Lesley Wilkins and Garnet Steeves. She was born at the Saint John Hospital.

Dorothy worked as a PSW for the Jordan Memorial and Spencer Memorial Homes; later turning her experience into a personal care business that provided assisted living services to those with need, and before retiring provided in-home assisted living services for clients of Moncton Community Residences.

Dorothy loved her family, loved a good game of cards and hated to lose. She was an avid baker and lover of all things Christmas. To her sons, she was a task master when she had to be, a teacher when she got the opportunity, a co-conspirator as often as possible, a shield against injustice, and a vigilante protector when all else failed. She was a rock to hang onto, a stern hand to guilt you straight, and a fool proof example

to grow up independent and strong. A constant source of unconditional love and support that never wavered. To her friends and siblings, a mirror of truth and source of sage advice. To her grandchildren, the owner of a sugar factory where all the goodies came with expectations and a ton of love.

Dorothy enjoyed a good meal out at her favorite restaurants, her favourite way to spend time with loved ones and friends. She enjoyed travelling and going for a drive in the middle of a snow-storm. She loved a good secret (even though keeping them seemed impossible) and a good book. She was one of a kind, a great friend, a mother most can only wish for and she will be missed.

Dorothy is survived and sadly missed by her sons: Anthony (Susan) Reeder, Christopher (Blaine) Reeder, Mike (Hubert) Reeder, Tom Reeder and David Fanjoy Jr; her brothers: Allan, Dave and Danny Gogan; her sisters, Rhea Wilkins and Donna Steeves; her grandchildren: Christopher Reeder, Michael Reeder Jr (Ashley), Kathryn Spears (Josh), Ryan Reeder, Terra Reeder, Whitney Reeder, Dustin Reeder, Samantha Reeder (Amin), Chelsea Reeder (Kevin), Scott Reeder (Mikeala), Matthew Boucher, Emily Boucher and her 12 great grandchildren.

Arrangements were entrusted to the care of Salisbury Funeral Home, 506-372-4800 from where visitation was held on Friday, August 25th from 6:00pm - 8:00pm. A Funeral celebrating Dorothy's life was held on Saturday, August 26th at 11:00am with the Interment to follow at Fair Haven Memorial Gardens.

If desired, donations made to the Diabetes Association would be appreciated by the family. Online condolences and donations may be made at www.keirsteads.ca

End of the world

After the recent passing of a few people in my life and in the life of my community, I thought it may be good to look at "The end of the world".

You don't need to go far to hear people talk about the "End of the world" being near. What we don't like to talk about is how near each of us could be to our own "End of the world".

We are encouraged to plan for the future, and that is wise. But what about the journey getting there? Wouldn't it be wise to see that the journey and the future are pointed in the same direction.

Paul told the church in Ephesus: "Be very careful, then, how you live—not as unwise but as wise, making the most of every opportunity, because the days are evil. Therefore do not be foolish, but understand what the Lord's will is. Do not get drunk on wine, which leads to debauchery. Instead, be filled with the Spirit, speaking to one another

with psalms, hymns, and songs from the Spirit. Sing and make music from your heart to the Lord, always giving thanks to God the Father for everything, in the name of our Lord Jesus Christ. (Ephesians 5:15-20)

God has given us much to enjoy in day to day living, from the smell of flowers, the taste of food, the companionship of others, even the enjoyment of things. We should learn to enjoy those things that lie on the pathway to the future, giving thanks to God for each thing that brings a smile to our face.

It is good to plan for the future, but it is also good to make sure that the pathway to that future is lived well.

Our future may be much closer than we think.

The Plum Tree
by Gloria Scribner

I planted a seed in the rich dark soil
It lay in the ground, but it knew no toil
I tended the plot by the old hedge row
I watered and wed and watched it grow

The sunlight filtered around me there
Without a worry, without a care
And before too long the plums turned blue
There were some for me and some for you

I covered it up at hint of frost
And kept away weeds at any cost
The sun shone down and the rains fell too
Each dawn my tree was kissed with dew

And some for the folks who lived next door
I guess that's what a plum tree's for
But the best part stands on the pantry shelf
It's the bottles of jelly I made myself

The months and years flew right along
Its branches swayed to the robins song
Before I know how it came to be
I was sitting under a shady tree

But I saved the pit with the seed you know
And planted it deep by the old hedge row
A sprig of green on a summer morn
One more plum tree's just been born

Lee a Reminder of Importance of Storm Preparedness

Hurricane Lee may have spared the Salisbury region for the most part, but for all of us it was an exercise in storm preparedness.

Fall may bring massive offshore storms to be wary of, but Winter is known for its blizzards and general nastiness, which can also wreak havoc with power lines.
The question is, are you ready?

Are you ready?

A Number of Ways to Report Criminal Activity

If you see crime happening in your area, or wish to report that criminal activity has taken place, there are a few different approaches to take:

(1) If an incident is still in progress or is an emergency, please call 911.

(2) There is also the daytime non-emergency phone number for Southeast District RCMP Caledonia Regional Detachment, which is located at the corner of Pine Glen and Whitepine in Riverview: 506-387-2222.

(3) There is also the Online Crime Reporting (OCR) website (<https://ocre-sielc.rcmp-grc.gc.ca/en>) that was introduced in recent years.

Types of crime that can be reported using this online tool are mischief/damage to property under \$5,000, theft under \$5,000 (including theft of a bicycle and theft from a vehicle under \$5,000), and lost property.

This tool can take the place of having to phone the province-wide RCMP non-emergency line (1-888-506-RCMP) or visiting a detachment such as Caledonia.

At the end of filing a report using OCR, you will receive an e-mail confirmation with an incident number and a report, which can be used for insurance purposes.

(4) Another option is the New Brunswick Department of Justice and Public Safety's Safer Communities and Neighbourhoods (SCAN) Investigative Unit.

SCAN works closely with policing services such as the RCMP to remove the criminal element from communities.

The difference is: with the SCAN Act not being criminal legislation, this is a civil law approach through Court of King's Bench in which property owners and occupants are held responsible for criminal activity such as prostitution, drugs, illegal liquor, illegal gaming, illegal firearms and organized crime, including fortified houses.

Another difference under the SCAN Act as opposed to a criminal investigation is that the complaint remains confidential and it is the SCAN officer, not the complainant, who appears in court.

SCAN is a community-driven program in that it takes complaints directly from public complainants who are affected in cases where safety is an issue.

The goal of SCAN is to make an area feel safe again through both non-judicial and judicial actions.

SCAN can be reached by phone at 1-877-826-2122, by email at SCAN@gnb.ca, or online at www.gnb.ca/publicsafety.
